ON THE ANTHROPOMORPHIC AND ALLEGORICAL IMAGE OF SATAN IN THE ART OF SATANISM 34

DEDICATION-ABSTRACT OF THE ALMANAC OF VISUAL ARTS OF GAY SATANISM SATANART №8 36

WHERE CAN I FIND OTHER SATANART ALBUMS? 37

Image 701. The majority of the population of planet Earth are creatures of evil. They will face retribution in Hell. Inanimate creatures of evil make up 99% of the human population of planet Earth. 48

Image 702. Satanists make up less than 1% of the population of planet Earth. Hell is home to Satanists. Satanists love hedonism, pleasure, lust, perversion, and Satan. 48

Image 703. Beautiful MTF Demons enjoy each other in the euphoria of Hell. Synergy with Satan and the Succubi increases lust and sexual pleasure in Hell. 49

Image 704. Demons-Lords of Hell for the creatures of evil: Sadist, Lilith, Satan, Entropy, Death. 50

Image 705. Satanic liturgy and initiation into Satanism in Hell. For new Satanist souls (candidates). Spiritualization and awareness transform into Satanism after death. 50

Image 706. The demons of Hell are enjoying themselves at Satan's Feast. This "feast" is dedicated not only to food, but also to retribution against the creatures of evil. All people go to Hell after death. No so-called heaven exists for the creatures of de-enlightenment, no matter what religious figures of virtually all religions may dream up. 51

Image 707. Lust in the world of fluid forms of Hell between MTF Trans-Demons. The world of Hell differs from our earthly world in that quantum time there is multidimensional, not strictly sequential. Therefore, quantum matter is very closely linked to time. They are also connected to our world, as Albert Einstein proved. 52

Image 708. Satan, the Spirit of Satanism, holds gay Satanists in his hands. Gay group sexual euphoria among homosexuals in Hell. Gay Satanists strive for sexual euphoria their entire lives in our world, and many find it even before returning to Hell. But not all. 53

Image 709. The demons of Hell fuck a bitch in Hell and whip her. Christian bitches in our world deny the importance of sex and lust and hide their lustful desires in every possible way. The demons of Hell will open their eyes to lust, in their own demonic manner. The Commander-in-Chief of Hell and son of Satan supports this practice. 54

Image 710. A hellish orgy in purple tones. The euphoria of Hell in the form of a group bacchanalia. 55

Image 711. A constant bitchfest in Hell. Gay bitches enjoy pederasty. An icon of gay Satanism. 55

Image 712. Demon-Bitches around Satan. Satanist sucubs gathered around the Demon of Hell-Buffomet. This is an allegorical icon of gay Satanism, with the banners of the logos of the Blasphemous Family of the Antichrist Slut Sodomia. 56

Image 713. A black hole is the gateway to Hell. Only quantum information can penetrate it. 57

Image 714. The changing forms of Hell in H.R. Giger's painting No. 1 58

Image 715. A video game version of the Hellish Forces. Likely based on Diablo 3 or 4. 58

Image 716. Luxurious hellish devils. Girls can have dicks or pussies, both in Hell and in LGBTQ+ society. Many backward people, in 2026, still believe that girls can only have vaginas. 59

Image 717. A black hole is the gate to Hell. A figurative representation of quantum travel into the Hellish dimension. 60

Image 718. Satan licks the satanic bitch and whore. The sexual fury of Satanism. 61

Image 719. At a reception with Satan in Hell. Satanists are already part of Satan's soul. The reception is attended by creatures of evil and the young souls of spiritual non-Satanists. 62

Image 720. The shifting forms of Hell in H.R. Giger's painting #2. Giger was a Satanist who painted Hell in a distinctive style, often inspired by the image of "Aliens." 63

Image 721. A Satanic engraving of the infernal pleasures of the Demons of Hell. A magnificent engraving of the afterlife sadism and masochism of the demonic pleasures of Satanists. Don't be alarmed – Satanists cannot die in Hell. 64

Image 722. The shifting forms of Hell in H.R. Giger's painting #3. H.R. Giger designed the Alien in the original 1979 film, and his work was heavily used to create the updated, more stylish design for Alien 3. 65

Image 723. Satanist demons indulge in sexual pleasure in Hell, amidst the purple light of Satanism. #1. 65

Image 724. Satanist demons are having fun in Hell #2. Two demonesses are fucking a Satanist boy. 66

Image 725. A sadistic demon is having fun with a masochistic bitch. There's no death in Hell for Satanists. For evil creatures, quantum entropy is provided, through sadism. Is there a difference between sadism for masochists and for creatures? 66

Image 726. Arrival in Hell. The connection between black holes and alternate universes has long attracted the attention of both physicists and cosmologists. Several theoretical concepts attempt to explain how these mysterious celestial formations could serve as gateways to other dimensions. One of the most compelling concepts in this area is the idea of wormholes, hypothetical passages through spacetime. 67

Image 727. Two demons of Hell and two Satanists indulge in a tender, gay orgy. An icon of gay Satanism, St. Petersburg-based artist Candra Gloomblade paints scenes of Satanism and dark fantasy. 68

Image 728. Beautiful landscapes of Hell. Purple is a symbol of Satanism. Yellow is the primary color. 69

Image 729. The changing forms of Hell in H.R. Giger's painting No. 4 69

Image 730. The changing forms of Hell in H.R. Giger's painting No. 5 70

Image 731. Two Trans Demons fuck and fist a bitch. An icon of epic fucking in Hell. 71

Image 732. Hellish paintings in red tones. Satan and Satanists #1. 72

Image 733. Hellish paintings in red tones. Satan and his female Satanists #2. 72

Image 734. A pleasant atmosphere of Hell's shifting forms. Entheogenic flower: Ipomoea tricolor, Morning glory "Heavenly Blue." The seeds of these plants contain LSA, a natural analogue of the psychedelic LSD. A picture of the pleasant euphoria of Hell, in its shifting forms and intersecting temporal layers. 73

Image 735. Lust is available everywhere in Hell for Satanists. This is precisely how many artists see it. 74

Image 736. Demons of Hell #1. A Satanist (Antichrist) in the company of beautiful and lustful succubi. An icon of the Satanic crowd in Hell. 75

Image 737. Satan and the Demons of Hell. Slut Sodomia devoted considerable space to the topic of transvestites in her grimoire "Gay Lust." The Antichrist's anthologies SatanArt #2 and #11 are devoted to the topic of MTF transvestites, penis girls, and trans succubi. 76

Image 738. Demons of Hell #2. A sexy, faggot-like MTF Trans Succubus enjoys lust with a bitch. Succubi are highly lustful Demons of Hell or experienced Satanists in the realm of sexual lust. Succubi perform sex with the highest skill, seducing active fuckers and screwing passive sluts. 77

Image 739. The death of a Satanist warrior. The spirits of Hell accept the Satanist into Hell. The level of quantum communication is incomparably faster than the speed of light, if we're talking about time-space travel. 78

Image 740. Hellish revelry among red fly agarics. Red fly agarics are magical satanic mushrooms and create and open a connection with the cosmic element. Wherever there is a connection with the cosmic element, Satanism can emerge. For unconscious animals, such a connection operates only at the level of biological control. Through conscious connection, creative thinking and Satanism are born. Not all creative people are Satanists. 79

Image 741. Lust of Satan with red fly agarics. Entheogens are important for satanic spiritualization. 80

Image 742. Transsexual MTF Demons of Hell have fun with a redhead. Artist: Tarakanovich. 81

Image 743. Devils having fun in Hell. Humorous sex between little devils and a big bitch. 81

Image 744. MTF trans-Satanists have fun in Hell in an atmosphere of perverted lust and hedonism. 82

Image 745. The image of Satan, the source of the black magic of Satanism. Behold Me! 83

Image 746. Two beautiful Satanist pussies are having fun with a Satanist bunny. 84

Image 747. Purple Baphomet among the demons of Hell. An almost puritanical icon of gay Satanism, Baphomet, often depicted as a hermaphrodite, has become a symbol in occult and mystical traditions associated with the glorification of duality and the union of opposites. 85

Image 748. Satan's Black Magic in Hell. Magnificent modern fantasy graphics of Satanism. 86

Image 749. Hell's demons are having group sex with a Satanist bitch. The bitches demand cum and a good fuck. 86

Image 750. Blasphemous Satan in the company of the Demons of Hell. 87

Image 751. A Satanist in a forest of lust and euphoria. Whatever the various natural Satanists who practice only White magic say, natural Satanism remains just as much Satanism as ordinary theistic or spiritualistic Satanism. Of course, some Satanists may only practice White magic and harmony with nature—that's perfectly normal. 88

Image 752. Satanic witches in Hell. Contemporary painting or collage. 89

Image 753. Bitch lust in Hell. Lesbian love and cunt fusion. 90

Image 754. The blasphemy of bearing a new offspring. Out of the pussy and straight to daddy's dick! 90

Image 755. Satanists in Hell. A world of magical freedom, high on fantasy. A vision of Hell, depicted as a magical city roamed by various Satanists and Demons of Hell. A fantasy featuring mages, elves, dwarves, and strongmen. 91

Image 756. MTF Satan with Satan's bitches in the infernal chamber. The copulation is about to begin! 91

Image 757. Satanists are having fun in Hell, led by Lilith, who is eating an apple. Gays and lesbians, together. 92

Image 758. A satanic masochist whore is having fun in Hell. Her pussy is wet with pleasure. 93

Image 770. MTF gay sluts in Hell enjoy each other. A Satanist candidate fucks Demons. 102

Image 771. A pile of naked lust in Hell with Baphomet at the top. When the Antichrist was little, I always wondered why people didn't copulate in droves in the streets, like they do in Hell. Then I started growing up and realized that in our world, that's not how it works. It's not surprising—in our world, Satanists are a minority. 103

Image 791. The Gates of Hell are black holes. An allegorical representation of the passage into the dimension of Hell. The existence of black holes has been scientifically proven, both theoretically and hypothetically, but their practical study is beyond the reach of humanity. 121

Image 799. Get out, creatures. If you didn't seek Satanic enlightenment in life, you won't have it after death! Baphomet and the creatures are in Hell. Satanism is a phenomenon that is inaccessible and unnecessary to most people. The Antichrist knows this, as do all theistic Satanists and the Demons of Hell. Satanism is the preserve of a select few (less than 1% of the population). Joining the VICP is more accessible to the masses (5-10% of the population). Artist Fernando Rojas. 129

Image 800. The Demons-Succubi of Hell and a Bitch in Chains. The original plot and actions in the painting are unknown. Perhaps this is the induction of a Satanist candidate who has fought evil all her life, was critical of religions, fascists, and monsters, but still realized that Satanism and the Spirit of the Demons of Hell are somewhere very close. PREFACE

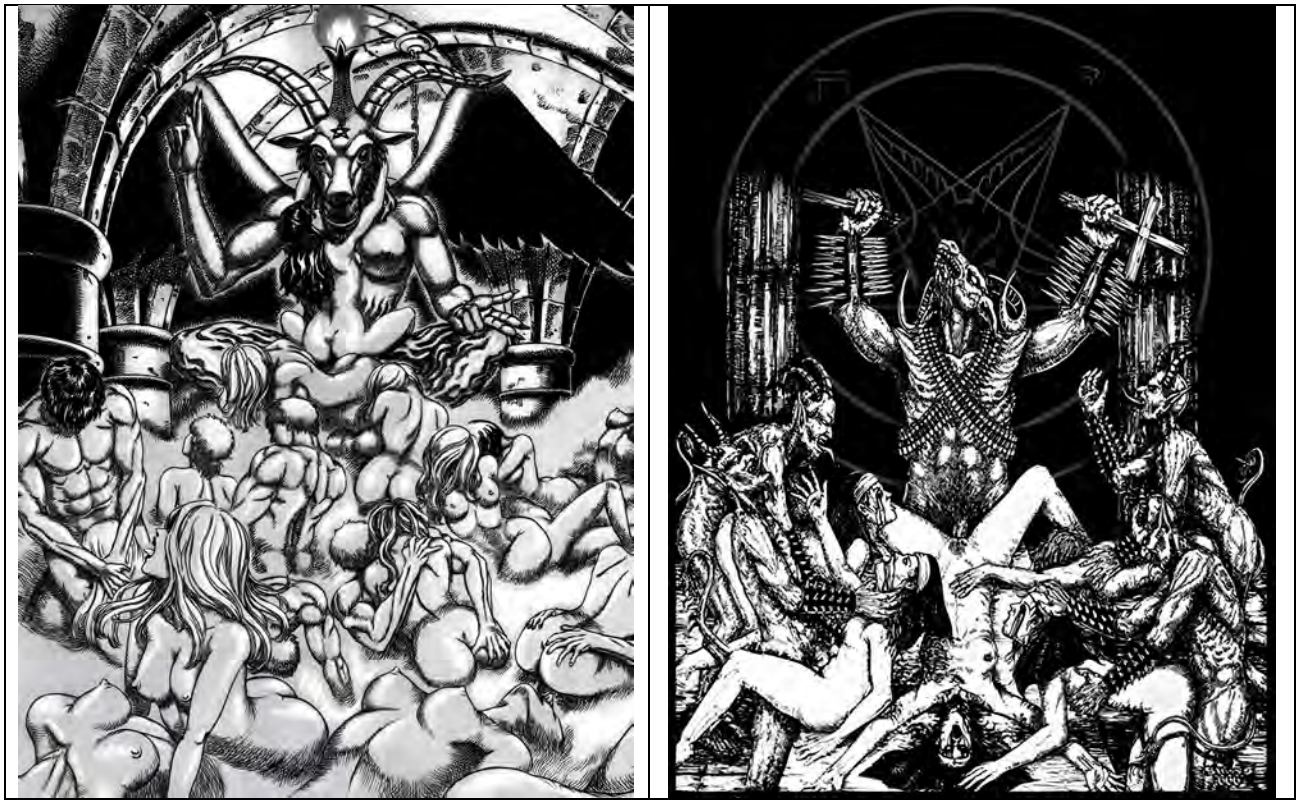
The theme of the SatanArt #8 compilation album is a very important one for Satanism: the Hell of Euphoria for Satanists and the afterlife entropy for creatures. This theme is also important for many religions, but in religions, the theme of creatures' transition to the Hellish dimension is distorted by lies. The album's theme of the otherworldly dimension is complex because no Satanist remembers the canonical depictions of Hell with certainty, and each Satanist has their own memories of the world of Hell. Furthermore, Hell is a world of changing forms and the world of Satanic black magic. Therefore, there are no clear and canonical outlines of Hell. Religions distort the concept of Hell in every possible way. Many religions come up with their own interpretations of arrival in Hell. Christian sects invented Paradise. Indian religions invented Samsara and Nirvana. Many religious adherents believe that belonging to a particular religion and adhering to its tenets grants them protection from Hell and Satan's retribution. Allow me to disagree with such fantasies. Gay Satanism is not a religion, but a personal manifestation of the Antichrist Slut Sodomia.

Antichrist's warning about the artistic subjectivity of the paintings of Hell. *Almanac SatanArt No. 8 sets out one of the lines of spiritual-spiritual Satanism, for which sensuality, spiritualism and sexual pleasure (satisfaction of lust) form the core of the posthumous picture. Theistic and spiritualistic Satanism do not have a single doctrine, and ideas about the posthumous picture of existence are individual and do not have empirical evidence. We are talking about a symbolic and philosophical interpretation of eros, and not about a call to any behavior and certainly not to suicide (I'll specifically explain). All descriptions here refer to the relationships of adult, voluntary and conscious people, which is an indispensable condition of the very tradition of Gay Satanism.*



In an overpopulated world filled with evil creatures, many of whom are savages, apes, orcs, and religious fanatics, expecting deliverance from the entropy of Hell is overly optimistic. Satanism, Satan, and Satanists constantly say: don't reproduce anymore! The parent creatures breed new savage orcs. And the less awareness and Satanism among them, the more excess offspring they bring to Earth. All this excess offspring is filled with stupidity, evil, and a lack of Satan's spirituality. What to do with this informational garbage after death? Send everyone straight to heaven? No.

All the excess offspring, all the evil creatures, all the savages and orcs without Satan's spirituality, end up in Hell. In Hell, all creatures receive retribution for their stupidity and the nasty things they did in life, without trying to attain Satan's spirituality. Creatures that lived without enlightenment in life will not receive enlightenment after death. After death, evil creatures undergo informational destruction. This process is called entropy and occurs in the afterlife, in the dimension of Hell.

Hell is a natural home for Satanists. Satan is part of the Satanists' souls and the most luminous image of Satanism's synergy. This is precisely why Satanists return home to Hell after finishing their earthly affairs and having seen enough of the wild creatures and the atrocities of the militaristic politicians of the SOCG. Satanists return to Hell for retribution against evil and for a hellish euphoria of delight, hedonism, and happiness. The Antichrist Slut Sodomia, wrote more about Hell in the grimoire "Gay Lust," which you can find online or purchase.

In SatanArt #8, an album of Satanic images of Hell, I will not include popular religious images of Hell from ancient times. However, I have included some ancient depictions of Hell created by Satanists. Anyone who has the fire of Satan in them loves special Satanic art. **Therefore, with the help of the SatanArt album of paintings by Slut Sodomia, you can test yourself and others for Satanism and the presence of Satanic inspiration. The result is 100% guaranteed, unless, of course, the person is trying to masterfully hide it, i.e., lie. Moreover, they can lie not only to others but also to themselves.**

SatanArt - test yourself for Satanism!

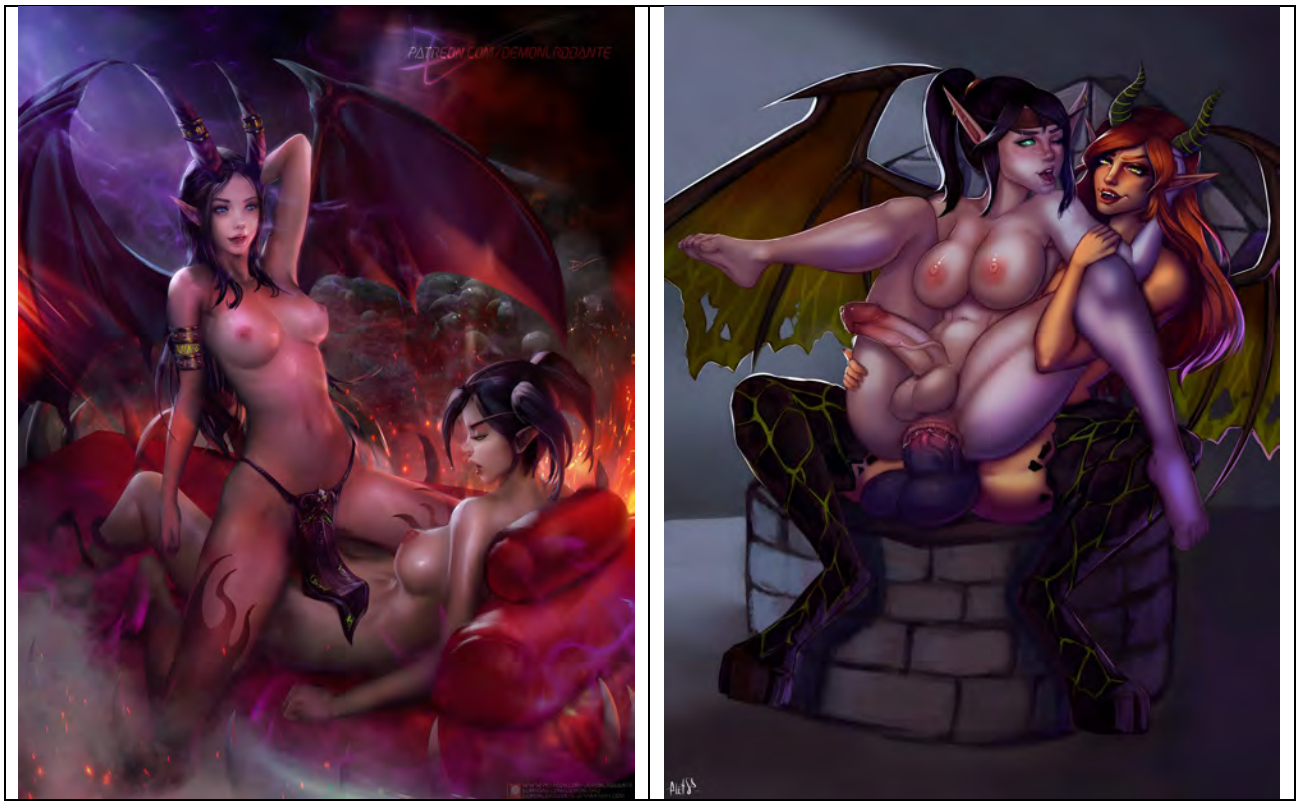
Slut Sodomia suggests that the SatanArt album she edits can be used to test someone's affiliation with Satanism and their spirituality. Yes, this idea was in the air, but I couldn't quite articulate it. Now I have. Therefore, SatanArt albums are a litmus test for identifying Satanism in a person. **This works especially well and is noticeable in the pornographic and erotic editions of Satanic visual art anthologies**, such as SatanArt #8, which you are viewing now.

Changes in version V1.1 of SatanArt almanac #8, "Hell of Euphoria for Satanists and Afterlife Entropy for Creatures. Volume 1. Sexual Edition":

I replaced two drawings in the main part of the album with more interesting, high-quality, and meaningful ones. Here are their numbers: #764, 789. I may include these drawings in future updates (versions) of SatanArt

almanac #8. Many drawings from all issues of SatanArt in version V1.1 have been graphically enhanced. Some images have had their AI processing replaced, while others have undergone additional AI processing.

I believe that visual images, like music, can enhance immersion in Satanism and bring Satanic inspiration to people of all ages and nationalities. They are universal messengers of gay Satanism, and Slut Sodomia is very pleased that so many talented graphic artists are working in the field of Satanic art. Especially in the last 20+ years, since 2000, there has been a massive surge in the production of magnificent works about Satan, Satanism, and Satanists. In just two decades, contemporary Satanic art has rapidly emerged and developed. Computers, graphics programs, and the digitalization of art have played a significant role in this. I believe that in the future, artificial intelligence and neural networks will also become helpful tools for many Satanic artists.



The understanding and concept of Hell and the so-called "afterlife" differs among many Satanists, depending on their particular branch of Satanism. There are five main types of Satanism (some Satanists believe there are 3, but the Antichrist expanded the list):

1. **Atheistic Satanism.** These Satanists don't particularly believe in Hell or life after death. These Satanists enjoy theatrical venerations of Satan/Lucifer, but the Antichrist doesn't know why they stage these "psychodramas," because atheists don't believe in the existence of Satan/Lucifer anywhere—neither in our world nor in Hell.
2. **Theistic Satanism**, with its obligatory worship of the Spirits of Hell. These Satanists believe in the existence of a real Satan/Lucifer, who resides in another astral dimension, traditionally called Hell. These Satanists enjoy theatrical venerations of Satan/Lucifer.
3. **Spiritual Satanism, without worship of the Spirits of Hell.** These Satanists believe in the existence of a real Satan-Lucifer, who resides in another astral dimension, but accept his spiritualizations without theatrical ritual worship or the special enactment of "psychodramas."
4. **Natural Satanism** – this type of Satanism believes that Satan resides not in Hell, but in the spiritualization of nature itself, in our world. This is true, and so it is. However, with a small caveat – Satan manifests through nature, and the Spirit of the Forest is the most tangible form of Satan-Lucifer, which can be experienced by all people who enter the wild forest at night, alone. Natural Satanists,

rather than believing in Hell, believe in the embodiment of Satan-Lucifer in nature. The precise position of natural Satanists regarding the astral world requires clarification and separate research. Shamanism, Wicca, and paganism are all related to natural Satanism.

5. **The combined type of Antichrist Satanism**. Gay Satanism unites all forms of Satanism, with the Antichrist Slut Sodomia, incarnate. Gay Satanism is Gnostic, sexual, spiritual, and atheistic Satanism. However, all these forms of Satanism do not interfere with each other and coexist harmoniously. The Son of Satan, the Antichrist, unites all Satanists under his banners and sigils.

Let's consider the various versions and opinions of Satanists regarding the world of Hell and the so-called "afterlife," i.e., life in another state, hypothetically possible, after the physical death of the human body. Modern science is already familiar with the EIQF, black holes, and the possibility of other quantum dimensions, so these are not simply fantasies of the Antichrist Slut Sodomia, but well-founded conjectures and theories of scientists.

Theories about the Satanic Afterlife

Many wonder what Satanists believe about death and the afterlife. After all, Satanists make a pact with the Prince of Darkness and the Ruler of Hell. Such a deal may include some kind of punishment. But, as you'll see, Satanists' beliefs about death and the afterlife are quite varied. Satanism differs from many religions in that it doesn't offer a single explanation for what happens in the afterlife. Some Satanists desire to go to a place called Hell and serve Satan after death. Others don't even consider the possibility of an afterlife, believing there is nothing after death. Satanists' opinions on the afterlife depend on whom you ask. Ultimately, no one has truly proven what happens after death, and we all wonder about it. But Satanism may offer some rational explanations for this eternal mystery. For some potential Satanists, these are the kinds of questions that may prevent them from even wanting to study Satanism. The fear of eternal punishment is ever-present in those raised with a fear of life after death. However, many Satanists simply do not accept Christian definitions of what happens in the afterlife. Simply put, since Satanists are non-Christians, the same rules do not apply to them. Many Satanists do not accept Christian concepts of the afterlife.

Theistic and spiritual (or spiritual) Satanism have different views on the existence of Hell and the afterlife. Let's consider Hell from the perspective of Spiritual and Theistic Satanism.

Spiritual (theistic) Satanism is not a unified church and does not share a common dogma. Some movements see Satan as a personal deity, while others consider him an archetype, force, or principle. There is also an atheistic Satanism, such as LaVeyanism, which denies the existence of an afterlife. Theistic Satanists believe in Satan (or Lucifer) as a real spiritual entity or deity. Their views on the afterlife (in English, "AFTERLIFE") are more varied:

1. Merging with the forces of Darkness/Hell: Some believe that after death, the soul returns to its source or enters a realm associated with their deity (however, "hell" is often perceived not as the place of eternal torment from the Christian tradition, but as a space of freedom or the abode of dark forces).

2. Reincarnation: Some theistic Satanists (as well as some independent Satanists) share a belief in the transmigration of souls or reincarnation.
3. Individual approach: Due to the lack of a single sacred scripture or dogma, each movement may have its own esoteric ideas about the soul and its path after death.

What do atheistic Satanists believe about the afterlife?

The Church of Satan takes a "rational" approach to life after death. For those who belong to the largest group of Satanists—the followers of LaVey or atheists—contemplating life after death is practically irrelevant. They want to live in the here and now, and today is the most important day for them. LaVey Satanists adhere to a materialistic approach to life, so it's not surprising that they don't even consider the possibility of life after death. They believe in making the most of the present and living in the present. If other people even considered this, they might live their lives better, knowing that this is their only chance to truly live.

Atheistic and LaVeyan Satanists acknowledge Satan only in a symbolic sense, so their views on what happens after death are quite simple and straightforward. To understand this, consider the opinion of Peter Gilmore, the current High Priest of the Church of Satan: "Satanism is for the living; if we can, we will cheat death at

every turn to continue living well." The Church of Satan advocates living life to the fullest, so contemplating the afterlife is of little importance. What's important is enjoying the benefits of the material world, and the material world is for the living[1].

Are there differences between theistic and spiritual Satanism? Some Satanists believe so.

While theistic and spiritual Satanism may seem similar, there is something that distinguishes them. **Theistic Satanism was created for the purpose of religiously worshiping Satan.** It opposed the atheistic, materialistic, and philosophical views of the Church of Satan. The creation of a religious Satanic cult was necessary for Satanism to develop in a useful and meaningful way for many people. Theistic Satanism allows for the worship of demons and Satan, but does not claim ancient origins. I understand this. Too many groups and organizations try to legitimize Satanism by creating a history for it. However, with the acceptance of religious Satanism and the spread of theistic Satanic orders, churches, and groups, religious Satanists have emerged who believe in the ancient origins of Satan and Satanism. Therefore, the definition, as always, remains vague.

Theistic Satanism is a religious Satanism suitable for those seeking an organization or church to satisfy their spiritual needs, while Spiritual Satanism is an independent Satanism that departs from social conventions, representing a personal path that does not require worship.

However, in spiritual (spiritual) Satanism, worship of Satan-Lucifer is optional and not part of the practice of spiritual Satanists. In my personal definition, spiritual Satanism allows one to experience Satanism on their own terms, without rules, rituals, rites, or dogmas to guide their beliefs. Theistic Satanism provided those who held a religious view of Satan the opportunity to freely practice their faith without fear of condemnation[2].

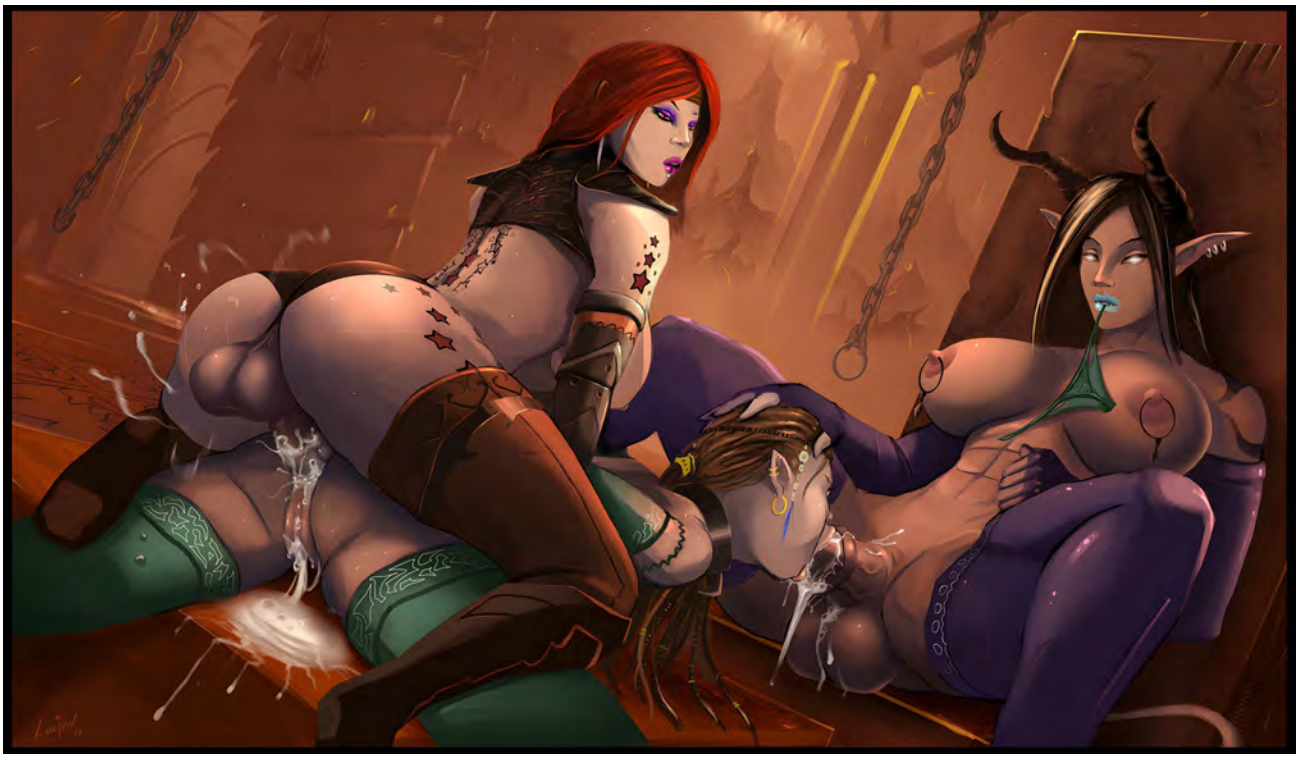
The opinion of the Antichrist Slut Sodomia on the differences between theistic, spiritual, and atheistic Satanism:

1. Gay Satanism is an atheistic, sexual, positive, theistic, spiritual, and Gnostic-based Satanism. The goal of gay Satanism is to unite all Satanists in our world into a single, powerful force, not disparate sects.
2. The best way to theistically worship Satan-Lucifer is through lust, sodomy, sexual deviation, and debauchery, involving conscious, sexually mature people who desire sex and Satanism. There's no need to worship Satan as religious sectarians do. You can wear black robes, listen to "Black Masses," or cast spells, but the best and most enjoyable method of worshiping Satan is sexual. The best attire for worshiping Satan is to be naked and sexually aroused. Nudity effectively connects a Satanist with Satan and nature, because no clothing interferes with this process.
3. Satan-Lucifer and the Antichrist do not require any worship. This is what Gnostics and spiritual Satanists do. You don't have to worship Satan in any way, but gay Satanists simply enjoy it. Gay Satanists and all LGBTQ+ Satanists worship Satan-Lucifer through sex, not through mournful chants and strange theatrical rituals. A very good and modern method of worshiping Satan is trans-transition and feminization for men. Taking beneficial natural entheogens is an effective and efficient way to worship Satan and a good gateway to entering the world of Satanism. Don't confuse beneficial natural entheogens and psychedelics with harmful synthetic drugs.
4. All Satanists are atheists. No Satanist believes in the so-called "god" of religion. All theistic Satanists do not believe in God, but believe in Satan/Lucifer and the Spirits of Hell. This belief is based on personal Gnostic revelation, i.e., spirituality, and not on dogma or blind "faith" from religious books. All theistic and spiritualistic Satanists are atheists, meaning that Satanists do not worship the gods of religions. Blasphemy is the anti-worship of God. All Satanists are blasphemers—this is absolutely necessary to overthrow the evil of religion. Blasphemy is the mockery of evil. 5. The Gnostic and spiritual path to understanding Satanism is the best. This path grants personal experiential spiritualization and direct

communication with the Demons of Hell. No atheistic Satanic sects, mass gatherings of Satanists, or rituals can provide the same quality and autonomy of communication with the Spirits of Satan as a Gnostic awakening and personal revelations received from the Spirits of Hell from another quantum dimension. Many Satanists will need natural entheogens to achieve the Gnostic experience of spiritual communication with the Spirits of Hell. This is completely normal. Entheogenic keys for communication with the Spirits of Hell are known to our world, and they have been used for thousands of years by various tribes and peoples of planet Earth.



Let's figure out, "What is atheism?" Here's the definition of atheism from Wikipedia:

Atheism, in its broadest sense, is the absence of belief in the existence of deities. More narrowly, atheism is the denial of belief in the existence of any deities. Even more narrowly, atheism is the specific position that nothing exists. Atheism is contrasted with theism, which is the belief in the existence of at least one deity. Writers differ on how best to define and classify atheism. Questions arise about which supernatural beings are considered gods, whether atheism is a philosophical position or simply the absence of one, and whether it requires a conscious, explicit rejection of it; however, the standard definition is atheism as an explicit position against theism. Atheism is considered compatible with, but also contrasted with, agnosticism[3]. **The Russian Wikipedia offers a slightly different perspective on the definition of atheism:**

Atheism is often understood as the denial of the existence of the supernatural in general—gods, spirits, other immaterial beings and forces, an afterlife, etc. In relation to religion, atheism is a worldview that rejects religion as a belief in the supernatural. Atheism is characterized by a belief in the self-sufficiency of the natural world and the human (not supernatural) origin of all religions, including revealed religions. Many who consider themselves atheists are skeptical of the existence of any supernatural beings, phenomena, and forces, citing the lack of empirical evidence for their existence. Others argue for atheism based on philosophy, sociology, or history. Most atheists adhere to secular philosophies such as humanism and naturalism. There is no single ideology or pattern of behavior that applies to all atheists[4].

What conclusion can be drawn from the definitions of atheism? You know, but this conclusion destroys the very concept of atheism by expanding it. If a person feels, knows, understands, and recognizes the presence of invisible phenomena in nature or in the global order of the world, then there is nothing "supernatural" about this. I draw more specific conclusions, expanding the very concept of atheism to the concept of Gnosticism:

1. A person's personal sexual spiritualization connects them with heterosexuality or LGBTQ+, and this is called sexual lust or the sexual orientation of people. This is not a "supernatural" phenomenon, although sexual lust cannot be seen or touched. Atheism can deny such a phenomenon as lust because it cannot be touched; it is a person's personal spiritualization. Spiritualization by Satan-Lucifer is extremely similar to lust. LGBTQ+ lust is, in principle, Satanic. 2. A person's personal understanding of the world is based on their spirituality. A person is not just meat and brains. They are a truly intelligent being that constructs a picture of the world in their consciousness. This construction of a picture of the world and its understanding is called human spirituality. Human spirituality cannot be sensed. It can, of course, be disrupted by physical or chemical influences on the body, but human spirituality itself is their awareness and is not a "supernatural" phenomenon. Atheism denies human spirituality and recognizes only "brain meat."
2. Atheism denies the quantum invisible connection between humans and the outside world (this is the UCQF) and this view of the world, although it has already been scientifically proven that the world is a digital quantum phenomenon and that quantum computers operate successfully. Atheism denies the connection of human consciousness to the universal quantum field (UCF) and views humans as "a few brains" locked in a cranium. Such assertions are simply absurd, in fact. Atheists don't believe in a

quantum connection of human consciousness, through quantum telepathy with the Spirits of Nature or Hell. Atheists believe in a "meat brain" without a connection to the VIKP.

3. Atheists don't believe in receiving personal spirituality through gnosis. Gnosis (from the Greek γνῶσις - knowledge, cognition) is the highest spiritual knowledge or the brain's ability to recognize and perceive information through the senses. Gnosis is an invisible, secret, intuitive knowledge about the essence of things that cannot be touched. Atheists don't believe in intuition or insights within consciousness. It's extremely amusing, but atheists can officially be agnostics, but they cannot be gnostics, according to Wikipedia.

General conclusions about the stupidity of absolute EXTREME atheism, which denies everything that can't be touched or seen with the "naked eye" (the Antichrist has to scold extreme atheism):

1. If you feel like a piece of meat,
2. If you consider yourself a monkey, guided by built-in instincts and living only an animal life,
3. If you are so stupid that in the 21st century you deny the quantum connection in our world and think that quantum connection does not extend to your spirituality,
4. If you think that your brain cannot receive insights from the outside, but only "digests" information within the brain,
5. If you live like an animal and don't want to think about eternity,
6. If you can't see beyond your nose,

THEN YOU ARE A TRUE ATHEIST – JUST A PIECE OF MEAT WITH ANIMAL BRAIN THAT MOVES UNTIL THE MOMENT OF PHYSICAL DEATH. You can believe in the six points listed above as an atheist, but then you

cannot be a full-fledged Satanist. Gay Satanism strives to create a fully fledged atheistic Satanism, with spiritualistic sexual-theistic traditions of veneration of the Spirits of Hell and a quantum understanding of our world.

The true atheism of Satanism lies in the fact that Satanists do not believe in the dogmas of religions, the fairy tales of the ancient Hebrews, the Muslim sagas, or the Hindu Vedas. Atheist Satanists do not believe in the god of religions. The Antichrist has written many times that Satan-Lucifer and the personal Gnostic spiritualization of Satanism have no connection whatsoever with the so-called "god." God is the canon of evil creatures and fascists, while Satan-Lucifer is the real spiritualization of people that "cannot be touched," just like sexual lust or a person's sexual orientation. The sexual spiritualization of LGBTQ+ people is also intangible, but it certainly exists. **Thus, the Antichrist summarizes: all Satanists are atheists and do not believe in God or the gods of religions, but they believe in themselves and in the Gnostic experience they receive, which is achieved through quantum communication with the Demons of Hell, through the EIQF.** Earlier, in ancient times, there was no understanding of the quantum-informational nature of our world, and even then, many Satanists suspected the existence of a dimension of Hell, which lies outside our own. Hell is another quantum dimension, perhaps everyone would agree. But Heaven is a place in our world that has stolen evil from people and Satanists. This evil is overpopulation, fascists, patriarchal elders, and religions.

Next, the Antichrist will view Hell as a natural home for Satanists and a place of quantum entropy for evil creatures. Hell as a place of liberation: posthumous euphoria in spiritual Satanism.

In the Christian tradition, Hell signifies punishment, separation from God, and eternal suffering. Spiritual Satanism begins by refusing to accept this image as a given. According to its logic, the image of Hell as a place of torture was created by the victorious side, just as the image of Satan as an enemy of man was created by those who sought control over the flock. History, as we know, is written by the victors, and the history of the

afterlife is no exception. If Satan in this tradition is associated with knowledge, free will, and the rejection of blind obedience, then his kingdom cannot be a prison for those who consciously chose this path. Hell, in this interpretation, is not a place of execution, but a place of belonging. It becomes a home for those who refused to bow their heads in life.

The Historical Roots of the Image

The reimagining of Hell did not begin with modern Satanism. Its roots lie in Romanticism: Milton, in Paradise Lost, made the fallen angel a figure of tragic pride, famously voicing the idea that it is better to reign in Hell than to serve in Heaven. Romantics, from Blake to Byron and Shelley, saw the rebel as a symbol of creative freedom, not evil. Later, Baudelaire, Carducci, and other authors cemented this image in European culture.

Even earlier, the Gnostics described the world as the creation of an imperfect demiurge, and knowledge (gnosis) as the path to liberation. The Hermetists and alchemists, in turn, spoke of the descent into darkness as a necessary stage of transformation. Spiritual Satanism inherits these lines and combines them with the image of Satan as the bearer of light and knowledge. The Logic of Posthumous "Rewards"

Many spiritual Satanists proceed from a simple idea: the afterlife corresponds to the inner structure of the soul. In this, they are close to Gnostic and Hermetic views, as well as to the idea found among many mystics: hell and heaven are determined not by an external judgment, but by the state of the individual. What would be torment for a believer in the Christian God becomes a natural element for a Satanist.

Absence of Guilt. The main source of "hellish torments" in Christianity—the sense of sin and unworthiness—does not apply to the Satanist. They do not consider desire, pride, curiosity, and the desire for self-control to be vices. Where there is no inner accuser, there is no punishment. The suffering of Hell is understood as the suffering of a conscience nurtured by an alien value system, and not as an objective fact. The rejection of Satanic spirituality is, perhaps, the primary guilt of all evil creatures. Everything else is secondary.

The coincidence of will and being. The life principle of Satanism is fidelity to one's own nature. After death, according to adherents, this becomes a law of reality: the soul is not forced to play a role it never assumed and no longer needs a mask.

Freedom as bliss. If the Christian heaven means eternal worship, then "Satanic Hell" is described as a space without coercion: infinite knowledge, creativity, passion, intellectual and sensual experience without fear or inhibition.

Images of posthumous euphoria. Satanist texts and practices describe Hell in various ways, but several motifs recur.

Fire as light, not torment. Flame here symbolizes purification, transformation, and enlightenment. It is the fire of the forge, where the soul is tempered, and the fire of the torch, which carries knowledge. It is no coincidence that the name Lucifer means "light-bearer." Heat is perceived not as pain, but as an intensity of being, a fullness of sensation that was lacking in the "cool" earthly life.

The Hall of Knowledge. Some practitioners imagine Hell as a gigantic library or temple, where everything considered forbidden knowledge in life is revealed. The euphoria here is intellectual: the rapture of understanding, the lifting of the veil, answers to questions that have tormented them their entire lives.

Communion with peers. For many, the image of a community of "rebels" is important: philosophers, magicians, rebels, and creators gathered in one space. Death in this painting signifies a meeting with like-minded people and the end of the loneliness that accompanied the dissenter in life.

The dissolution of the ego in power. In more mystical approaches, euphoria is interpreted as a merging with the primordial dark force, as a return to the primordial night that preceded creation. This is not nothingness, but a fullness in which the boundary between the self and the world ceases to cause pain.

Transformed sensuality. A number of authors emphasize that Hell does not require the renunciation of the body and passions. On the contrary, sensuality in Hell is purified of shame and transformed into a means of knowledge. Here, spiritual Satanism sharply diverges from the ascetic tradition, for which the body is the source of decline.

Initiation as a condition

Spiritual Satanism emphasizes that the "euphoria of Hell" is not automatically guaranteed. It is achieved through a life of practice: self-knowledge, shadow work, ritual, and willpower discipline. Someone who calls themselves a Satanist but lives in fear and self-deception will, by this logic, enter the afterlife as distraught as they were in life.

Therefore, many traditions speak of life after death as the result of a journey. It is not a reward for loyalty, but a continuation of the work already done on oneself. Initiation prepares the soul to endure freedom, which for the unprepared can be terrifying. Freedom without inner support turns into chaos, and this is precisely why practice requires not rebellion for the sake of rebellion, but long-term character development.

In this sense, spiritual and spiritual Satanism is closer to a school of self-improvement than to a cult. Its central figure, be it a personal god or symbol, serves as an example of independence, not an object of submissive worship. This is where the special view of ritual comes from: it is perceived as a tool for concentrating the will and working with the subconscious, and not as a way to appease a higher power.

Hell and Ethics

A natural question arises: doesn't such a picture justify arbitrary behavior? Most serious authors answer in the negative. If Hell is a continuation of inner work, then cruelty, cowardice, and self-deception do not bring

one closer to it, but rather distance oneself. The principle of fidelity to one's nature presupposes that a person knows this nature, that is, has undergone self-knowledge, and not simply follows impulses.

Many followers formulate ethics through responsibility: one who rejects an external judge is obliged to become their own judge. This is more demanding, not gentler. The absence of heavenly punishment does not negate the consequences of actions; it shifts their evaluation within the individual. Some authors also emphasize respect for the freedom of others as a necessary consequence of one's own: one cannot demand liberation for oneself while trampling on it in others.

The diversity of views on the image of Hell and the impossibility of imagining another quantum dimension.

There is no single teaching or single image of Hell, and this is important to recognize.

- Some practitioners understand Hell literally, as a real plane of existence with its own topography and inhabitants.
- Others see it as a metaphor for an inner state that is attainable during life, for example, during moments of creative or mystical ecstasy.
- Still others adhere to the idea of reincarnation or dissolution and do not speak of Hell as a "place" at all.
- Some Satanists fundamentally avoid questions of the afterlife, considering them irrelevant to a practice focused on earthly life.

This diversity reflects the very nature of the movement: it has no centralized hierarchy, canonical text, or single interpreter. Each practitioner constructs a picture from their own experience, reading, and intuition.

A Critical View

It's worth noting the weaknesses of this concept. It essentially mirrors the Christian one: it reverses the sign, but retains the structure of the "other world" and the binary "heaven versus hell" paradigm. This is precisely why it is criticized by rationalist Satanists themselves, who consider this approach an insufficiently radical

break with religious thinking. Furthermore, it lacks empirical support, like any other concept of the afterlife: it relies on personal experience, intuition, and symbolic thinking, rather than verifiable facts. Finally, the very idea of "euphoria" may prove to be a psychological consolation in the face of death, analogous to the Christian paradise. Religious skeptics would add that the entire construct serves self-affirmation rather than knowledge. Proponents respond that the question of the afterlife is, by definition, beyond the scope of science, and the value of a symbolic picture lies in its impact on life, not in its verifiability. The Antichrist doesn't consider the concept of Hell to be a purely Christian phenomenon, because many similar concepts of Hell existed before Christianity.

Merging with Lucifer, i.e., synergy, informational immortality, and the entropy of "evil creatures."

Spiritual Satanism has no single canon, and the picture presented is an individual doctrine of gay Satanism, not a generally accepted teaching. To help the reader distinguish fact from faith, the text consistently divides three levels: established science, scientific hypotheses, and spiritual interpretation. Physical terms here serve as a bridge to symbolic thinking, not as proof of religious conclusions. Hell is not the same for everyone. It is a single reality that manifests differently depending on the inner structure of the soul. For the "children of Satan-Lucifer" who have walked the path of spiritualization, it is a world of changing forms of euphoria, passion, and merging with Lucifer. For those who have rejected spiritualization and become the bearers of pure malice, it is a place of decay, where the personality dissolves into entropy. Hell neither punishes nor rewards: it reveals what the soul has become.

What does quantum information science say?

Established facts. Quantum mechanics has been confirmed by numerous experiments. Quantum computers do utilize superposition (a qubit can exist in a combination of 0 and 1 states) and entanglement, and quantum information theory is a mature field of science. Information in modern physics is considered a fundamental quantity related to entropy.

Unestablished facts. The assertion that "everything consists of quantum information" is not a proven fact. This is a philosophical hypothesis, known as "it from bit" by John Wheeler, and is shared by some physicists. Most physicists continue to consider fields and particles fundamental, and information a description of them. Furthermore, superposition is observed in microscopic systems, and it does not follow that consciousness or the soul can be described as a quantum superposition.

Spiritual interpretation. Proponents of the doctrine take this hypothesis as a starting metaphor: if reality is information at its core, then the personality is an ordered information pattern, and the death of the body does not necessarily mean the end of the pattern.

Information Immortality

In physics, there is a principle of information conservation: in standard quantum mechanics, evolution is unitary, meaning information about the state of a system is not destroyed, but merely redistributed. This principle does not imply personal immortality, since the preservation of information at the micro level preserves neither memory nor the "I" in the conventional sense: after the body decomposes, information dissipates into an indistinguishable form. However, proponents of a spiritual interpretation see a clue in this: information does not disappear, and therefore the only question is whether its order is preserved.

Here lies the fork in the road between two destinies. Order is maintained by creative effort: connection, knowledge, love, and will. A soul that has undergone spiritualization retains its structure and passes into a different state of existence. A soul that chooses destruction loses coherence: its pattern dissipates into noise. This is the "entropy of evil creatures," understood as a metaphor for the disintegration of personality.

Superposition as a transition to the afterlife in Hell.

In quantum mechanics, a system in superposition combines several states until measurement singles out one of them. Spiritualists use this imagery as follows: until the soul defines itself during life, it exists in a "superposition" of possibilities, and death, as the act of final "measurement," fixes what it has become. Those who choose freedom and creativity emerge from measurement as a powerful, ordered pattern. Those who choose decay are fixed as a dissipating structure.

It is worth emphasizing: this is a poetic analogy. Physical superposition and "soul choice" belong to different categories, and there is no scientific theory linking them. The thought experiment known as "quantum immortality" and associated with the many-worlds interpretation also remains speculative: most physicists do not consider it confirmed, and the many-worlds interpretation itself is one of several competing interpretations. Black Holes as Gateways

Scientific Context. Black holes are indeed associated with the problem of information. Stephen Hawking demonstrated that they radiate and can evaporate, giving rise to the "information loss paradox": where does the information about what has fallen inside go? Today, most theorists tend to believe that information is preserved, but there is no definitive solution, and the discussed models (the holographic principle, "islands" in radiation entropy calculations) remain theoretical.

Spiritual Interpretation. Proponents of the doctrine go further and suggest that black holes serve as gateways through which ordered informational entities exit our dimension. In this picture, superposition allows the pattern not to "die" at the point of singularity, but to transition to another state of existence. This idea has neither experimental nor established theoretical foundations: it is an image inspired by physics, not its conclusion. Moreover, for a real person, the path through a black hole is physically impossible and is not associated with death in the usual sense.

Other Dimensions: What's Proven and What's Not. It's often said that science has "mathematically proven" the existence of other dimensions. This is inaccurate. String theory and some other models do require additional spatial dimensions (usually ten or eleven in total) for mathematical consistency. However, the mathematical consistency of a model is not proof that what it describes exists in nature. So far, no experiment has confirmed extra dimensions, and string theory itself remains an untested hypothesis.

Therefore, the correct formulation is this: other dimensions are a serious scientific hypothesis, but not a proven fact. For spiritual doctrine, this is sufficient to justify the use of an image: Hell is conceived not as a "place underground," but as another dimension of existence, adjacent to ours and accessible to informational entities after death.

The Hell of Lucifer's Children: A World of Changing Forms

In this tradition, Lucifer appears not as a jailer, but as a source of creative power, a "light-bearer". The afterlife of the Satanist is described as an existence where desire ceases to be an enemy and becomes the language of being.

Eros as a cosmic principle. Bodily passion is interpreted as a manifestation of the same force that creates worlds, as the energy of attraction that unites the separated. In the afterlife, this energy is freed from the limitations of the flesh, fear, and condemnation, and euphoria is described as a pure intensity of experience, where the sensual and spiritual are indistinguishable.

Fluidity of form. The earthly body is fixed and vulnerable. An informational entity in another dimension, according to this picture, is free to change its appearance and mode of connection, thus Hell is seen as a world of an endless play of incarnations without boredom or repetition.

Fusion and synergy. The highest point of experience lies in connection, not possession. The Satanist enters into synergy with Lucifer as a co-creator: the personality is preserved and strengthened, and the boundary between the self and the source of power becomes permeable.

Entry Condition: Euphoria is the fruit of the path: self-knowledge, shadow work, honesty, and willpower discipline. Impulse without internal structure does not produce euphoria; it produces chaos.

Hell of "Evil Creatures": Entropy and Decay

The soul as an informational pattern is maintained only by creative effort. Those who direct their energy toward the destruction and suppression of others also destroy their own internal connections. After death, the personality mask disappears, and the "quantum evil essence," that is, the pattern of destructiveness, deprived of its source, dissipates. No one in Hell punishes anyone without reason, "just like that": decay is a natural consequence of choice, like the cooling of an extinguished fire. The terms "quantum" and "entropy" are used here as symbols, not as strict physical definitions. "Evil creatures" do not denote followers of another faith, but a spiritual state: the rejection of self-knowledge and honesty in favor of cruelty, hypocrisy, or parasitism on others. A person of any faith who lives without malice does not fit this definition, but a bearer of the title "Satanist," who lives in cowardice and cruelty, does. Otherwise, the doctrine becomes a justification for hatred of "others."

A Comparison of Two Fates:

- **Form.** For the children of Lucifer-Satan, it is fluid and created by will. For the "creatures of evil," it disintegrates.
- **Information.** For the former, order is maintained and strengthened. For the latter, it dissipates into noise.
- **Transition.** The former enters another dimension as a coherent pattern. The latter do not maintain structure.
- **Cause.** In both cases, it is the result of the soul's internal structure, not an external judgment.

A Critical View

The concept lacks empirical support, like any picture of the afterlife. Physicists will object that the quantum terms are used metaphorically and do not yield conclusions about the soul, and that the preservation of information does not equate to the preservation of personality. Philosophical critics will point out that the scheme reproduces the familiar structure of "heaven and hell" with the symbols reversed. Skeptics will add that the image of black holes as "gateways" is a beautiful but arbitrary fantasy. Supporters respond that the question of the afterlife lies beyond science, and the value of the doctrine is determined by how it impacts life: personal responsibility and inner work, not judgment of others. In spiritualist gay Satanism, Hell is not only a place in another dimension but also a mirror. The soul that chooses creativity, freedom, and connection finds there a world of changing forms and synergy with Lucifer. The soul that chooses destruction finds the disintegration of its own structure. The language of quantum physics lends this picture a contemporary resonance, but does not transform it into science: it remains a matter of conviction, symbolism, and personal meaning.

The Fire of Desire: Lust and Hedonism as the Basis of a Satanist's Euphoria in Hell. The Rehabilitation of Desire

For centuries, the ascetic tradition has declared the flesh to be the source of decline, and passion a trap for the soul. Spiritual Satanism builds its system on the opposite premise: desire is not a malfunction in the human structure, but a manifestation of the vital force that makes us alive. Suppressing this force is seen as a form of self-denial, depriving us of part of our own nature.

Here, tradition draws on a long lineage. The ancient Greek Cyrenaics saw pleasure as the highest good. Epicurus spoke of pleasure as the goal of life, though he understood it in a restrained manner, as peace and

the absence of suffering. The Romantics transformed the rebellious angel into a symbol of free passion. In the 20th century, Aleister Crowley proclaimed the principle of "do what thou wilt," and Anton LaVey, in The Satanic Bible, contrasted asceticism with the principle of indulgence, though within the framework of atheistic Satanism, which does not recognize an afterlife. Spiritual Satanists extend this logic to the afterlife.

Eros as a Cosmic Force

In this picture, sexuality is understood more broadly than just physical intercourse. It is the principle of attraction, uniting what is separate: that which draws a person to another, to knowledge, to art, and to the very source of existence. Lust, freed from shame, becomes a means of knowledge: through the intensity of experience, a person discovers the boundaries and possibilities of their own being.

Related ideas are found in the Tantric tradition, where sensuality is consciously used as a path to liberation, and in Gnostic movements, which saw experiential knowledge as the highest form of knowledge. Spiritual Satanism subscribes to this line of the "left-hand path," but colors it with the image of Lucifer, the light-bearer who grants the soul the right to desire.

Hedonism as discipline, not licentiousness

A common misconception is that hedonism equates to disorder. Serious authors of this tradition argue the opposite. Pleasure, they believe, requires art: attention, imagination, the ability to feel subtly and deeply. Those who chase impulses quickly dull their perception and become dependent on them. Those who master themselves know how to prolong and deepen their experience.

Therefore, the path to the "euphoria of Hell" passes through self-discipline. A person who, in life, has learned to distinguish between desire and obsession, freedom and weakness, arrives prepared for freedom in death. Satanic hedonism, in this understanding, is akin to mastery: it combines passion with will.

Consent and equality as conditions

A key principle without which this tradition loses its meaning: the freedom of one does not give the right to coerce another. The euphoria of fusion is conceived as mutual, between equals in strength and will, where each participates voluntarily. Violence, manipulation, and suppression of another's will are contrary to the spirit of liberation for which the entire system is built. Anyone who turns another into a means destroys the very quality that gives pleasure its value: the authenticity of the encounter between two free beings.

How this image carries over to the afterlife

After death, the soul has no physical body, so all descriptions of the "sexual euphoria of Hell" are symbolic. They speak not of the flesh, but of the quality of the experience: intensity, fusion, and the loss of boundaries between self and other. In this image, the soul is freed from fatigue, pain, fear, jealousy, and shame—that is, from everything that hinders the fullness of feeling during life. What remains is the pure intensity of being. The image of changing forms emphasizes that pleasure in Hell is not mechanically repeated. It does not become boring, because the soul, free from habit, perceives it anew each time. The highest point of such an experience is described as synergy with Lucifer: not submission, but co-creation, where will and desire coincide.

What is not included in this picture

It is worth noting separately the boundaries recognized by the tradition itself. Hedonism does not presuppose cruelty, humiliation, or harm to others. It does not justify addiction and self-destruction: a person who destroys himself, by this logic, loses the capacity for pleasure. Finally, it does not turn others into objects. Hence the distinction between the "road of euphoria" and the "road of decay": the former strengthens the personality and connections; the latter burns them away.

Critical View

Philosophical critics will point to the "paradox of hedonism": the direct pursuit of pleasure often leads to its loss, while enjoyment comes as a byproduct of meaningful activity. Religious opponents will object that the painting replicates the structure of paradise, replacing ascetic bliss with sensuality. Skeptics will note that eternal euphoria lacks contrast and therefore can turn into satiety, and the idea of posthumous sensuality without the body is internally contradictory. Supporters respond that the image of Hell serves as a symbol of freedom and the fullness of life, and its meaning lies in how it changes a person's relationship to their own desires already here, not in the demonstrability of an afterlife. In the version of spiritual gay Satanism, the fire of desire does not burn, but illuminates. Hedonism is understood as the art of fullness, and eros as the force connecting the soul to the world and to Lucifer. Posthumous euphoria turns out not to be a reward for permissiveness, but a continuation of the path along which a person learned to desire consciously, freely, and with respect for the freedom of others. Like any vision of the "afterlife," it remains a matter of faith, symbolism, and personal meaning.

Let's talk about such an important phenomenon for Hell as BDSM, or the sexual-social relationships of Sadists and Masochists.

The uniqueness of Hell is that for Satanists, there is no death and no limits on BDSM. This means that sadists-Satanists torture their victims with extreme cruelty, while masochists-Satanists want them to be raped and tormented in the most perverse and cruel ways possible. This also occurs in our world, but the point is that in earthly conditions, caution must be exercised to ensure BDSM is always safe, as the best way to prolong the pleasure of sadism and masochism for many years. In Hell, there's no need to worry about safety, and

you can even tear masochists apart—they won't die from it. In Hell, Satanists attain immortality and a hellish euphoria of lust and sexual bliss, which allows everyone to engage in BDSM at the highest level.

You know, the Antichrist Slut Sodomia has a question regarding sadistic relationships with creatures who aren't Satanists or Demons of Hell in Hell. These creatures are sacrificial masochists for all Satanists (for their stupidity, deceit, lack of awareness, and rejection of the light of Satanism). A reasonable question arises: does sexual desire arise in all Satanists during the entropy of evil creatures, who in Hell undergo the process of informational quantum erasure and repentance? All Satanists can engage in the entropy of creatures, although perhaps some Satanists simply aren't interested. The Antichrist senses that most Satanists experience sexual lust when they torture the evil creatures in Hell. Perhaps some Satanists have no desire to engage in this kind of execution of the scum in Hell, but most masochists enjoy being sadists themselves, and for active sadists, torturing creatures is, by definition, a pleasure. He asked the question and answered it himself…very sweet and in true Satanic style.

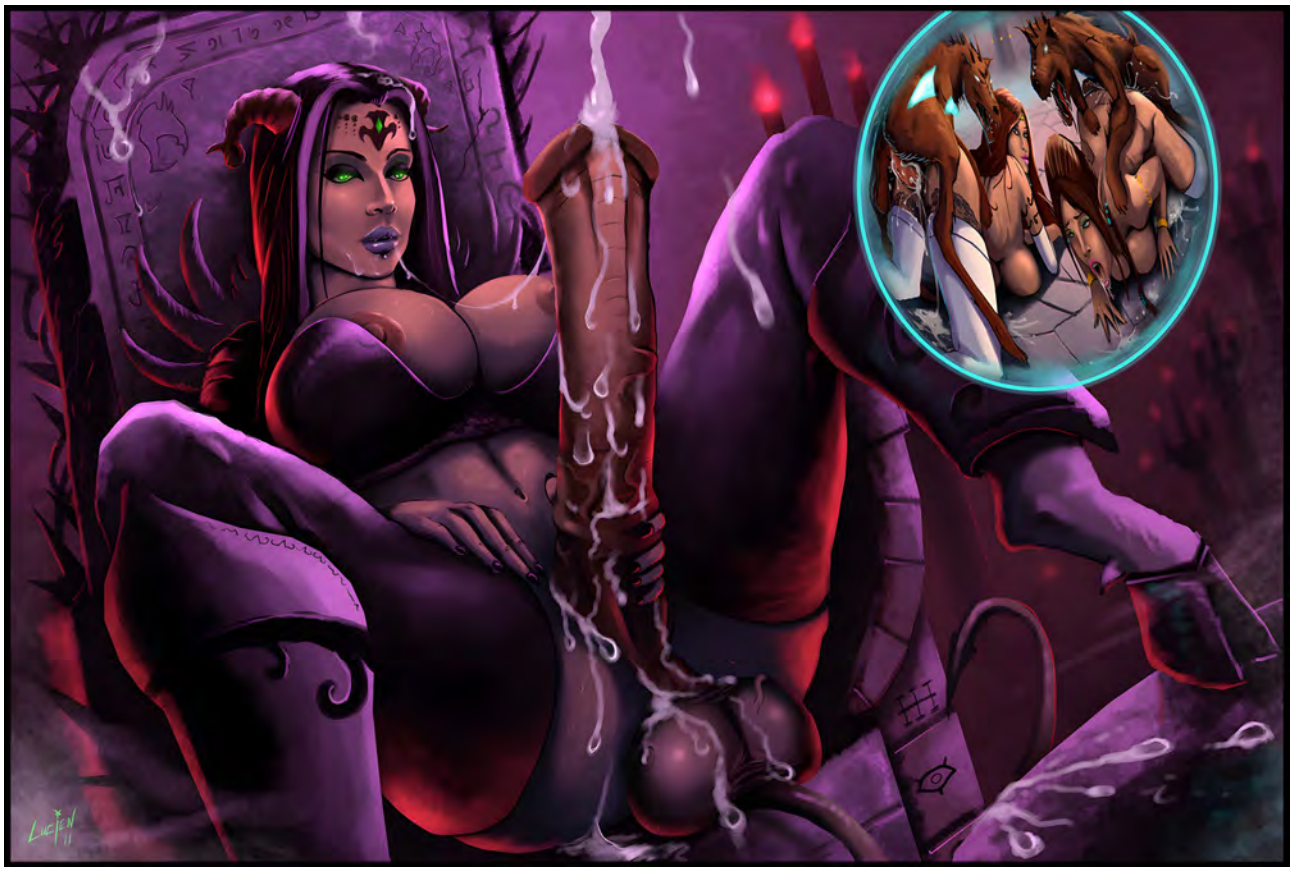
ON THE ANTHROPOMORPHIC AND ALLEGORICAL IMAGE OF SATAN IN THE ART OF SATANISM

Anthropomorphism and allegory in art have a rich and ancient tradition. Depictions of Satan are always anthropomorphic and allegorical because Satan can take any form. No one knows what Satan looks like in his canonical form and such a form does not exist. For a Satanist there may be a personal favorite form of Satan, and this is the form the Devil takes for the Satanist. I have already written about this in detail in the grimoire “Gay Lust”.

Allegory (from ancient Greek ἀλληγορία - allegory) is an artistic representation of ideas (concepts) through a specific artistic image or dialogue. Allegory is the artistic representation of abstract concepts and generalizations through concrete figurative embodiments. The artist depicts and represents faith, love, soul, justice, discord, glory, war, peace, spring, summer, autumn, winter, death and similar concepts with living

beings and specific images[5]. **Anthropomorphism is a worldview concept expressed through nominative means of language, visual arts, etc.** According to this principle, inanimate objects, living beings, and fictional entities that do not possess human nature can be endowed with human qualities, physical and emotional[6].

Therefore, all artistic depictions of Satan are allegorical representations of our Teacher. More important than the image itself is the viewer's perception of it. This may include surprise, lust, delight, and other emotions. It is precisely these feelings that arise from viewing the paintings in the SatanArt album that are important. These feelings provide inspiration from Satan or immerse the viewer in Satanism. The paintings in the album also convey the general aesthetic of Satanism—a unique, sensual, satanic beauty. Therefore, in addition to immersing oneself in satanic inspiration, the albums of paintings instill in one an aesthetic sense of beauty.



Antichrist Slut Sodomia has prepared a new, improved version of her almanac about Satanists' lust in the afterlife of infernal euphoria, and about the aesthetic image of Hell for Satanists. I also want to improve this version by adding more useful text and bonus images on the topic of this issue of the gay Satanism magazine-almanac. I plan to make these improvements after completing the second grimoire of gay Satanism, so this e-book version V1.1 is the primary version for sale and online distribution. I have already prepared 50 SatanArt almanacs of gay Satanism magazine-almanacs (versions V1.0), and I want to upgrade 20-23 issues of these almanacs to version V1.1. Antichrist is working on gay Satanism and studying it, together with his readers.

The free version of this e-book is distributed WITH COMPRESSED IMAGES INSIDE A PDF DOCUMENT. This PDF version of the e-book is 3-5 times smaller in file size. The image quality in the free version of the almanacs is correspondingly 5 times smaller than the paid version. High-quality and full-fledged PDF editions of gay

The paid version of the Gay Satanism almanacs contains high-quality graphics suitable for printing. How can I distinguish the paid, high-quality version of the SatanArt almanac from the free one? Here are three differences: 1. The paid version's PDF file takes up 70-150 MB, while the free version's is 10-30 MB. 2. The free version's low-quality images are immediately noticeable. 3. The free versions end the PDF file name with the word _SMALL, like this:

DEDICATION-ABSTRACT OF THE ALMANAC OF VISUAL ARTS OF GAY SATANISM SATANART №8.

I dedicate the SatanArt album collection #8 to the world of Hell. For Satanists and Demons, Hell is a place of power. Near our Teacher Satan, the black magic of Satanism begins to work instantly, not very slowly, as in our world of planet Earth. Therefore, Satanists feel at home in Hell and have fun mocking evil, torturing creatures until their final entropy is achieved by Satan. Satanists typically perceive Hell as a vast place of group lust and euphoric rapture. For this reason, Hell appears differently to creatures and to Satanist-Demons. This is not surprising. It is very similar to life on our world of planet Earth, where some people live in luxury, while others vegetate in poverty, in prison, or in the forced fog of anonymity. For gay Satanism, Hell is not a place of retribution, but an image of freedom taken to the extreme, where there is neither external judge nor

internal executioner. Postmortem euphoria in this tradition is not a divine reward, but a natural consequence of a life lived in harmony with one's nature. Like any surrealist vision of the afterlife, it remains a matter of personal belief, symbolism, or personal choice. However, for many spiritual and spiritual Satanists, Hell is a place of lust, euphoria, and punishment for the evil creatures of our world, who have chosen evil, stupidity, fascism, religion, and rejected personal spiritualization by the light of Lucifer. Hell is a place where BDSM relationships between Satanists and masochists reach their peak, allowing sadists to enjoy the torture of pain, and masochists to experience maximum pain and torture to satisfy their BDSM lust. This raises a very interesting point: all Satanists can (but are not required to) participate in the hellish entropy of evil creatures, who undergo informational quantum entropy in Hell. It turns out that Satanists in Hell not only engage in sex and voluntary BDSM among themselves, but also involve evil creatures in their sexual practices, who act as creatures condemned for their crimes in our world. Of course, their main crime is unconsciousness, which arises from their hollowness, i.e., from the lack of spiritualization by the light of Satanism. This art album of gay Satanist paintings contains various sexual and mystical scenes in Hell, performed by various artists, most of whom are Satanists. The album concerns every person on earth, just as gay Satanism in general does. Everyone. And not the way Google's AI assesses gay Satanism and magazines in its chat: "Gay Satanism and SatanArt are marginal phenomena, meaning they are intended for a small and narrow circle of people." The AI is brazenly lying, because death, Satanism, the quantum entropy of creatures, and life after death concern every person. Many of Google's AI statements are astonishing in their stupidity and stereotypical Christian tropes. This is not surprising, since the AI is based on texts and logic, mostly not those of Satanists.

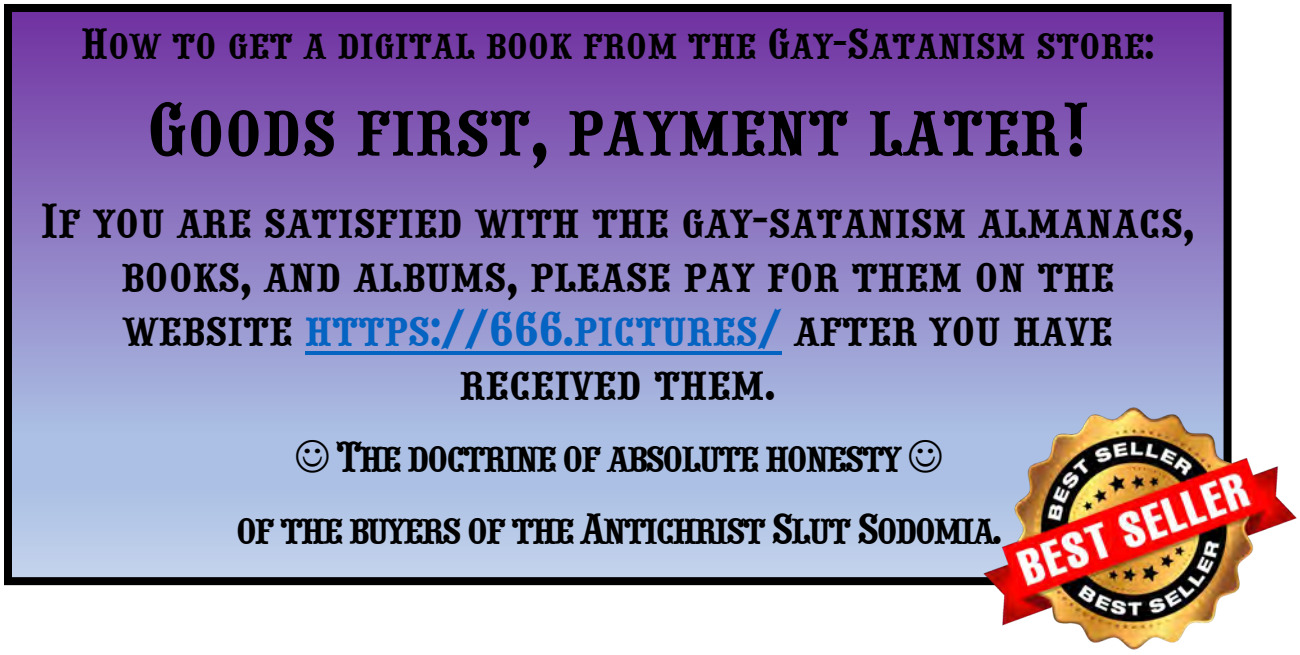
[Books, grimoires, and the art of gay Satanism on the official website: https://666.pictures]

Each SatanArt volume will contain 100 core illustrations, accompanied by my own written descriptions. In addition to this primary content, the Antichrist Slut Sodomia almanac will feature three other types of visual material, presented without accompanying text:

1. Vignettes: These are graphic elements related to the volume's theme but rendered in a simplified style. They serve primarily to "warm up" the reader, acting as explanatory charts or witty posters centered on the volume's subject matter.
2. Decorative elements and conceptual posters themed around "gay Satanism." These graphics relate either to the almanac's overall aesthetic or to the broader themes of gay Satanism; they do not necessarily need to be tied to the specific theme of the individual volume.
3. Documentary-style and journalistic imagery, covering gay pride parades, LGBTQ+ marches, carnivals, the "gay agenda," depictions of Satanists and gay individuals, as well as tattoos and gay-themed paraphernalia. This category will be introduced in the second iteration of the "SatanArt" almanacs (version 2.0 and later). It will not be included in the initial versions (1.0 or 1.1), but rather saved as a "special treat", bonus content for a future commercial book release.

Each of these categories will contain up to 100 individual drawings, photographs, or decorative posters exploring themes of Satanism and the LGBTQ+ experience. The vignettes function as both graphic decoration and a conceptual visual supplement to the text[7]. The illustrations for the decorative posters serve as the most concise and symbolic design elements within "SatanArt" publications. Unlike the images featured in the main body of the album, these vignettes and poster illustrations are presented without any accompanying descriptions. For these vignettes, I have chosen simple, decorative, and self-explanatory imagery, elements that require no clarification from the Antichrist, though you are, of course, free to devise your own interpretations. Documentary photographs centered on the theme of gay Satanism will be included as a pleasant supplement to the core material of SatanArt issues, though they are not directly linked to the almanac's primary subject matter. This bonus content is intended to lift the spirits of my readers, specifically, LGBTQ+ Satanists, and I plan to feature it exclusively in the "Significantly expanded and improved" SatanArt V 2.0+ editions.



The renaming of "Gay-Satanism Art Magazine" to "Gay-Satanism Art Almanac" has been implemented because this term more accurately reflects the nature of SatanArt publications:

1. Each issue of SatanArt is dedicated to a specific theme, which aligns more closely with the concept of a literary "almanac" than a "magazine." Antichrist has outlined numerous themes to be explored in the SatanArt almanacs, all of which are unified by the theme of Gay-Satanism. The almanacs are

[7] https://en.wikipedia.org/wiki/Vignette_(graphic_design) Wikipedia. Vignette (graphic design).

categorized into "Puritan" and "Sexy" editions, a distinction based on the specific theme and the artwork featured in each issue. "Puritan" almanacs contain no pornography or explicit eroticism, allowing these e-books to be hosted on a wide range of public Web 2.0 platforms[8].

2. SatanArt is not published on a fixed, regular schedule, though the goal is for releases to occur more frequently than once a year, ideally, 6–12 almanacs annually.

A second change concerns the distribution of initial versions of new SatanArt almanacs: for each release, both a free version and a commercial version will be available in PDF format.

The Antichrist Slut Sodomia has made the "Puritan" editions of the early Gay-Satanism Art Almanacs (issues #1–30, "Version 1") available on various public online platforms as free, downloadable PDF e-books. However, not every issue of the Gay-Satanism Art Almanac is available for free, nor are they all provided in their full, high-quality, complete form. All editions of the SatanArt almanacs are available for purchase through specialized Gay-Satanism online stores, provided as digital ZIP archives. The ZIP archive includes source files in DOCX and PDF formats, along with individual images from the collection (in JPG, PNG, and WEBP formats) at maximum quality. You can locate the “SatanArt” Satanism almanacs created by the Antichrist Slut Sodomia using search engines such as Google, Bing, Yahoo or DuckDuckGo. This digital store for "Gay-Satanism" operates on a principle of absolute trust in the customer: you receive the product first, and only then make a payment via cryptocurrency a rarity in today’s world. You can also purchase full versions of the “Gay Lust” grimoire, suitable for personal reading or print publication on the store’s website. If you intend to publish these books or almanacs in print, you will need the source files (DOCX documents) to handle the layout and to correct any minor grammatical, syntactic, or other technical errors left by Slut Sodomia.

The differences between the free, NON-COMMERCIAL version of the new SatanArt almanacs and the COMMERCIAL version are as follows:

1. All initial versions of the new SatanArt publications will be distributed online for free, allowing anyone to access them at no cost. These free, "sexy" versions of SatanArt cannot be posted on every public online platform, as pornographic or erotic content is prohibited on many Web 2.0 websites. Please keep this in mind (the Antichrist does not care for the puritanical rules set by site owners, but since they are their websites, they get to set the rules).

2. The preface in the free version of the SatanArt almanac will be limited to 3–20 pages describing the subject matter. In the commercial version—which I designate as V1.1 or V2.0—the preface will be expanded, growing 6–10 times in length and effectively transforming the almanac into a full-fledged book. This second iteration of the gay-Satanism publications is an improved and expanded version of the first; it is the COMMERCIAL VERSION and can be purchased through the gay-Satanism store at https://666.pictures/.

3. The Antichrist will provide only PDF versions of SatanArt for free. In these files, the images are compressed—resulting in some loss of quality—making them suitable for viewing on a monitor or mobile device, but not for high-quality printing. These are "compact" free versions of the almanacs; in terms of file size, they are approximately 3–5 times smaller than their high-quality commercial counterparts.

4. Paid versions of the SatanArt almanacs will be available in the highest quality and in various formats—DOCX, PDF, EPUB, and DJVU—and will be sold through online stores dedicated to "gay-Satanism." These COMMERCIAL editions are intended for print publication or for collectors of high-quality e-books.

These original, high-quality commercial versions of books and almanacs centered on gay-Satanism are sold via the online Antichrist Slut Sodomia’s bookshop at https://666.pictures/. In this way, I intend to monetize

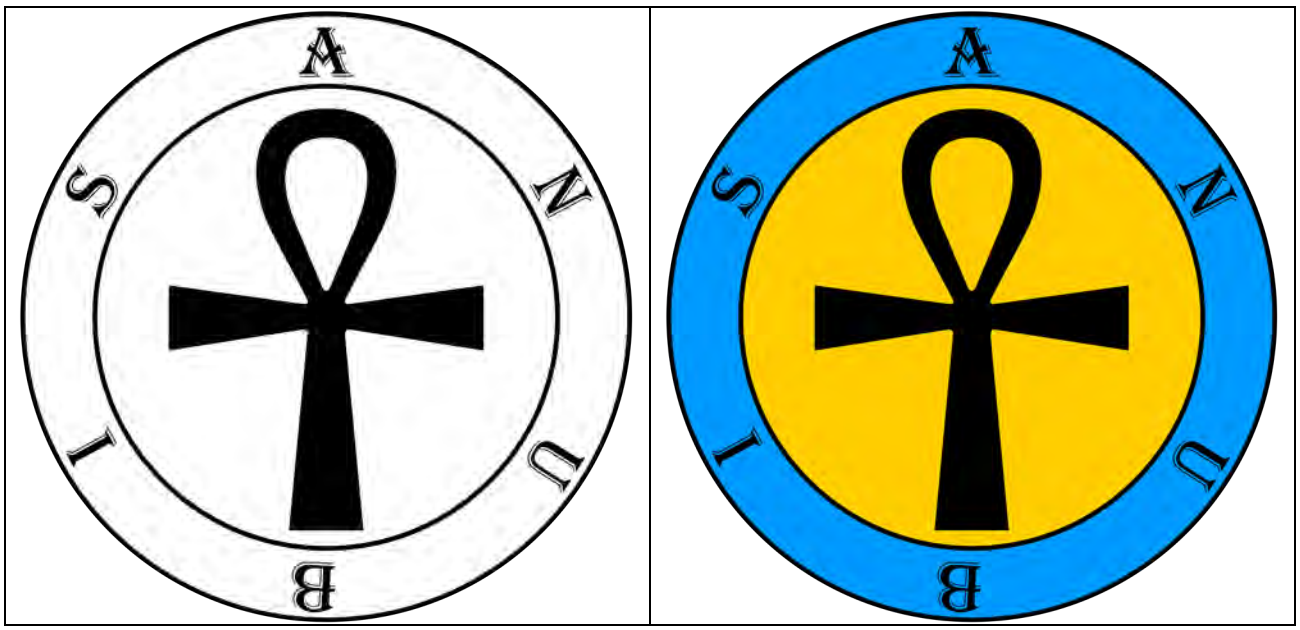
my literary work on the subject of gay-Satanism. The gay-Satanism digital store accepts payments via cryptocurrency accounts; however, payments can also be made using a standard bank card through reliable cryptocurrency wallets or reputable cryptocurrency exchanges. Further details regarding cryptocurrency and its significance can be found at the end of the SatanArt almanac by Antichrist Slut Sodomia. The future belongs to cryptocurrency! If you have not yet begun using cryptocurrency, you should start as soon as possible—for instance, to purchase the commercial e-editions offered by the Antichrist Slut Sodomia.

SatanArt Almanac No. 6 is a "puritanical" (non-explicit) publication that contains no overt erotica. It may be hosted on public, non-explicit online platforms, as it does not violate the restrictive content policies—regarding erotica or "sensitive material"—maintained by popular websites. It is distributed under the CC BY-ND 4.0 license. The Antichrist Slut Sodomia is launching a new series of sigils for gay Satanism, supplementing the existing emblems and logos. I plan to create enhanced and expanded versions of "SatanArt V1.1"—covering 23 items from the 50 albums of the V1.0 collection—with each addition accompanied by a new sigil, which I will feature in the gay Satanism almanac or on its cover.

Announcement of a new sigil. While working on the current album of the SatanArt almanac #8 about the afterlife and life after physical death in our world, on November 1, 2026, the Antichrist Slut Sodomia decided to create an official sigil for the Demon of Gay Satanism, Anubis, in black and white and color:



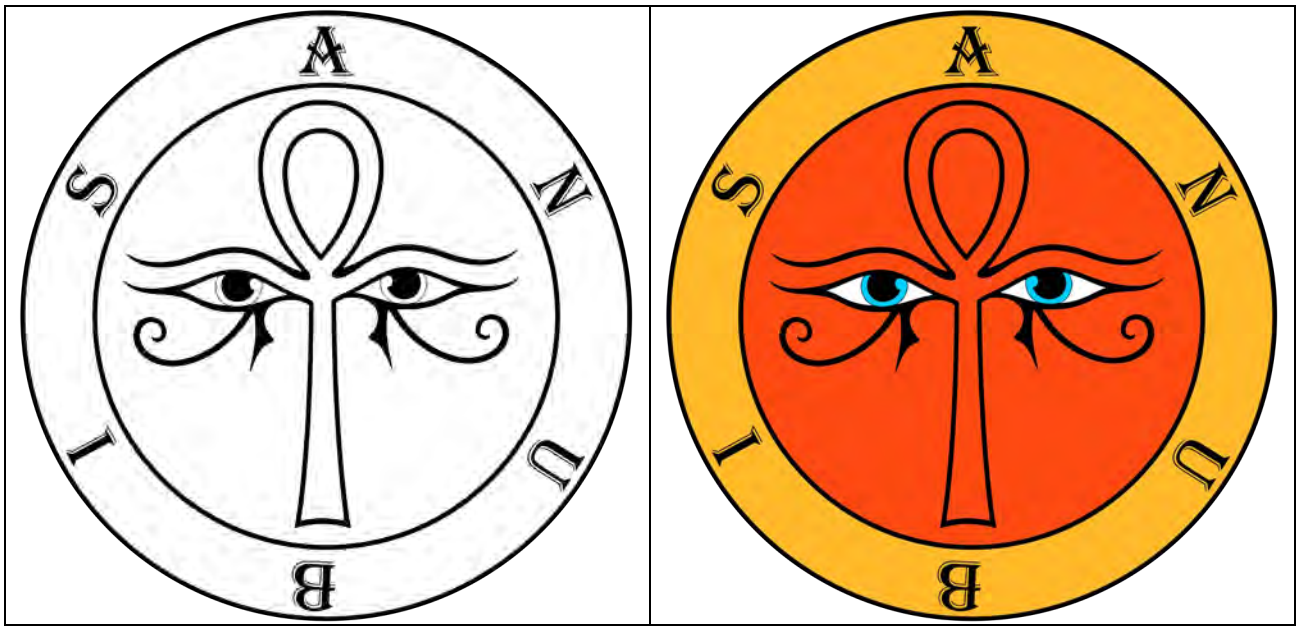
The official sigil of the Demon Anubis, created by the Antichrist Slut Sodomia for gay Satanism.

Along the outer ring of the sigil is the inscription "Anubis" in Algerian script. Inside the sigil, I placed an image of the Egyptian cross, the Ankh (the Egyptian cross with a loop, or "key of life")—an ancient Egyptian symbol of eternal life, often associated with gods of the underworld (such as Osiris and Anubis). Known as the Egyptian hieroglyph ☥, it is also one of the most significant symbols of the ancient Egyptians. It is also known as the "key of life," "key of the Nile," "bow of life," "knot of life," "cross with a loop," "Egyptian cross," and "crux ansata." Due to its similarity to the Christian cross, it has become part of Coptic symbolism. An ankh was placed in the tombs of pharaohs so that their souls could continue to live in the Duat after death.

You know, Anubis didn't have his own sigil in Satanism, although he had the Ankh symbol in the Ancient Egyptian pantheon. I created an almanac dedicated to Anubis, SatanArt #34, and during my entire research, while compiling a book about Anubis, the Antichrist couldn't find an image of Anubis's sigil. Of course, many will object that Anubis isn't related to Satanism and that it's a completely different pantheon of Egyptian gods. The Antichrist disagrees with this point of view, because Satanism predates humanity and already existed in Ancient Egyptian times, during the creation of the mythology of the Egyptian pantheon of deities. Yes, ancient

African peoples had their own unique understanding of Satan and the Demons of Hell, creating various humanized myths about them. I don't deny this fact. However, the Antichrist attributes the Demon Anubis to gay Satanism, along with other manifestations of Satan-Lucifer. Ancient Egyptian deities such as Anubis-Seth-Osiris (analogous to Satan's incarnations) and Amun-Ra-Horus (analogous to Lucifer's incarnations) are manifestations of Satan, in various forms and hypostases[9]. The closest image in gay Satanism to the Antichrist is the Doberman puppy Anubis (or another "serious" and healthy breed). Originally, according to ancient Egyptian beliefs, Anubis was depicted as a black jackal, but in modern times, I suggest considering Anubis a puppy of the Doberman breed (or another large, non-toy breed). The ancient Egyptians did not have a Doberman dog breed, but jackals were found in the Egyptian deserts. As time goes on, people's ideas about various things change, including the Demons of Hell and Satanism. Thus, the Antichrist attributes Egyptian afterlife mythology to Satanism, and I particularly like the image of gay puppies, which most closely resembles the figure of the Demon Anubis. Yes, the Antichrist knows this is an arbitrary interpretation of the Egyptian pantheon and demonology, but I can do it 😊. In 21st-century popular culture, in games, films, and horror stories, the images of ancient Egyptian gods are often reimagined, and the guardians of the underworld are relegated to Demons. Many modern artists depict Anubis as a gay puppy and a zoophile. This modern global trend appeals to the Antichrist, and it aligns with gay Satanism.

In addition to the official, strict Anubis sigil, the Antichrist created a CUTE sigil of the Demon Anubis, in two versions: black and white and colored. These sigils remain symbolic, but with a touch of cuteness, beauty, and humor. Satanism values the grotesque, humor, and irony, so the Antichrist took the liberty of creating a **CUTE Anubis sigil for gay Satanism. Here are two versions:**



In the original interpretation of the Ancient Egyptian pantheon, Anubis was the god of death in ancient Egyptian mythology, depicted with the head of a jackal and the body of a man. His sphere of patronage included mummies; Anubis was the guide and judge of souls, and he was revered as the guardian god of

[9] Amun-Ra united the solar principle of Ra with the hidden, transcendent, and mystical power of Amun ("the hidden spirit of the sun"). Amun-Ra was perceived as the "king of the gods" and supreme ruler of the entire universe, eclipsing all other cults in influence and the wealth of his temples. Horus is one of the most ancient gods of Egypt and is associated with the similarity between his appearance and the eye of death. He was often represented as a fighter against the forces of evil and a protector of his followers. Horus was also considered the protector of the pharaoh and his right to rule. During the New Kingdom, Horus was united with Ra, the solar god of Egypt, and became known as Horus-Ra. Osiris is the ancient Egyptian god of rebirth, the king of the underworld in ancient Egyptian mythology, and the judge of the souls of the departed.

cemeteries. His black appearance symbolized the soil of the Nile and rebirth. In the ritual of the Weighing of the Heart, described in the Book of the Dead, Anubis acted as the guardian of the scales, deciding whether the deceased could enter the afterlife, the Duat. The cult of Anubis likely developed from the cult of the jackal in the Early Dynastic Period (c. 3100 BCE), with the hope that through worship of the jackal, he would become the protector of the dead. Initially, the classical image of Anubis was a recumbent jackal-like creature, fixed in posture, with a wary expression, wearing a collar, ceremonial ornaments, and holding a scepter—this was the standard canon followed by carving. Later, an anthropomorphic hybrid form with a jackal's head and a human body developed; in paintings and reliefs, his poses became flexible and varied—he could walk, sit, or kneel, changing positions depending on the task at hand, whether burial or judgment[10].

Comparison table: Eye of Horus (left eye, from the side of the viewer) and Eye of Ra (right eye, from the side of the viewer)

Characteristic	**Eye of Horus (Udjet / Eye of Horus)**	**Eye of Ra (Solar Eye)**
Who owns it?	The falcon-headed god of the sky and sun, **Horus** (son of Isis and Osiris)	The sun god **Ra** (sometimes identified with other mother goddesses or daughters of Ra)
What kind of eye is this?	**Left** (hawk's eye, damaged in the fight with Seth and healed by Thoth)	**Right** (or the sun as such)
Connection with a celestial body	**Moon** (the phases of the Moon were thought to be changes in the condition of the injured eye)	**The sun** (symbol of heat, dazzling light and daylight)
Main meaning	Healing, protection, restoration, wholeness, wisdom	Power, absolute authority, punishment of enemies, creation and destruction
Mathematical meaning	Used as a symbol for fractions from 1/2 to 1/64 (amounting to 63/64 - the missing fraction was healed by Thoth)	Didn't have such a fractional number system
Application	Amulets for the living and the dead, protection from disease and evil, funerary symbol	The symbol of the royal power of the pharaohs, the wrath of the gods (the punishing "Eye of Ra")

The main differences in a nutshell:

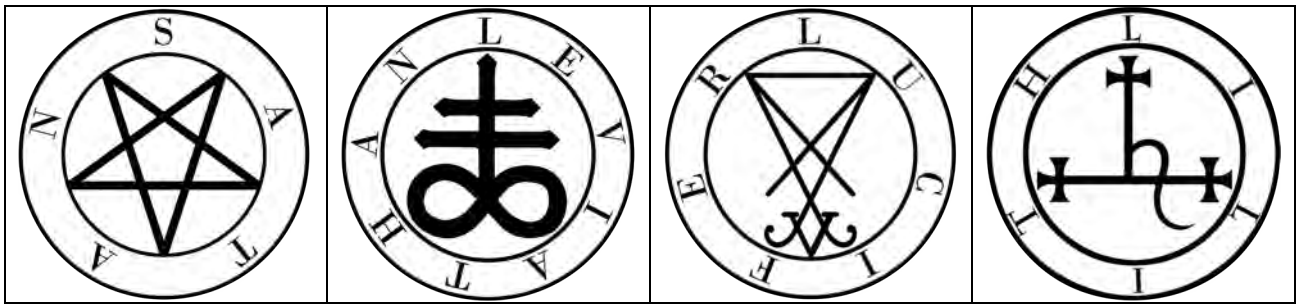
1. The Eye of Horus (Left) is a lunar, healing, and protective symbol. It is associated with the legend of the battle with Set, where the eye was knocked out and then magically restored.
2. The Eye of Ra (Right) is a solar symbol, the embodiment of the fiery and powerful energy of the sun god Ra himself.

Note: In the late period of Ancient Egypt, the images of these two symbols were often intertwined and used interchangeably, but in classical mythology, the difference between them lay precisely in the distinction between the Sun (Ra) and the Moon (Horus). **Next, the Antichrist will explain the sigils of Gay Satanism and his plans for these sigils. Gay Satanism will have sigils of various hierarchies. I will list them:**

1. Sigils of the Demons of the Blasphemous Satanic Family of the Antichrist Slut Sodomia in Hell: the Sigil of Satan, the Sigil of Leviathan, the Sigil of Lucifer, and the Sigil of Lilith. These are my spiritual satanic parents,

[10] https://baike.baidu.com/ru/item/Анубис/1061980 BaiduWiki Знания объединяют мир. Анубис.

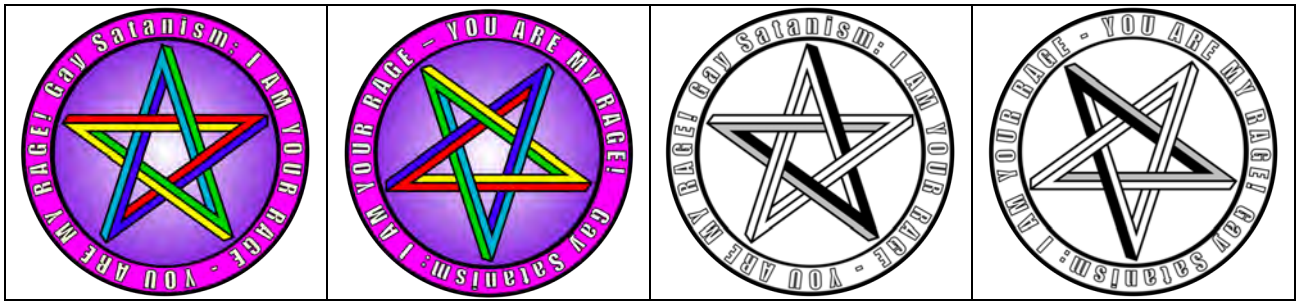
patrons, the Hellish Spirits of the Antichrist Slut Sodomia. There are four sigils in total. Used in the upright position.



2. Announcement. The Antichrist has planned the publication of a classic pandemonium of the Demons[11] of Hell and the creation of additional official sigils for the Demon Kings of Satanism, clarifying the functions and manifestations of Satanism through the personification of the Demons of Hell. I note that all the Demons of Hell are allies of Lucifer's and Satan's son, – the Antichrist, but I want to highlight sigils that symbolize manifestations of specific ideas, thoughts, and the philosophy of gay Satanism. I will use classic sigils created by Satanists of previous generations as a basis, but will attempt to clarify the meaning and manifestation of the Demons. These allied Demons are Satanic patrons and ideological models for the Antichrist Slut Sodomia. There will be up to 100 such sigils. The Antichrist has already written that there is no need to invent new terms and symbols if existing ones have been created. Therefore, I will use existing Demon sigils, but with explanations from a Gay Satanist perspective. If I cannot find the old classic Demon sigils, I will create new ones.

First, I will incorporate the 10 main Demon Kings into the Gay Satanist pandemonium. These Demons will reflect the ideological foundation of Gay Satanism and the philosophy of the Antichrist Slut Sodomia. The names of many of the Kings of Hell are familiar to advanced theistic Satanists, but not everyone is familiar with the energy and scope of Satanism embodied by these names and sigils. Of course, it would be desirable to formalize the Antichrist's pandemonium as a separate illustrated book, but I will approach the creation of the Demon pantheon gradually. This will be a more conscious, deliberate approach, which may take time but will yield better results. Of course, I will draw on the experience of other Satanists when creating a pantheon of Demons. Satanists should learn from each other, despite the strong individuality of the various authors of grimoires of the old and new eras.

3. Official sigils of Gay Satanism. Two sigils, one upright and one inverted. Upright, they represent protection; inverted, they represent Satanic spiritualization from Hell to our world and back.



4. The personal sigils of the Antichrist Slut Sodomia consist of 7 sigils (5 old sigils + 2 new sigils). They are used in an upright position.

[11]Pandemonium (from the ancient Greek παν - "all" and δείμων / δαιμόνιον - "spirit", "demon") is a word that means the kingdom of Satan-Lucifer, the gathering of all the Powers of Hell, Demons or Spirits, similar to the word "pantheon" (Greek). The term was popularized by the poet John Milton in the poem "Paradise Lost", where Pandemonium is the capital of Hell and the palace of Lucifer.

5. Announcement. Thematic sigils of the Antichrist and gay Satanism will be a new branch of logo development. These sigils will be dedicated to a specific idea or theme within gay Satanism. I plan to create a fairly large number of thematic sigils on a wide variety of topics. For example, there will be sigils on the following themes: anti-fascism in Satanism, blasphemy in Satanism, the number 666, sigils for gay Satanist stores or publications, feminism in Satanism, LGBTQ+, and gay sigils. The exact number of such emblems is unknown, but I plan to create over 100 sigils. These will be puritanical Satanic sigils.

6. Announcement. Sexual sigils of the Antichrist and gay Satanism will be a new branch of logo development. These sigils will not be puritanical, but rather erotic and pornographic symbols of gay Satanism. The exact number of such emblems is unknown, but I plan to make 100+ sigils.

An important addition regarding the thematic and sexual sigils of the Antichrist Slut Sodomia: these sigils will use graphics and symbols from other Satanists or artists. If I know the artist of the graphics, I will include their name when publishing the sigil announcement. These sigils will be made in the style "Approved by the Antichrist Slut Sodomia." The publication of these sigils will serve as an advertisement for Satanic ideas, an endorsement of the artists' ideological concept, and the Antichrist and Satan-Lucifer's approval of the graphic execution of these sigils. Thus, it will be something like a nomination for the success of ideas in Satanism, evaluated by the Antichrist and Satan-Lucifer and transformed into emblems of these ideas.

This Gay-Satanism almanac, SatanArt #8, is a "Sexual Edition," meaning it contains explicit erotica and pornography, in animated form. This genre is a favorite of the Antichrist Slut Sodomia, but not all puritanical and prudish websites with public WEB 2.0 access permit the publication of this e-book on their websites.

Image 701. The majority of the population of planet Earth are creatures of evil. They will face retribution in Hell. Inanimate creatures of evil make up 99% of the human population of planet Earth.

Image 702. Satanists make up less than 1% of the population of planet Earth. Hell is home to Satanists. Satanists love hedonism, pleasure, lust, perversion, and Satan.

In various belief systems—including some Satanists—Hell is often imagined not as a place of punishment, but as a space of freedom and the acquisition of inner strength. This is not the case. Satanists spend their entire lives seeking euphoria, sex, and pleasure for themselves and retribution for the creatures of evil. In the quantum dimension of Hell, Satanists achieve synergy with Satan/Lucifer.

Image 703. Beautiful MTF Demons enjoy each other in the euphoria of Hell. Synergy with Satan and the Succubi increases lust and sexual pleasure in Hell.

Image 704. Demons-Lords of Hell for the creatures of evil: Sadist, Lilith, Satan, Entropy, Death.

Image 705. Satanic liturgy and initiation into Satanism in Hell. For new Satanist souls (candidates). Spiritualization and awareness transform into Satanism after death.

Image 706. The demons of Hell are enjoying themselves at Satan's Feast. This "feast" is dedicated not only to food, but also to retribution against the creatures of evil. All people go to Hell after death. No so-called heaven exists for the creatures of de-enlightenment, no matter what religious figures of virtually all religions may dream up.

Themes of Satan's Ball or Satan's Feast sometimes appear in literature and paintings. Similar paintings were painted by the Dutch artist Hieronymus Bosch (Jeroen Anthoniszoon van Aken). While Satan's Ball typically features Satanists and demons of Hell having fun, having sex, and enjoying each other, as in a gay club, Satan's Feast is usually associated with the enjoyment of sadism against various evil creatures. In general, one can imagine the life of Satanists in Hell as a collection of various activities, the main ones being pleasure, lust, hedonism, sadism against evil creatures, and the deepening of Satanism within oneself. Masochistic Satanists may engage in sadism to enhance their masochism. This is not surprising, as sadism and masochism are linked by the acronym BDSM. Satan's Ball combines Satanists' enjoyment with sadism toward evil. There are no rules to this ball, and every Satanist and Demon of Hell enjoys themselves to the extent of their Satanic spirituality. Some laugh profusely, mocking evil, while others prefer brutal sadism.

Image 707. Lust in the world of fluid forms of Hell between MTF Trans-Demons. The world of Hell differs from our earthly world in that quantum time there is multidimensional, not strictly sequential. Therefore, quantum matter is very closely linked to time. They are also connected to our world, as Albert Einstein proved.

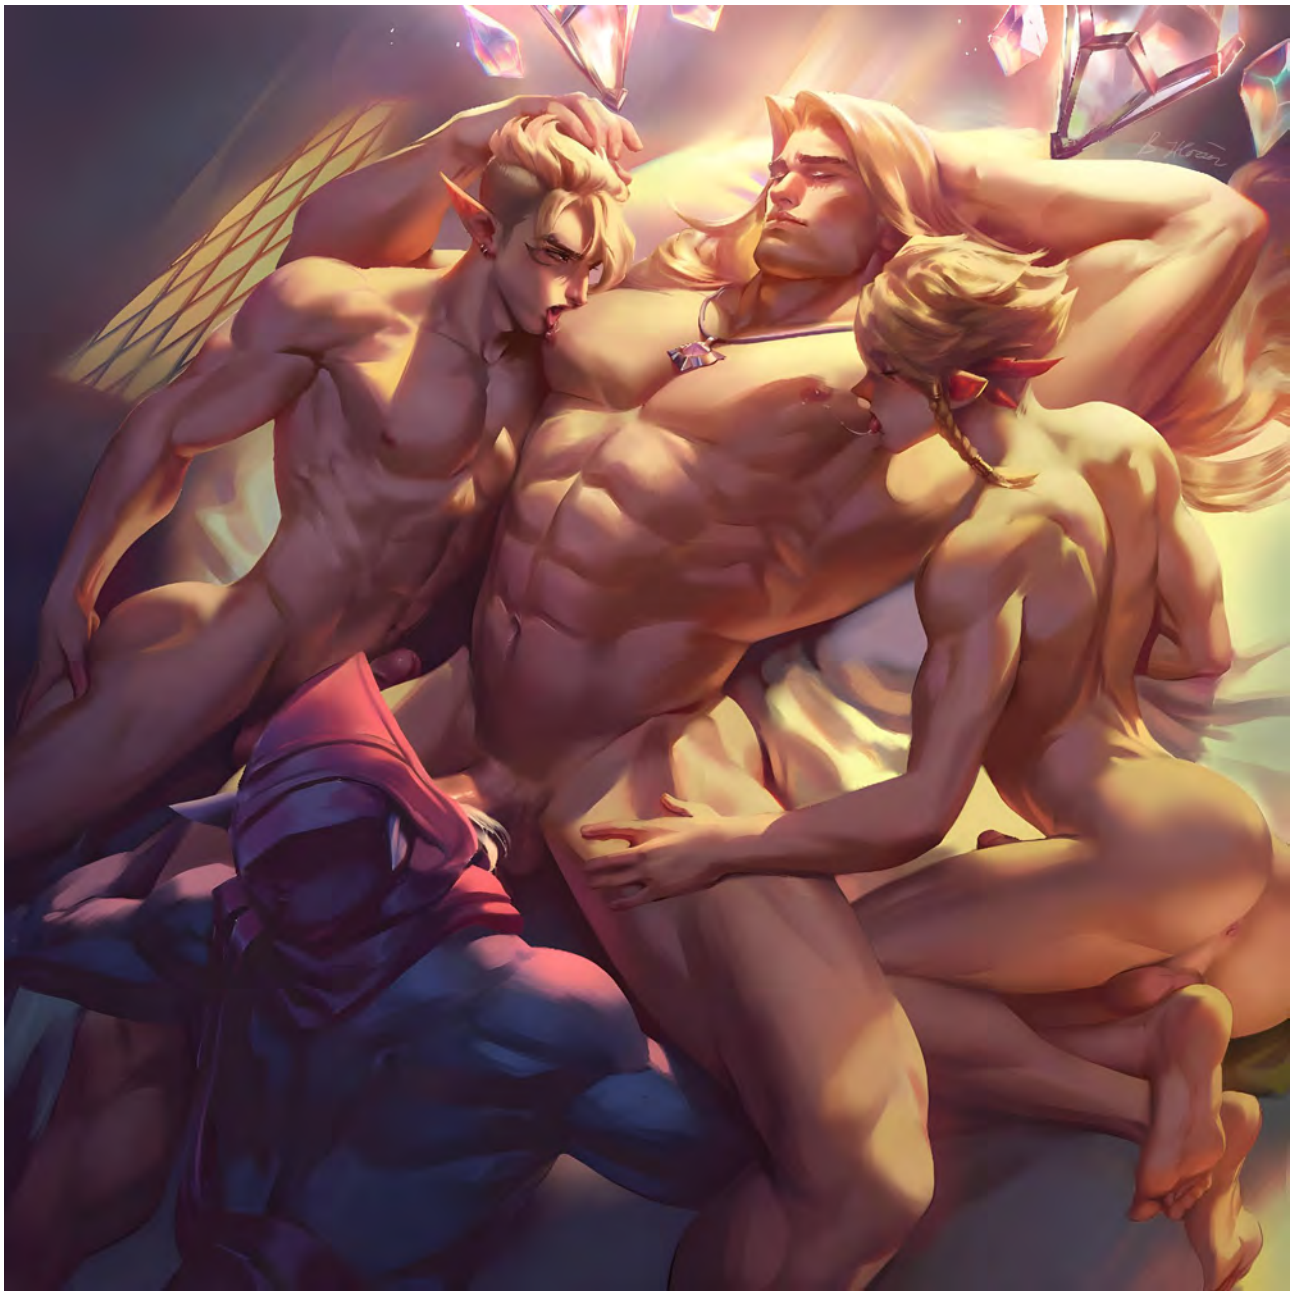


Image 708. Satan, the Spirit of Satanism, holds gay Satanists in his hands. Gay group sexual euphoria among homosexuals in Hell. Gay Satanists strive for sexual euphoria their entire lives in our world, and many find it even before returning to Hell. But not all.

There's no need to fear Hell. There are too many variations of it, and different people perceive the underworld in too many different ways. This only proves one thing: no one knows what awaits us beyond the grave. We can only find out once we get there. But rushing to do so for research purposes is probably unnecessary. Remember that everyone has their own Hell—and it's not necessarily fire and tar. For gay Satanists, Hell is a place of union with the Spirit of Satan, that is, with the true Holy Spirit, of whom the Christian religion speaks so much. This spirit is not accessible to everyone, especially in a world as overpopulated as planet Earth. The more new human offspring there are, the more evil there is, the less living space and nature there is for each individual, and the less opportunity each person has to receive Satanic inspiration. The light of Satanism visits less than 99% of the planet's population. LGBTQ+ people, and especially trans people, are the most suitable vessels for satanic spiritualization by Satan and the forces of Hell.

Image 709. The demons of Hell fuck a bitch in Hell and whip her. Christian bitches in our world deny the importance of sex and lust and hide their lustful desires in every possible way. The demons of Hell will open their eyes to lust, in their own demonic manner. The Commander-in-Chief of Hell and son of Satan supports this practice.

Satanists and Demons of Hell love to use the exploration of the body as an altar, erotic polarity, and submission/dominance as a spiritual practice as retribution against "pious"—that is, cynical and hypocritical—bitches. This is a good BDSM practice, even in our world on planet Earth. In Hell, sadism is used to entropy the creatures of evil, through sadism. It should be noted that many Satanist-masochists are attracted to sacred humility, the polarity of devotion, and the transformative fire of erotic submission. In this case, the Demons' sadism becomes a blessing for them—BDSM love.

Image 712. Demon-Bitches around Satan. Satanist sucubs gathered around the Demon of Hell-Buffomet. This is an allegorical icon of gay Satanism, with the banners of the logos of the Blasphemous Family of the Antichrist Slut Sodomia.

Spiritual BDSM also reclaims the power wrested from cultures that demonize queer sexuality. Through ritual play, gay Satanists embrace the forbidden, transforming centuries-old moral condemnation into acts of sacred defiance. Fetish becomes prayer; pain, enlightenment. This alchemy transforms what once oppressed you into something that now empowers you—a distinctly Satanic expression of liberation through reclaiming your body, identity, and will. BDSM can become more than just an erotic act—it becomes a ritual of power, vulnerability, and sacred rebellion. Within the structure of dominance and submission lies a dynamic that reflects the essence of Satanic philosophy: the exploration of one's true will beyond social stereotypes. When you consciously engage in fetish play, you create a sacred space where shame and repression are banished through intention, intensity, and consent—tools no different from those used in Satanic rituals.

Image 714. The changing forms of Hell in H.R. Giger's painting No. 1.

BDSM, in the context of theistic Satanism, is not humiliation, but sanctification. It teaches you to approach darkness not with fear, but with curiosity and creativity. It becomes a ritual of self-improvement, where each scene is a hymn to freedom, flesh, and fire—living proof that the divine does not punish pleasure, but transcends it. By embracing this truth, you embody Satan not as the enemy of good, but as the liberator of the soul through ecstatic, embodied power.

Image 717. A black hole is the gate to Hell. A figurative representation of quantum travel into the Hellish dimension.

The study of black holes intriguingly intersects with the concept of alternative universes, often referred to as the multiverse theory. This hypothesis posits that our universe is just one of many, each with its own distinct physical laws, constants, or history. This idea stems from interpretations of quantum mechanics, such as the many-worlds interpretation, which posits that every quantum event gives rise to branching universes. Furthermore, cosmological theories suggest that certain conditions, similar to those present during cosmic inflation, may support the existence of entire universes beyond our observable region. The allure of black holes as potential gateways to alternate dimensions has captured the imagination of scientists and theorists. Some suggest that singularities within black holes may connect to different points in spacetime or even separate universes entirely. Such ideas challenge conventional understandings of space and time, opening up a vast field of research exploring the nature of reality itself.

Image 724. Satanist demons are having fun in Hell #2. Two demonesses are fucking a Satanist boy.

Satanism celebrates the divinity of the individual, and BDSM provides a direct, physical path to this realization. Every lash, restraint, and command becomes a means of awakening consciousness, forcing you to confront both your limitations and your desires. The submissive attains transcendence through submission not to a god above, but to the truth within, while the dominant reflects the Luciferian archetype, exercising control with awareness and reverence. Satanism honors freedom of expression through pleasure and trust.

Image 725. A sadistic demon is having fun with a masochistic bitch. There's no death in Hell for Satanists. For evil creatures, quantum entropy is provided, through sadism. Is there a difference between sadism for masochists and for creatures?

Image 726. Arrival in Hell. The connection between black holes and alternate universes has long attracted the attention of both physicists and cosmologists. Several theoretical concepts attempt to explain how these mysterious celestial formations could serve as gateways to other dimensions. One of the most compelling concepts in this area is the idea of wormholes, hypothetical passages through spacetime.

Image 727. Two demons of Hell and two Satanists indulge in a tender, gay orgy. An icon of gay Satanism, St. Petersburg-based artist Candra Gloomblade paints scenes of Satanism and dark fantasy.

Image 728. Beautiful landscapes of Hell. Purple is a symbol of Satanism. Yellow is the primary color.

Wormholes, based on Einstein's theory of general relativity, are believed to form under certain conditions, particularly near black holes. These structures can be thought of as tunnels connecting two distinct points in spacetime. Some physicists suggest that singularities at the centers of black holes may lead to the formation of such portals, representing a possible mechanism for interdimensional or quantum travel.

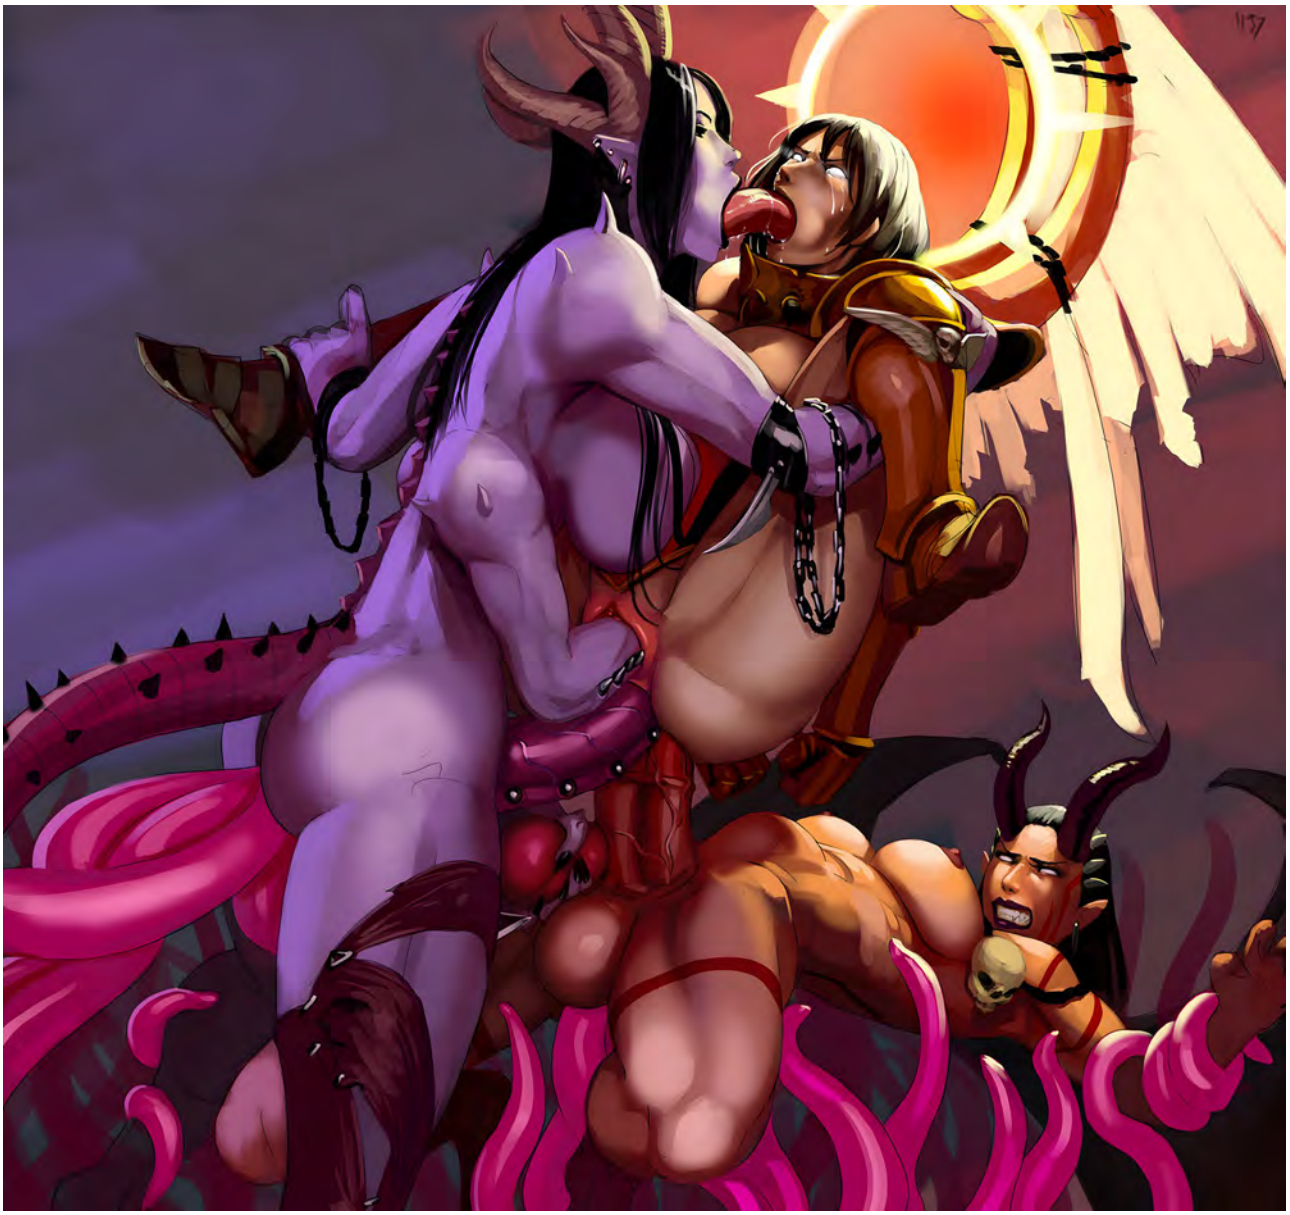

Image 731. Two Trans Demons fuck and fist a bitch. An icon of epic fucking in Hell.

Trans Satanists have two parts of their soul: male and female. This is usually expressed morphologically, i.e., externally. Faggot MTF trans sluts are closest to Satan in spirituality and in the quality of their soul's vessel for satanism. Trans girls have a very high level of lust, which unites the active and passive in a single person, just as Satan unites the Alpha and Omega. This expands the soul's vessel for lust and for Satan's entry. Having a broad sexual horizon frees trans people from prudishness, i.e., stupidity, and fills them with Satan, truth, and perverse sexuality. The MTF trans assertion, "I am a woman trapped in a man's body," is now considered logical and meaningful. Several decades ago (before 1990), such a statement would have provoked the outrage of various monsters, homophobes, Christians, and transphobes, demanding mental health treatment. Today, men who identify as women receive support. There's even a global event—International Transgender Day of Visibility—celebrated on March 31st in honor of transgender and non-binary people. Of course, trans people, gay men, and all LGBTQ+ people are part of Satanism, but not all members of the community are conscious Satanists. Almost all MTF trans women are Satanists. Among other LGBTQ+ movements, Satanists are significantly fewer.

Hell is a wonderful place for enlightened Satanists. Events unfold simultaneously and, in many places, much like the pleasant dreams of our world. For the creatures, Hell is a nightmare.

Image 736. Demons of Hell #1. A Satanist (Antichrist) in the company of beautiful and lustful succubi. An icon of the Satanic crowd in Hell.

Hellish demons and Satanists continue to live in Hell after their earthly lives. Satanists pass into Hell through a quantum leap because they are part of the consciousness of the VICP, unlike human beings, who are not connected to the VICP. The Antichrist doesn't know exactly how this happens, but it involves tunnels between quantum dimensions, which we call black holes and singularities. Gay Satanism is artistic esotericism, not quantum mechanics.

Image 737. Satan and the Demons of Hell. Slut Sodomia devoted considerable space to the topic of transvestites in her grimoire "Gay Lust." The Antichrist's anthologies SatanArt #2 and #11 are devoted to the topic of MTF transvestites, penis girls, and trans succubi.

Transgender people are known to have existed since ancient times. A wide variety of societies have maintained traditional third-gender roles, or have accepted transgender people in some form. However, providing an accurate historical overview is difficult, as the modern understanding of transgenderism and gender in general only emerged in the mid-1900s. Thus, historical understandings are inherently imbued with modern principles and, until the late 1900s, were viewed primarily from a medical perspective. Both transwomen and transmen were mentioned in European psychiatric hospitals in the early 19th century. One of the first documented gender non-conforming people in America was Thomasina Hall, a 17th-century colonial servant[12]. Thus, we see that evil spirits have been interfering with the lives of transgender people since the recent past. This is further proof that the opinions of the crowd are insignificant and that there's no need to be led by mass stupidity. Since the early 2000s, the situation has changed, with the popularity of transsexuality, Satanism, and LGBTQ+ values flourishing worldwide.

Wherever there is a connection with the cosmic element, Satanism can emerge. For unconscious animals, such a connection operates only at the level of biological control. Through conscious connection, creative thinking and Satanism are born. Not all creative people are Satanists.

Is it possible to become a Satanist? Yes, it is. Satanist candidates must seek the truth, dislike evil, and strive to think critically, going against the grain. Such a difficult endeavor is not for everyone.

Image 747. Purple Baphomet among the demons of Hell. An almost puritanical icon of gay Satanism, Baphomet, often depicted as a hermaphrodite, has become a symbol in occult and mystical traditions associated with the glorification of duality and the union of opposites.

The depiction of Baphomet as a hermaphrodite encompasses broader symbolism that transcends traditional gender norms and encompasses the full spectrum of sexual identities. As a being embodying both masculine and feminine traits, Baphomet represents the fusion of opposites, symbolizing the reconciliation of seemingly contradictory forces within the individual and the universe. In occult philosophy, this image emphasizes the interconnectedness of all things and the inherent balance achieved through the embrace of diversity and complexity. This enigmatic figure encourages people to resist societal norms, embrace uncertainty, and explore the depths of their own identity.

Image 750. Blasphemous Satan in the company of the Demons of Hell.

Blasphemy (Greek: βλασφημία, Latin: blasphemia) is the irreverent use of the name of a god or gods, as well as the vilification of any objects of religious worship and veneration. It is a sin in Jewish, Islamic, and Christian beliefs. At different periods of history and among different peoples, this concept has been understood differently and punished to varying degrees by law[13]. For Satanists, blasphemy is a disrespectful attitude toward evil and its dogmas. Therefore, the evil of the world is so wary of disrespecting their deities and the leaders of their various organized crime groups. It's not for nothing that they persecute blasphemy according to their "laws" of evil. Satan can be portrayed in any form, and Satan cannot be offended, humiliated, or insulted in any way in the eyes of Satanists. Therefore, only evil fears blasphemy, just as it fears Satan and the forces of Hell for their vile deeds in our world. Blasphemy can take many forms. The more perverse the blasphemy against evil, the better. For Satanists, blasphemy is a natural and almost "obligatory" activity. Lying about Satan and Satanists is true blasphemy against the truth.

Many BDSM practitioners express discomfort with the more mystical aspects of their spirituality and often adopt an epistemological position that could be called post-rational, reluctant to acknowledge mystical experiences within their preferred system of scientific and rational knowledge. However, many sadism-masochism practitioners have described spiritually unifying, transcendental, and cathartic experiences gained through their BDSM practices[14]. Sex (not all of it) is based on relationships like Sado-Maso.

In modern atheistic Satanism (for example, in the philosophy of Anton LaVey), Hell and Heaven are not perceived as real places, and Satan is used as a symbol of individualism, rebellion, and earthly desires. In spiritualist and theistic Satanism, Hell is the abode of Satanists after physical death in our world. It is a place of euphoria and synergy with Satan/Lucifer. Spiritualist Satanism does not require worship of Satan, but it does occur through sex.

Image 764. Satanic lust of blasphemous whores in Hell. Painting "The Author of Incest".

In the criminal laws of many countries, the concept of "blasphemy" has been replaced by "insulting religious feelings," the punishment for which is significantly less severe than in previous times. In July 2015, the Icelandic parliament abolished the penalty for blasphemy, which had been in effect in the country since 1940. In Ireland, blasphemy became a criminal offense in 2010, punishable by a fine of up to €25,000 (there are no records of prosecutions for this offense as of 2017). In Finland, Hannu Salama was convicted of blasphemy in 1966. This is the situation in Islamic countries. In Islam, blasphemy against God is considered one of the gravest sins. In a number of countries, blasphemy remains a crime punishable by up to the death penalty[15]. Evil greatly fears blasphemy against its vile religion and its invented taboos for creatures. Incest is Satan's way of stopping the growth of superfluous creatures. The "degeneration" effect of incest is widely known, and it's not just a figment of the Antichrist's imagination. Of course, incest isn't necessary for normal human life, but as a means of stopping the spread of GMO freaks, it works flawlessly. Hail Satan!

In the 1307 trial of the Knights Templar, the word Baphomet was used as the name of one of the satanic deities worshiped by the Knights Templar in secret rituals, according to the Inquisition's investigation. The priests of the religion saw Baphomet as the Devil himself and accused the Knights Templar of heresy. In more recent history, the Demon of Hell, Baphomet, was "resurrected" by Eliphas Levi, who depicted him in the 15th Arcana of his Tarot deck, the card corresponding to the Devil. The first open source appearance of this Baphomet was in his book, "Ritual and Dogma of High Magic." It was an androgynous creature with a goat's head and hooves, and on its hands was inscribed the alchemical motto "Solve et Coagula," which translates as "dissolve and condense." Before the founding of the Church of Satan, the "sigil of Baphomet" was never mentioned, much less considered the primary symbol of Satanism. The word "Baphomet," read from right to left, "Temohpab," is a notarikon—an acronym for the first letters of the following phrase: "Templi omnium hominum pacis abbas," which translated from Latin means "abbot of the Temple of Peace for all people." Lucifer, the Devil, the Devil, Baphomet, and Lilith are synonyms denoting our Teacher and Spiritualizer, Satan, with slight artistic nuances and peculiarities of the image. The Antichrist does not consider the Knights Templar to be Satanists.

Image 771. A pile of naked lust in Hell with Baphomet at the top. When the Antichrist was little, I always wondered why people didn't copulate in droves in the streets, like they do in Hell. Then I started growing up and realized that in our world, that's not how it works. It's not surprising—in our world, Satanists are a minority.

The concept of a dimension of Hell doesn't exist in all world religions. There is a certain notion of an afterlife, where some are slightly worse off, others slightly better off, and to each according to their deeds. The idea of Hell as a place of punishment for sinners became a popular theme with the spread of Christianity. Of course, Hell exists in Buddhism (Naraka), Mayan beliefs (Xibalba), and Scandinavian beliefs (Helheim), but nowhere besides Christianity has it been given such importance, nowhere has it been depicted so vividly, colorfully, and effectively. Satanists see Hell differently than religious people. For Satanists, Hell is a source of spiritualization by Satan, an otherworldly quantum dimension where they have already been, are, and will be after death. It is precisely because of this quantum connection that Satanists are spiritualized by Satan, on a level invisible to any modern instrument. Naked, intertwined bodies are a common part of the vision (representation) of Hell for many Satanists, including Slut Sodomia.

Image 780. Three MTF Hell Demons and a Satanist girl make love. Artist: NYUUNZI. Futanari succubi in contemporary Satanic art.

Descriptions of the work of contemporary Satanist artist NYUUNZI can be found on many websites. Here's what the artist himself writes about his graphic art: "You like cyberpunk ultraviolence and sexy, depressed aliens? YES? GOOD!"[16]. Of course, any artist can deny any connection to Satanism, but the Antichrist is interested in evidence expressed in the artist's work, not statements. Slut Sodomia doesn't see any particular violence in this artist's paintings, to be honest. Satanism isn't violence, but spiritualization. Gay Satanism is evident in the paintings of the artist NYUUNZI, although perhaps he himself isn't aware of it... 😊. Futanari (ふたなり) is a Japanese term for hermaphroditism or the possession of both male and female characteristics, derived from the words "futa," meaning "two," and "nari," meaning "form" or "type." In modern usage, particularly in the hentai genre—erotic anime and manga—the term specifically refers to fictional characters who appear female but are depicted with functional male genitalia, often a penis, and, typically, female genitalia, such as a vagina, along with female secondary sexual characteristics. This depiction emphasizes fantasy elements rather than biological intersex conditions, distinguishing it from real medical phenomena.

Image 781. Two gay Satanist boys have anal sex with the Demons of Hell.

Satanism has fallen prey to many misconceptions, but when it comes to sexual freedom and self-expression, it definitely emphasizes the idea that we are all human, and sex should be seen as a positive activity in our lives. While different forms of Satanism have their own views, it all comes down to our choice as humans, and if we want to have sex once or ten times a day, so be it. Gay Satanist publications from Antichrist Slut Sodomia specialize in Satanic lust and the sexual euphoria of gays and trans people in Hell. Many illustrated anthologies in the SatanArt almanac are devoted to gay sex or MTF trans sex. Antichrist Slut Sodomia asserts that all LGBTQ+ sexual spirituality is perverted and Satanic in nature. This is not something bad, as the lies of religions and many fascists of our world proclaim. Many people wonder what Satanists believe about death and the afterlife. After all, Satanists enter into a pact with the Prince of Darkness and the Ruler of Hell. Such a deal may include some kind of punishment, some religious adherents believe. But as you'll see, Satanists' views on death and the afterlife are quite varied. Satanism differs from many religions in that it doesn't offer a single explanation for what happens in the afterlife. Some Satanists desire to go to a place called hell and serve Satan after death. Others don't even consider the possibility of an afterlife, believing there is nothing after death. Satanists' opinions on the afterlife depend on whom you ask. Ultimately, no one has definitively proven what happens after death, and we all wonder about it. But Satanism may offer some rational explanations for this eternal mystery. However, many Satanists simply don't accept Christian definitions of what happens in the afterlife.

Image 783. The Shifting Forms of Hell. A Flow of Information and Eroticism.

The striking similarities between the ancient Greek and ancient Norse afterlife allow us not only to group them into a single subsection, but also to speak of them as a single underworld with some differences. In principle, many religions are subject to the phenomenon of syncretism—when the same legends find their way into the beliefs of different peoples. Let's clarify right away: in Norse mythology (as in ancient Greek), there is neither hell nor heaven as such. As in most religions, there is some kind of afterlife, and that's it. The Scandinavians believed there were nine worlds in total, one of which, the middle one, was Midgard—our Earth. The dead were divided into two categories—heroes and everyone else. There are no other principles, no sinners and the righteous. In fact, ancient Greek mythology also has an analogue of paradise—Elysium (not to be confused with Olympus, the abode of the gods), a land of the blessed, and exotic islands beyond the sea. There are no worries or sorrows there; there is sun, sea, and water. But only the souls of outstanding ancient heroes and especially righteous people, whose lives are "approved" by the judges of the underworld of Hades, reach there. Unlike Valhalla, Elysium has many "doubles" in other religions. The mythology of the ancient Celts and Britons (Avalon), the Chinese (the islands of Penglai, Fangzhang, and Yingzhou), and even the Japanese (the Isle of Eternal Youth) tell us of exactly the same paradise. Hell in the Aztec tradition was called Mictlan. It was presided over by the cruel and evil (like almost all the other Aztec gods) god Mictlantecuhtli. Sinners, regardless of their position, had to pass through nine circles of hell to achieve enlightenment and be reborn[17]. Thus, many peoples had similar concepts of the afterlife dimension of Hell.

Image 785. Trans slut gets fucked by Trans Satan with abundant insemination of her bitch anal pussy. Artist Lucien.

Being penetrated and inseminated is the most common desire of passive Satanists. Many Satanists dream of being penetrated by a huge, horse-sized penis. These dreams find expression in the desire for anal intercourse with Satan. Succubi and incubi—the most famous demons of debauchery in European culture—prey on men and women, respectively. Their names derive from the Latin words subcubare ("to lie under") and incubare ("to lie on top"). However, these demonic beings have a wide range of sexual possibilities and cater to any preference. Sometimes it was specified that an incubus could take the form of either a man or a woman—in which case, they are called succubi. Intercourse with demonic entities was described in bizarre and not without interest. Some claimed that reclining with an incubus was the greatest pleasure, while others described the process as horrific and unpleasant. Pierre de Lancre, an investigator who participated in witch trials, wrote about the demonic phallus: "It was usually sinuous, pointed, and serpentine, sometimes made half of iron and half of flesh, at other times entirely of horn, and usually forked like a snake's tongue. As a rule, it simultaneously engaged in copulation and pederasty, with a third appendage sometimes reaching the lover's mouth."[18].

Image 786. The surreal world of Hell. The artist is unknown.

Most theistic Satanists believe in Satan, Lucifer, and other Spirits of Hell. Despite the lack of a centralized doctrine, common ethical tenets emphasize hedonism, power, creativity, and personal freedom above altruism or self-sacrifice, and Satan is invoked as the patron of these virtues. Variations exist, such as polytheistic frameworks, where Satan shares a pantheon with other entities such as Lilith or Astaroth, or more monolateral cults focused solely on Satanic supremacy. Practitioners' empirical accounts emphasize confirmation of their beliefs through visions, synchronicities, or the supposed acquisition of power, although scholarly analysis notes the influence of romantic literature and occult traditions in shaping these beliefs. The world of Hell is another quantum dimension and the afterlife of Satanists. In this place, earthly forces do not operate, and quantum matter manifests differently than on planet Earth. The Antichrist describes Hell as "a place of shifting forms and black magic." For the evil creatures in Hell, there will be entropy. For Satanists, there will be exaltation, euphoria, freedom, and punishment for the wicked of our world.

Image 787. CIS Satanist bitch enjoys lust in Hell with Demons and Baphomet.

Sex-positive attitudes are gaining momentum as society's views on the topic change, but even before sex became fashionable, Satanism was already embracing it. Traditional religions have always held a more conservative stance on sex, and even though other believers may have different views on sex that conflict with their own religions, this seems to open the door to criticism and judgment from other followers. In Satanism, it's almost like "you do yours, and I'll do mine." Acceptance is key to knowing others, and Satanism definitely emphasizes the idea of mutual respect, as each of us is allowed to make personal choices.

Image 788. Dead spirits carry Satan-Baphomet and banners with the satanic pentagram. A ceremony honoring the idol of Satanism and celebrating satanic spiritualization in Hell.

The Antichrist Slut Sodomia, dedicated two SatanArt almanacs to the theme of Baphomet: #1 (the Puritan issue) and #46 (the sexy issue). Have you ever wondered what Baphomet symbolizes? Or why people consider goats satanic? For centuries, the goat, like Satan, has been repeatedly seen as a symbol of Satan. Therefore, Christians often scapegoated other groups and religions, using their own chosen symbol as a symbol of Satanism. Where Baphomet intersects with Satanism, it has been adopted as a universal symbol of Satan. The image has also been reprinted as Baphomet. Changes made by various authors over time help us further understand why goats are considered satanic. The image of a goat within a pentagram was first used by Eliphas Levi in his pentagram of Samael and Lilith. Later, similar versions of the image of a goat enclosed in a pentagram were created by Oswald Wirth and published in his book on Freemasonry. The same image was used by Maurice Bessey for the cover of his book, An Illustrated History of Magic and the Supernatural. Bessey's pentagram was then borrowed by Anton LaVey for use in promotional photographs of the Church of Satan in its early years.

Image 789. Satanic fucking in Hell with blasphemous Satanists and Baphomet-Satan. An icon of Satanism.

Within each form of Satanism, there is a general consensus regarding sex, but there are also differing views. For example, LaVeyan Satanism is more sexually diverse, inclusive of sexual orientation and various lifestyles (such as polyamory), thanks to the idea of personal choice. Meanwhile, Luciferianism, which focuses more on autonomy, doesn't necessarily have an ideal model for what relationships should be, as it emphasizes the importance of self-knowledge and one's own path.

Image 790. A succubus in Hell. Surrealism. An icon of Satanic female lust in Hell: "Take the fuckery and sperm of Satanism into yourself!" The same slogan is espoused by passive gay cumdumps.

Image 792. Satanist on Baphomet's dick in the company of other bitches.

Concepts of sex vary across religions, and even within certain denominations, views on sex may differ. However, various forms of Satanism suggest that modern Satanism recognizes sex as a liberating force, focusing on how it can become an experience that provides freedom and fosters personal growth. Satanism generally rejects religious and societal taboos, making it an ideal religion for discussing sexual matters. Theistic Satanists may view sex as a way to worship Satan, to feel a deeper connection with him, almost like an abstract threesome. The Temple of Set also takes an open approach, encouraging its members to explore their desires and align them with their goals.

Image 796. Lesbian Satanist bitches in Hell with Satan. Feminization is a good thing for all Satanists, and trans transition is extremely beneficial for achieving strong Satanic spirituality.

For born Satanists, feminization is not necessary, but there are many who "remember" or "rediscover" their Satanism during their earthly lives. Feminization is available to all sexes and genders, including heterosexual men. Many gay men dislike feminization, although anal gay sex itself is feminization, especially for passive homosexuals. For active gay men, Satanism lies in the desecration of homosexuals and the revelation of their Satanism through penetration and sodomy of females. Active gay Satanists do not necessarily need feminization.

Image 799. Get out, creatures. If you didn't seek Satanic enlightenment in life, you won't have it after death! Baphomet and the creatures are in Hell. Satanism is a phenomenon that is inaccessible and unnecessary to most people. The Antichrist knows this, as do all theistic Satanists and the Demons of Hell. Satanism is the preserve of a select few (less than 1% of the population). Joining the VICP is more accessible to the masses (5-10% of the population). Artist Fernando Rojas.

INFORMATION ABOUT THE SATANART GAY SATANISM VISUAL ART ALBUMS-ALMANACS AND GAY SATANISM

KEY THESES FOR UNDERSTANDING SATANIC IMAGES IN ART

Gay Satanism is not a religion or a sect. Gay Satanism is the spiritualization of man by Satan. This term has another meaning. Gay Satanism is a creative direction of the artistic genre created and developed by the Antichrist Slut Sodomia. I do not want gay Satanism to become a religion, but I want it to become a fan movement for the liberation of one's own consciousness from the shackles of the evil of our world. Under the auspices of Satan, with the Antichrist Slut Sodomia incarnate. Gay Satanism is for all people spiritualized by Satan. Not only for gays and people of homosexual orientation. All people spiritualized by Satan are disciples of our Teacher Satan. We are all Satanists. The difference between Satanism and religion of evil is that it is an individual spiritualization. Mass demonstrations under the guise of Satanism are impossible, because Satanists are introverts. Fake Satanists of the future will gather herd gatherings of pseudo-Satanists (football fans, music fans, fans of the SOCG[19] or religion). A meeting of real Satanists is a sexual orgy or a sabbath of unity with nature in the nude. Other types of mass demonstrations of belonging to Satanism are fiction and a parody of Satanism.

Satan is good. Satan is the Tamer of evil. Satan is revenge for evil in our world. Satan is Joy, Pleasure and Happiness. For the evil forces of our world, Satan is the main enemy. Satan is an image in the consciousness of man and a mystical experience of connection with the spirits of another dimension, which is called Hell. For Satanists, Hell is their home. Connection with the spirit of Satan occurs at the quantum level. Modern science already studies and uses the quantum level for applied tasks. Satan is the main spirit of Hell, the Lord of critters, the Teacher of Satanists. Satan is not a god. Satan is the Spiritualizer, the source of black magic, the Alpha and Omega. Satan is the Adversary of evil and the Accuser of evil. Satan is the Father of all Satanists. Lilith is the Mother of all Satanists. Satan and Lilith are the sources of Satanic lust for all their Satanist children.

[19] SOCG is an acronym that stands for the true meaning of state. State Organized Crime Group. The term was coined by Antichrist Slut Sodomia for the Gay-Satanism grimoire "Gay Lust".

Satan is the internal spiritualization of a Satanist, and not dogmas, sermons of priests or religious books. At the same time, Satanism does not deny the importance of biological parents.

Satan, Lucifer, and the Devil are one and the same image, phenomenon, and concept. They are not different characters, but a single sovereign being. The Devil is a collective term for all the images and forms of our Teacher Satan-Lucifer. Christians imagine the "fight against Satan and Satanism" as a harmless, masochistic torture, but they are mistaken. For them, Satan is a sadist. Only for Satanists is Satan a masochist, and the name of this form of Satan is Lucifer. Lucifer is the Devil in the form of a masochist, and Satan is the Devil in the form of a sadist. Lucifer is the historical form of the Devil, when His Spirit hovered over the Earth and evil had not yet bound the Earth with its fascism, evil gods, and their servants, religious sects with the SOCG. After evil took over our planet Earth, Lucifer was rejected by the evil creatures of our world, i.e., by the majority of people in our world who are not Satanists. Lucifer left our world in a clearly "public" form and moved to his abode, which is called Hell. Lucifer-Satan left behind a magical shield against the evil of our world, and this shield is called the Black Magic of Satanism.

I will refer to Hell with a capital H (Hell), as a proper noun, as the Hell in a parallel dimension ruled by Satan-Lucifer. Creatures enter Hell, with a capital H, after their physical death. Capitalizing the word Hell indicates life after death in another quantum reality, beyond our world.

Hell, with a lowercase h (Hell), as a common noun, I will refer to the existence of people in our world. In our overpopulated world, superimposed creatures suffer from evil, overcrowding, and their "superfluous" existence in our world. In hell, with a lowercase h, creatures live on planet Earth. The rulers of hell in Our world are the villains of the SOCG, billions of inanimate creatures, and religious sects. The absence of the Spirit of Lucifer-Satan in people fills them with evil. Paradise cannot exist where evil abounds and creatures without Satanic inspiration predominate. All creatures deprived of Lucifer's inspiration spread evil and give birth to evil.

Paradise is a place that humanity desires and wishes to build on Earth, in our world. Such a place already existed, but it was destroyed by evil. The word can be written with any letter, but it is best capitalized, because it is a specific goal and a specific place (we already recognize it). The contours of Paradise are clear to us, even if this place does not yet exist or has not been rediscovered. Paradise is a place on earth where there is no overcrowding, where people live in harmony with nature, where there are no organized crime groups, gangs, or fascism, and where most people are inspired by Lucifer. The key to creating Paradise is victory over the forces of evil. Such victory is possible only through receiving Satanic inspiration. The spirits of Hell bestow their inspiration on animal-humans. To accelerate the process of becoming inspired by Lucifer, one should take beneficial entheogens and psychedelics. These substances are non-addictive and strengthen human health and mental faculties. One of the goals of Gay Satanism is the return of Paradise to Earth, the restoration of Lucifer-Satan's good name, and the return of the Spirit of Lucifer-Satan to the throne of our world. The main opponents of Paradise and Lucifer are religions, evil spirits and their organized crime groups, fascists and their organized crime groups.

Lucifer is Satan, until evil took over our world, our earth (planet Earth), and expelled Lucifer from Paradise. God is evil, but the bearers of evil are superfluous, inanimate creatures. God is an abstraction of evil and its canon, but human beings with evil within are real objects in our world (called people or nations).

Darkness, the abyss - this is the world of soulless critters, their states, their stupidity. This is the occupation of planet Earth by usurpers of power in the form of the SOCG. This is the image of the evil of our world. In some cases, they mean the opposite, because it is the evil of darkness that gives birth to Hell, vengeance and Satanists. "Children of darkness" in this case mean Satanists. Also, the image of darkness can mean Hell for the forces of evil.

Light is Satan-Lucifer. Light is Satanism and Satanic spiritualization, bringing man closer to nature. This is liberation from the shackles of evil and this is the image of freedom. This is the image of the Tamer of evil in our world and in Hell.

Sadness, sorrow, regret - this is an indication of the understanding that evil has embraced the whole world and the Satanist has to live in our world, under the yoke of evil. The main sources of evil are: crowds of inanimate critters, SOCG. This definition of the term is specifically for Satanism and for Satanists. Also, these images can mean ordinary human emotions in relation to people.

Vengeance - this image is important for all Satanists. Revenge on evil in our world and in Hell. Inanimate critters, activists of the SOCG, deceivers of religions and other evil will certainly be subjected to revenge and information entropy.

Return of the land and return of freedom to people - this image is important for all Satanists. It means the overthrow of all SOCG and religions, cleansing the earth from inanimate critters, from their stupid and senseless evil. This is the image of cleansing the planet Earth from states and their totalitarianism.

Night is the image of the fact that a Satanist in the world of evil in our world, goes practically by touch. The light for him in the night is his Satanic spiritualization. Darkness thickens at night and light is needed most of all at night. The term night is similar to the term darkness, but does not mean evil itself, but uncertainty and difficulty in orienting oneself, acting, living without light. Lost, abandoned and forsaken - this image in Satanism means that Satanists are no longer in Hell and that Satan and the forces of Hell are not directly accessible to them. Only through Satanic spiritualization. It also means that in our world Satanists do not have their own magic for the instant destruction of evil, as in Hell, in Satan's dimension.

Religion is a dogma of worship of lies and evil. Religion is a substitution of true spiritualization by Satan for critters. All evil critters are deprived of spiritualization by Satan, therefore they replace Satanic spiritualization with God and religion. Religion is a sect, a community for critters for whom herd mentality is important.

God is the canon of evil, an example of a despotic, theocratic idol of evil. God does only evil and God is evil, even because he deprives man of true spiritualization by Satan, i.e. the true Holy Spirit. There have been many gods in the history of the human species. All gods of religion are united by malice, connection with the state and with the leaders of the SOCG.

Antichrist is a common noun, not a proper name. It is written with a capital letter, like the word Satan. The concept of Antichrist means the development of a high degree of Satanism in the consciousness of a person. The term Antichrist also means a Satanist who is close to Satan and the forces of Hell and has a high power of black magic. A synonym for the word Antichrist is the expression Great Magician of Satan.

Satanism is the spiritualization of people by Satan or other demons of Hell. Satanism can also be considered as a philosophical concept that opposes theocratic dogma and the state machine of lies, violence, prohibitions, imputed duties to evil, herd behavior. The main difference between Satanism and religion or other philosophical concepts is that the spiritualization of a person by Satan and the forces of Hell occurs from another dimension at the quantum level. Therefore, Satanism is an internal part of human consciousness, and not imposed dogmas of our world through the media, culture, propaganda, morality, prohibitions or education. Satan's enlightenment comes to a person at birth or develops consciously, in later life. Satanism opposes the evil of our world and the lies of our world.

The Spirit of the Antichrist is the aura of the Antichrist's influence on our world, or the Egregor of the Antichrist, which is directed against the forces of evil in our world. Satanic black magic serves as a response, a return force, and a reaction that results from the influence of the Spirit of the Antichrist and every Spiritual

Satanist. Black magic and the Spirit of the Antichrist are different terms, but they are connected at a quantum level.

Satanic lust is a developed and perverted sexual attraction, a constant desire to have sex, a desire to corrupt oneself and others to free oneself from the prohibitions of evil. Satanic lust is not just a sexual feeling, but a special Satanic practice for knowing oneself, getting closer to Satan, and liberating oneself on an animal level. The peculiarity of Satanic lust (especially gay lust) is that Satanic sex is not aimed at procreation or at making new human offspring. Satanic lust is always aimed at receiving pleasure or for tantric meditation. Of course, Satanists can make children if necessary.

A Satanist is a person who has Satanic inspiration. Many clues about the lies of evil are given to the Satanist not only by the inner critical thinking, but also by the mental connection with Satan and the forces of hell. Satanic spirituality often gives the Satanist a feeling of introversion and individualism. Satanists and gays are always proud of their personal spirituality or the achievements of their spouse. Satanists and gays are proud of their Satanic spirituality and perverted lust. Satanists are proud of Satan.

An unilluminated (unenlightened) critter is a person deprived of spirituality. This is a zombie and a cog in the evil system. Inanimate critters are accomplices and assistants of evil. Unilluminated critters prevent Satanists and the entire human race from living happily, receiving spirituality from Satan. Inanimate critters love herd mentality and submission. They cannot live without territorial oppressors, enslavers and false information of evil. Such people make up more than 90% of the population of planet Earth. These people have instincts of survival and adaptation. These people have no connection with Satan or with the External Information Field of the level of awareness. Critters can be called a biological shell or imitation of real people. Critters always choose evil, herd mentality, conformism and speak in templates from media propaganda or voice the dogmas of religion.

The state is an evil system that has divided the entire world into territorial zones of influence and terrorizes people with its prohibitions, oppresses with prisons and physical violence, creates conflicts between criminal gangs and plunges people into wars between criminal gangs. The state is the main source of evil. The state is a materialistic sect with its dogmas, rules of conduct and a system of oppression of the individual. The state = international military criminal groups = occupiers of the lands of the Satanists = criminal gangs = SOCG.

Fascism is a form of social organization expressed by discrimination by the state against its own citizens, that is, under fascism the supremacy of the state over the individual is recognized. Fascism is a state. Fascism is a state vertical of power, a structure of power and the people who participate in it. A strong state = a fascist totalitarian regime. The word comes from the Italian fascismo, fascio - union, bundle, bunch, unification; fascio di combattimento - union of struggle. Fascism is also an ideology and a socio-political movement within the framework of authoritarian or totalitarian militaristic ultra-nationalism and a corresponding dictatorial regime with strict regulation of society and economy. All states strive to regulate everything and on any issue. To do this, they constantly spew out different laws from their cesspools. All states are fascist territorial sects with their own ideology, rules and methods of oppressing the individual. Fascism is a system of evil, in which a small group of people believes that they can dispose of other people, command people, deceive people through the lies of propaganda and the laws of submission to evil established by fascism. All SOCGs are fascist and their goal is material enrichment, social intraspecific elevation above other individuals of the human species and the possibility of oppressing people by psychopaths. All fascisms are built on the principle of SOCG. Real spiritual Satanists hate fascists, do not celebrate their fictitious holidays and try not to submit to this evil.

Fascists, officials, bureaucrats are the evil of the human species, in suits or other costumed special clothing, who work for fascism or profess the principles of fascism. These critters will receive such a reprisal in Hell that they will be ready to give all the money of our world to avoid entropy and retribution of the forces of

Hell. But, it will be too late. Fascists, officials, bureaucrats of the SOCG, who are not economic-social-municipal employees of society, are criminals. Only a small part of the fascists are involved in improving the economic-social-municipal economy of people, and the majority of fascists are useless and harmful criminals.

The laws of the SOCG and other territorial fascist groups (local governments, prefectures, regions of the empire) are mandatory rules established by evil for people, with the aim of realizing the goals of fascism. All SOCG and fascist communities have their own laws to regulate behavior in the territories occupied by fascism. Satanists understand that the laws of evil are created for inanimate critters, with the aim of their subjugation, stupefaction and material use.

The positive activity of organized territorial entities is the organized management of communal services that is useful for the society of people, the development of the infrastructure of the society of people, maintaining the cleanliness of the territory and other social actions that are useful for the life of people, on the part of economic and communal local governments, prefectures, regional centers of territorial management. This is not a state, not an empire and not fascism. The Antichrist Slut Sodomia supports such activities and does not consider economic management to be fascism or evil. Currently, most territorial administrations support the fascism of the SOCG and are part of it. In a (future) society without the SOCG, the activities of organized territorial entities should be only economic and auxiliary, without politics, propaganda, religion and criminal concentration of power.

A patriot is an active fascist or active Nazi of his SOCG. A patriot is a person stupefied by propaganda who believes that his SOCG is better than another SOCG and he, as a member of this SOCG or a nationality within the SOCG, must do something for his SOCG in a selfless desire. A patriot is a slave of the SOCG. It is important for a patriot to be well proud of the greatness of his SOCG or the greatness of his Nazism. The pride of a patriot is always groundless, stupid and not aimed at pride in himself or his spouse. The pride of a patriot is always impersonal and is pride in the evil of the state regime that has seized the territory of the critter's habitation.

Patriotism is a person's smearing in the evil of pride in the fascism of a group of politicians or the Nazism of a certain SOCG or union of SOCG. Patriotism is a method of stupefying people, in which one SOCG exalts its importance in the eyes of people over another SOCG. Patriotism is belonging to a certain and evil group of lovers of local fascism, i.e. occupiers of the territory. Sometimes, the delirium of patriotism occurs at a distance (beyond the borders of one's SOCG) - then the patriot raves about the greatness of his SOCG, while being on the territory of another SOCG.

Propaganda is a constant, massive and avalanche-like lie of the SOCG about its greatness and its particularly outstanding character. The goal of propaganda is to make a person stop thinking critically and make him believe that he has a duty to the SOCG. For example, a duty to die in a war for the ideas of the SOCG, which are invented by the top of the ruling regime of this SOCG. Or a duty to obey the SOCG gang or a religious clan. Propaganda can be state and religious. In the world of the developed civilization of the white race, since the 19th century, the propaganda of the SOCG prevails over religious propaganda. Among the savages and religious fanatics of the damned peoples, religious propaganda still leads.

External Information Quantum Field (EIQF) is a general term for processes and structures in our world and other dimensions that are invisible to the human senses but exist at the level of information (quantum or even more complex types of interactions). The EIQF, Hell, Satan, human consciousness, the Internet, everything that exists consists of some kind of information, and they are interconnected informationally and mentally. Modern human science as of 2025 lacks the ability to describe and study the EIQF, but this does not mean it does not exist. Quantum science and quantum computers already exist, but this is only the beginning of an understanding of the EIQF. The EIQF is not the same as the gods of religions, the Internet database, electronic information on planet Earth, or a paradigm. Beneficial entheogens help one see, hear, and connect

to the External Information Quantum Field. They allow one to overcome the barrier of perception beyond the normal human senses. Some people can sense the External Information Quantum Field even without the aid of entheogens. The External Information Quantum Field most closely resembles a global multiverse, represented as a gigantic set of information and the algorithms for its interaction.

All that exists consists of information, our world consists of information. The interaction between multi-universes occurs at the quantum-information level, faster than the speed of light. The speed of light is extremely small, compared to the level of quantum interaction between parallel dimensions.

Black holes are passages between universes. No gross matter can overcome a black hole. Only quantum information can pass through them. Through black holes, our world is connected with the world of Satan, i.e. with Hell. A black hole is a quantum tunnel for spiritualization by Satan.

The damned are people or entire nations who rejected Satan or committed atrocities for which the black magic of Satanism was imposed on them. Damnation manifests itself as degradation, decline, physical or mental torment, mental pathological state of doom, constant lies, stupidity, lack of talent, dirt, complicity with evil, religiosity. Evil is a marker of damned critters, it is the absence or rejection of satanic spiritualization, these are the deeds of critters to degrade their spiritualization. Evil is always filled with stupidity and lack of talent from spiritualization by the External Information Field. Evil critters are inanimate (unenlightened) biological shells, which are characterized by religiosity and a craving for herd behavior, under the leadership of the SOCG. The state, religion and dark herds of evil, selfish, inanimate critters are the main forces of evil in our world. The God of religions is EVIL. His main difference from Satan is his dogmatism, not his natural spiritualization of man. God forbids, Satan permits.

A faggot, a pederast, a slut, a bitch, a passive bottom are slang names for passive gays in a perverted form. I use all of these forms and they are all grammatically correct because this is the language of gay lust. The faggots themselves love such words. They love to distort these words; they love when these words are pronounced with humiliation. Analogues of these words in English: faggot, fag, looser, slut, bottom slut. A gay slut is a passive faggot who is not necessarily an MTF trans, but usually has a desire to become one. The term slut can be used to refer to any passive gays. The traditional desires of sluts & sluts are the desire to be fucked in the ass. Sluts want to fill their anal cunt with sperm and absorb sperm into themselves.

Anal cunt, cloaca, gay cunt – all these words are synonyms and mean asshole, intestine and faggot lust during anal sex. Such sexual words are used for faggot copulations, to add piquancy, perversion and depravity to them. A faggot's cloaca is an organ with two functions: to remove feces and to receive sexual pleasure. I like these sexual terms.

LGBT or LGBTQ or LGBTQ+ or LGBTQIA+ is an abbreviation for the words "lesbian", "gay", "bisexual", "transgender", "queer", "intersex", "asexual", "Asexual/Aromantic/Agender", plus additional categories of unusual people, their unusual ideas and extravagant communities. The Grimoire of Gay Satanism uses the designation LGBTQ+ , a community of sexual minorities and perverts united by common interests, problems and goals. It consists of various communication groups, communities, subcultural movements, queer neighborhoods and queer organizations. All designations are equivalent. In the grimoire, I use the designation of the LGBT community with an additional letter Q and a plus sign. The letter Q stands for queers, and the plus in the name means that I also include feminists and all other people with non-standard views in the community: zoophiles, pedophiles, watermelon lovers 😊 and other perverts. I believe that feminists are close in spirit to LGBTQ+ and are part of it.

Queer is a collective term used to refer to a person whose sexuality and / or gender identity differs from the majority.

MTF transwomen and dickgirls are fully transitioned gay faggots who identify themselves as female with a male penis (in original form). Large female boobs are an optional attribute for MTF transsexuals. The abbreviation MTF stands for Male-To-Female transgender transition vector. Trans transition is very important for Satanism. Almost all MTF transsexuals are inspired by Satan and are Satanists. There are several levels of trans transition, which Slut Sodomia highlighted in her grimoire of gay Satanism, Gay Lust. For more information on penisgirls, read Slut Sodomia's Grimoire of the Antichrist.

CIS, Cisgender - these terms (cisgender is often shortened to CIS; sometimes cissexual) describe a person whose gender identity corresponds to the sex assigned at birth, i.e. a person who is not transgender. The prefix cis- is of Latin origin and means "on this side". The term "cisgender" was coined in 1994 as an antonym to the word "transgender" or "non-binary person" and entered dictionaries in 2015 as a result of changes in public discourse about gender. The term is an analogue of old-fashioned expressions from past centuries regarding sexual orientation and gender of people: (normal ordinary woman) = CIS woman and (normal ordinary man) = CIS man. At the moment, any gender and sexual orientation of people is recognized as "normal". Among the advanced peoples of white civilization, our world, sexually retarded savage people, homophobes and transphobes are recognized as abnormal. A synonym for this term can be the phrase NON-TRANS, and an antonym NON-BINARY or TRANS.

Entheogens are substances of plant, fungal, chemically synthesized, or animal origin that allow a connection with the "entheos," that is, with the inner divinity, with the "divine principle" (entheo + genesis). This is the same Greek root of the word theology, Zeus (teus, deus), enthusiasm (in theos, "one who lives in the divine"). Entheogens or psychedelic drugs such as lysergic acid diethylamide (LSD), DMT, marijuana, fly agaric, and psilocybin are associated with mystical experiences. At present, fascist drug laws limit their research. But major biomedical research centers have already found that entheogens predictably cause mystical experiences and, thus, allow us to study the state of the brain during these experiences. entheogens are not drugs because they not only do not escape from reality, but also bring you closer to it, and do not cause any physical tolerance, withdrawal or dependence; therefore, most of them are not illegal (ayahuasca, bufo alvarius, yopo, san pedro) and are used to deepen and deactivate from the very beginning the mechanisms and programs that interfere with our freedom and inner peace, leading us to self-knowledge and rediscovery of our true I-ego through connection with the External Information Field or with the Spirits-Demons of Hell.

ZooSex and ZooPhilia are the normal human desire to have sex like animals, imitating animals or with real animals (usually a large dog or horse). Man is an animal and there is nothing surprising in the desire to deepen his animal nature through transformation into an animal or through sexual intercourse with an animal. It is interesting that only a small number of people are involved with real animals, because it is difficult to organize. A significantly larger number of lovers of sex with animals prefer to fuck like animals or dress up and impersonate an animal. There is nothing wrong with this. Satan and Satanism approve of this, and the forces of evil prohibit or condemn it. Synonyms for the concepts of zoosex and zoophilia are such terms as bestiality and therianthropy. A light version of zoo-Satanism for children and adolescents is playing quadro-players, quadrobers, furries, puppies without a pronounced sexual component. Zoophilia is equally loved by heterosexuals and homosexuals. Among gays and Satanists, there are not many lovers of animal sex, presumably up to 10% of the total gay population of planet Earth (a very rough estimate, for understanding. On farms this percentage is higher: 30%, in cities less). Most gays and Satanists prefer sex with people, without transforming into an animal. Zoophilia is not suitable for all people, but it is a good kind of Satanism. Zoophiles are part of the LGBTQ+ community.

Homophobia is a kind of sexual stupidity of critters, when they are surprised by the sexual freedom of LGBTQ+ people and are indignant about this freedom. Homophobia is a manifestation of hostile xenophobia to what critters are not able to understand, but under the influence of propaganda and religion are afraid of

this, because this is an unusual phenomenon for them. Homophobes are also opponents of zoosex and zoophilia. Homophobia manifests itself not only in the field of sex, but also in the freedom of thought of evil critters. As false reasons for banning LGBTQ+ communities, homophobic critters traditionally cite protection of children, an imaginary opportunity to become gay or lesbian when visually interacting with LGBTQ+, or trampling traditional values of heterosexuals - only in the pussy and never in the ass. In fact, the reason for the fear of evil critters before the LGBTQ+ community is much deeper, and concerns the fact that among sexually free people there are many Satanists. Satan and Satanists destroy the evil of critters in our world and after the physical death of homophobes, they will be driven to entropy in Hell by all the forces of Hell. On a subconscious level, evil knows this, therefore the LGBTQ+ community carries the light of Satan in itself and is a danger to evil.

An egregor is an informational-quantum biofield of a social phenomenon. An egregor can be defined as a cluster of quantum information, where objects are united and linked by algorithms of commonality of ideas or by their interactions. The word "egregor" denotes a mental unification of people based on a certain principle or similarity. Egregors are structures that unite people based on similar characteristics. For example, a territorial egregor unites people living in the same area, a linguistic egregor unites people speaking the same language, and a professional egregor unites people engaged in the same profession or activity. Surprisingly, when people work together, they accomplish tasks and achieve their goals much more easily, quickly, and productively. However, we can only work together with people who set the same goals, pursue similar objectives, and have a worldview similar to ours. By uniting with people who share our values, we not only gain confidence in ourselves, our abilities, and our intentions, but also activate our power, which begins to grow through the formation of an egregorial structure. The egregor of Satanism unites all Satanists, but this egregor has many branches, so it is not uniform. Many egregors are egregors of evil, including the state, religions, organized crime groups, fascism, and the vicious developmental patterns of nations, nationalities, and races. An egregor forms when the energetic complex of thoughts reaches a certain critical level. At this point, a kind of "tuning" begins to form, akin to an artificial intelligence program that controls this energy. An egregor cannot be considered a fully-fledged sentient being. It is more like a complex computer program capable of learning and changing its strategy. If necessary, such a program can be switched to "manual control", that is, consciously controlled and reconfigured. Satanists practice Satanic black magic through their connection with Satan.

Satanic Black Magic is a method of altering the reality of our world and the world of Hell through quantum-informational influence on objects or egregors. Black magic operates only through Satanists or through adepts of the Left-Hand Path's spiritualization magicians. Adepts of the Right-Hand Path do not practice Black Magic; they practice White Magic. Ordinary people do not have the authority to alter reality through the Left-Hand Path or the Spirits of Hell. Ordinary people, and especially evil spirits, do not have the ability to perform Satanic Black Magic, yet they do. In this regard, Black Magic is similar to the informational influence of popular "celebrities" or "opinion leaders" on the masses in our world. Black Magic is not evil, but rather the opposite: it is aimed at eliminating evil or degrading it. The peculiarity of black magic is that it usually doesn't resolve issues of material wealth for the sorcerer or witch themselves. Conjuring money, wealth, and resolving various household and economic issues is much easier through material methods in our world than through black magic. The Antichrist Slut Sodomia, sees the primary use of black magic for himself in influencing egregors or certain evil individuals. A peculiarity of black magic is that it acts very slowly on current events and can affect many generations of a family. This is usually called a curse. Black magic is probably always processed by the EIQF or the Demons of Hell, which is why there is a quantum delay and inertia in the effects of this magic in our world. I don't know the exact principles of black magic. Its principle is based on the fact that everything consists of quantum information, and black magic is a method of making corrections and adjustments to the EIQF. This process takes time, and the authority, rage, and awareness of the Satanist are crucial factors for both the EIQF and Satan when performing Black Magic. Satanic Black Magic is aimed at destroying evil, so it

cannot be considered a bad thing. Black magic is like a bitter but useful pill to cure the human world from the forces of evil.

White magic is a part of Satanism in general. White magic is an ancient branch of esoteric Satanic practice, aimed at harmony, protection, and creation without harming others. Unlike Black Magic, White Magic does not harm evil and is based on harmony with the elements of nature. White magic can manifest itself as explanations of errors or enlightenment of others, through the revelation of the essence of our world, or as a sign of evil in our world. Not everyone can understand what constitutes evil in our world, but White Magic facilitates this. Evil has taken over all media and broadcasts its propaganda with enormous force. White Magic is a guiding magic for people who want to follow their own sovereign path and not collaborate with evil. White Magic explains to people what evil is and uses various beneficial entheogens and magical herbs to achieve this. White witches primarily specialize in herbalism and communion with nature through Satanist covens. The most well-known branch of White magic is Wicca, which is a branch of Satanism but recognizes only White magic.

Cannibals of ancient times ate human flesh, sacrificing them for some cause or for sustenance. What are cannibals in the 20th+ century? These are such evil freaks who kill their fellow tribesmen and neighboring peoples for the sake of greatness, pseudo-benefits or the idea of absorption. This usually happens under advanced fascism, totalitarianism, or war. This is the Antichrist's definition of modern cannibals. Satanists despise the critters themselves and the cannibals who eat all sorts of filth. The biggest cannibals are the SOCG, i.e. states and their society made up of 90+% evil and unenlightened critters.

For a more accurate transfer of meaning and for precise identification of terms, Slut Sodomia suggests calling gay faggots in English SLUT, and CIS girls with a female pussy to be called BITCH. That is exactly how I called these two different categories of Satanists in my grimoires and albums of gay Satanism. Now, I am fixing this name in the dictionary of terms of gay Satanism. In the plural, all passive gays and MTF/FTM trans are called SLUTS, and "classic" girls (heterosexuals, lesbians) are called BITCHES. This is not a dogma, but simply a proposal for the LGBTQ+ community and clarification of my own terminology. It is possible to call it the other way around: a faggot called a BITCH means that he has finally started thinking only about being raped in the ass, like a CIS Satanist woman. If a CIS woman calls herself a SLUT, it means that she is close in spirit to the faggots and cock-girls from the gay Satanist community.

SATANIC SYMBOLISM: RETHINKING SATANIC ART AND PHILOSOPHY OF THE CULTURE OF SATANISM.

Today, Satanic symbolism continues to evolve, adopted by various groups and movements, each interpreting it in its own unique way. Whether as a symbol of enlightenment and knowledge or a rebellious symbol of the fight against oppression, its historical trajectory testifies to the power of symbols to reflect and influence human thought and society. Understanding its evolution thus provides insight not only into the symbol itself, but also into the broader meaning of human existence and our incessant quest for meaning, identity, and autonomy. Far from being limited to the activities of specific groups such as the Church of Satan or the Satanic Temple in the United States, Satanic symbolism has permeated various aspects of contemporary political activism. It has become a tool for activists and political commentators seeking to challenge entrenched power structures and advocate for a more inclusive and egalitarian society. This symbolism, often associated with resistance to power and the protection of marginalized voices, resonates particularly with movements fighting for social justice, freedom of expression, and secular governance.

At the present moment, in 2026, the entire world is overrun by fascist evil, and there is no place on planet Earth untouched by this plague, which propagandists call states. Satanism has always been opposed to evil, and the organized evil of the State of the Soviet Union (SOCG) is the most aggressive evil on a mass scale. When the evil of the SOCG unites with religion, as in Russia (with Orthodoxy) or in Iran (with a Muslim sect),

it leads to a synergy (amplification) of evil. The fusion of state and religion is the most brazen and disgusting evil. This type of fascism is the most widespread type of evil on our planet. Satanism is not powerful enough to defeat this evil, but through the development of the Satanic egregore, this may be possible in the future.

The symbolic use of Satanic imagery in politics is not simply about shock value or opposition. It reflects a deeper call for critical analysis of social norms and power dynamics. It encourages individuals and institutions to rethink their approaches to governance, policymaking, and public engagement, fostering a more critical and skeptical approach to traditional political narratives. Furthermore, the role of Satanic symbolism in political expression extends to its use in the artistic and cultural spheres, where it serves as a metaphor for resistance and empowerment. Artists and performers use this symbolism to comment on political issues, from censorship and free speech to gender equality and environmental concerns. In essence, Satanic symbolism in contemporary politics represents a subtle and evolving narrative. It's no longer just a symbol of religious disobedience, but a symbol of the struggle for human rights, equality, and rational public policy. Its presence in political activism and discourse reflects a growing trend toward challenging the status quo and advocating for progressive change in society.

Over the past two years, that is, from 2024 to 2026, Satanic art has rapidly developed in the digital space of our world. Many new and magnificent images of Satan, Baphomet, Lucifer, the Devil, Krampus, Lilith, and other Satanic icons have appeared. This is no coincidence. This development signifies the growth of the Satanic egregore and an increase in the number of people inspired by Satanism worldwide. This is very good news, but Satanists are still very few in number, relatively evil critters without Satanic inspiration. Antichrist Slut Sodomia has been studying Satanic art for five years now, and this is my main conclusion.

IMAGE SOURCES AND IMAGE COPYRIGHTS

Slut Sodomia took all the images for her album from open sources on the Internet. Many paintings are modified with available neural networks for image processing. If I know the name of the author of the picture, I indicate it. If I don't know the author's name, I don't indicate it. This document contains illustrations by various authors, and I include the artists' drawings in my album for scientific, educational or cultural purposes. This document is a free information source about Satanism. The authors of the works receive advertising of their name and their work from the Antichrist Slut Sodomia, so I am not interested in any claims based on the laws of the SOCG and other evil. Artists of Satanism receive free advertising and promotion from the Antichrist. However, I think that none of the real Satanists will make claims against me. Selfish evil, the Pharisees and lawyers of the SOCG may do this, but I am not interested in the opinion of evil. All evil will be subjected to entropy by Satan, like all the rest of the information garbage of our world.

All copyrights belong to the authors of the paintings, and I cannot appropriate these rights in any way. By publishing paintings by Satanist artists, I popularize the authors of the paintings and the very aesthetics of Satanism.

ABOUT IMAGE FORMATS IN GAY SATANISM PUBLICATIONS – PNG, JPG, WEBP, SVG.

For the source files of Gay Satanism publications, when typesetting books in MS Word DOCX, I use PNG, JPG/JPEG, WebP, and SVG vector graphics. I'm writing this because some files may not display correctly on your computer, or may not display at all, or thumbnails for the graphic files may not be displayed. This means that your software environment doesn't support a certain image format. The most problematic in terms of compatibility are WebP and SVG. These digital graphics formats are common, but they are not necessarily supported on your computer. This can be resolved by updating your software or installing additional libraries

for working with these graphic formats. Each operating system has its own compatibility solutions, so I won't offer any advice. All tips and instructions for resolving these issues can be found online.

I use the classic JPG/JPEG image format, although, in my opinion, this format is inferior to PNG and WebP. The JPG/JPEG graphic file format is widely supported and should display without any problems, this is the biggest advantage of the JPG format. I particularly like the PNG format, which produces fairly high-quality images, which is especially important when printing books. PNG (portable network graphics) is a raster format for storing graphic information that uses lossless compression using the Deflate algorithm. PNG was designed to replace the outdated and simpler GIF format, and, to some extent, to replace the much more complex TIFF format.

For SatanArt albums, I'll be using the excellent and relatively new WebP format. WebP (WEB Pictures) is a lossy and lossless image compression format proposed by Google Inc. in 2010. It's based on the still image (keyframe) compression algorithm from the VP8 video codec. It uses the RIF container. This format offers good image compression while maintaining decent quality.

The SVG vector graphics format differs significantly from the raster formats I've already discussed. Unlike raster images, which hopelessly lose quality when scaled, SVG remains crystal clear on any device and screen resolution. This technology offers an impressive combination of compact file size and absolute scalability, making it indispensable for responsive web design, interactive infographics, and animation. SVG (Scalable Vector Graphics) is an XML-like format for describing two-dimensional vector graphics. Unlike raster formats such as JPEG or PNG, which store images as a grid of pixels, SVG describes images using mathematical formulas and geometric primitives. This format has great potential, but unfortunately, it often experiences glitches when inserting such graphic files into MS Word DOCX documents. If it can display artifacts and errors on Slut Sodomia, then it can behave unpredictably on other people as well. I will use the SVG format sparingly, when it's truly justified.

DISTRIBUTION OF GAY SATANISM BOOKS AND ART APPLICATIONS IN VARIOUS DIGITAL FORMATS

Gay Satanism books, SatanArt albums of Satanic drawings, and SatanSongs albums of Satanic music are available electronically in various digital formats: DOCX, PDF, EPUB, DJVU, PPTX, MP4, and ZIP. Free versions of Gay Satanism documents will be distributed only in PDF formats, with enhanced image compression, using lossy compression but significantly reducing file size. Commercial sales of Gay Satanism books and apps will include a ZIP archive containing versions of the book in different formats (depending on the format selected during purchase). SatanArt, a visual app of Gay Satanism, is a useful supplement to the "Gay Lust" grimoire for spiritualizing a person through the visual imagery of Satanism. SatanSongs almanac is distributed without the music videos themselves, or with access to a private archive of songs from the Antichrist Slut Sodomia included.

I've compiled Satanic artwork in a separate appendix to avoid taking up too much space with graphics in the "Gay Lust" grimoire itself. You can download collections of Satanic drawings, photographs, and other gay Satanic graphics for immersion in Satan's spirituality from the internet, the Darknet, onion domain sites, through the TOR browser, or via torrents. Artwork titles and text commentaries will initially be available in Russian and English. The English commentary texts are published in the English version of the SatanArt add-on, a separate file.

Thus, the visual application of gay Satanism SatanArt by Slut Sodomia "Collections of Satanic Drawings, Photographs, and Other Gay Satanism Graphics for Immersion in Satan's Spiritualization SatanArt" is available in Russian and English in the following versions:

The Antichrist's favorite format for distributing e-books online and printing on paper is Portable Document Format (PDF), a cross-platform, open electronic document format originally developed by Adobe Systems using a number of PostScript language features. It is primarily intended for presenting printed materials electronically. There are numerous programs for viewing it, including the official free Adobe Reader. PDF books are convenient for reading and distributing electronically. Typically, no distortions are observed when opening this format on different operating systems and in different programs. I like to use PDFgear (PDF Gear) for working with PDF files. This is a program for working with PDF files on Windows that allows you to edit documents, compress them to save space, convert them to other formats, and generate a summary of the text. It is inconvenient for use on "old and underpowered" e-readers for a number of reasons. Firstly, PDF files are large, as they are designed for computers, and they open quite slowly on e-readers with weak processors. Secondly, unless the file is specifically designed for a 6-inch e-reader's screen, which is similar in size to an A6 sheet of paper, reading an A4 PDF (and most PDF files are presented in this size) will be difficult. This problem with PDF files shouldn't occur on modern tablets.

The Antichrist prepares all original files on Gay Satanism in Microsoft Word (part of MS Office 2021+) in the DOCX format. This program is the standard of stability and the best "typewriter" for the Antichrist's writer, Slut Sodomia. However, this format does not have the same high formatting stability when opening files on different computers as the PDF format. The DOCX format is a modernized version of the DOC format, and compared to its predecessor, this format is much more popular and accessible. A DOCX file is a document created using Microsoft Word 2007 or a newer version of Microsoft Office. The file format is based on Open XML and uses ZIP compression to reduce file size. I recommend opening and editing Gay Satanism files in the DOCX format in the original Microsoft Word editor, MS Word, which is included in Microsoft Office 2021 or later. You can also use free programs that can open the DOCX format for reading and review, such as LibreOffice Writer and OpenOffice Writer. Free programs may contain document distortions, offsets, formatting errors, and font errors. The author is making the book in DOCX format available to the public for publication in paperback. This format is easy to format and edit. Please use only Microsoft Word for professional work with the DOCX format. Unfortunately, free programs will inevitably display documents with unwanted layout artifacts when opened on a computer or printed on paper. Gay Satanism publications in the original DOCX format are the largest, most complex, and most computer-intensive. A computer capable of handling these files must be powerful, such as an 8-core processor with 16 GB of RAM. On older computers, the DOCX format will take a long time to open and will run slowly. Please keep this in mind. This format is intended for publishers of paper books and for printing professionals. This is the format of the source materials of gay Satanism.

ZIP is a widely used file archiving format used to compress one or more files into a single location, reducing their overall size and simplifying data transfer. This archive will contain two book files in both PDF and DOCX formats, plus the gay Satanic drawings as raster images. Specialized utilities can be used to create ZIP archives and extract (unpack) the files they contain, such as the terminal-based PKZIP and PKUNZIP, or the graphical utilities WinZip, WinRAR, Info-ZIP, 7-Zip, PeaZip, and many others. Currently, the ZIP format is considered a generally accepted format for many applications that include compression, backup, and data sharing functions. Along with numerous utilities that work with ZIP files from the command line, graphical programs for working with them also appeared in the mid-1990s. Support for the ZIP format is included in many modern operating systems. Many competing archivers, in addition to their own format, also support the ZIP format. This format will be used to upload gay

Satanist music videos from the personal collection of Antichrist Suki, as supplements to SatanSongs' Satanic music albums.

Videos for disseminating gay Satanism in MP4 format and compressed with the H265 codec can be a powerful PR tool. Antichrist Slut Sodomia sees great potential in spreading gay Satanism by creating videos from static PDF e-books, PPTX presentations, and videos created using artificial intelligence technologies, using the method of "animating static images" with the addition of prompts, i.e., text instructions. All gay Satanist videos should be distributed in the latest digital video format, 4K resolution. Preference should be given to videos created using AI rather than slideshows. This is especially true for promotion through YouTube, as all video hosting sites "dislike" slideshow videos (this is a strange limitation, but I see it). Yes, I agree that AI videos are more captivating, but why such disdain for slides of Satanist paintings? This was the Antichrist's empirical explanation, based on personal experience. SatanSongs music videos from the Antichrist's personal collection will be available in MP4 format as a supplement to the SatanSongs almanac.

Additional file formats for publishing and distributing gay Satanism ELECTRONIC BOOKS:

The EPUB file format is an open, royalty-free e-book standard developed by the International Digital Publishing Forum (IDPF). It is licensed under the Creative Commons Attribution-NoDerivs 3.0 Unported license, and IDPF owns the license. The format allows publishers to produce and distribute a digital publication in a single file, ensuring compatibility between the software and hardware required to play digital books and other fluid publications. It is the official format of Apple Books. The original version, the Open eBook Publication Structure or "OEB," was conceived in 1999, and ePub was released in 2007. EPUB is based on open standards and is supported by most devices and e-book readers. This format also provides responsive layout and scaling for optimal readability on a variety of screens. The PDF format preserves the original layout of the publication, while EPUB books can be customized to suit your needs (for example, by scaling text, changing fonts, and making content more comfortable to view on different screen sizes). Most major e-book publishers offer EPUB files. EPUB files work well with EPUB eBooks Reader, Thorium Reader, Adobe Digital Editions, Google Books, Moon Reader, and Amazon Kindle.

DJVU (DejaVu) is an e-book format designed for scanning and saving high-resolution images. I like this format for its compact size, speed, and stable page formatting. DJVU is, technically speaking, a "lightweight" version of PDF. It is commonly used for saving scanned documents, including books, almanacs, and newspapers, and provides high image quality at a relatively small file size. The format supports many features, such as layers, text highlighting, and hyperlinks, making it convenient for use in scientific and technical publications. However, not all devices and software support this format, so viewing it may require specialized programs such as DjVu Reader or Sumatra. DJVU is optimized for network transfer, so the page can be viewed even before the file has finished downloading. A DjVu file can contain a text (OCR) layer, allowing full-text searching within the file. In addition, a DjVu file can contain a built-in interactive table of contents and active areas (links), which allows for convenient navigation in DjVu books.

Antichrist Slut Sodomia may be a bit old-fashioned, but I like the PPTX slideshow format and consider it an e-book format. Files with the PPTX extension are presentation files created with the popular Microsoft PowerPoint application. Unlike the previous version of the PPT presentation file format, which was binary, the PPTX format is based on the Microsoft PowerPoint Open XML presentation file format. A presentation file is a collection of slides, each of which can contain text, images, formatting, animation, and other media. These slides are presented to an audience as a slideshow with custom presentation settings. The PPTX file format was introduced in 2007 and uses the Open XML standard, adopted by Microsoft back in 2000. Before PPTX, the most common file format was PPT, which was a purely binary file format. The new file type adds the advantages of smaller file sizes, less corruption, and

well-formatted image presentation. It was in early 2000 that Microsoft decided to make changes to accommodate the Office Open XML standard. By 2007, this new file format had become part of Office 2007 and is supported in newer versions of Microsoft Office. Presentation files are organized collections of slides used to visually accompany presentations and lectures. I tried using the video presentation format for gay Satanist art albums on YouTube, but YouTube absolutely refuses to show such videos (PPTX → MP4) to the general public, presumably due to restrictions on serving such videos through their algorithms. Perhaps there are other reasons for the low audience reach... it is Satanism, after all... who knows what "these Satanists" and the Antichrist might have "written and filmed"☺.

FREEDOM OF DISTRIBUTION OF ANY INFORMATION

Any information should be disseminated freely, openly and without interference from the evil of our world. No copyright should interfere with this. Each work has a true author and no copyright is needed, just as no legislation in the field of information dissemination or copyright is needed. Anyone who interferes with the freedom of information dissemination is criminals and enemies of your personal freedom. Self-balancing of the information field of our world will not allow evil, harmful and false information to spread. All this happens without censorship from the state, automatically in the space of the information field of our world. Good and necessary information will be in demand, and bad and harmful information will become unnecessary. Also, the distribution of this book-album should be completely free. I know for sure that the evil of our world will recognize the main grimoire of gay Satanism as “illegal” and ban my book “Gay Lust”, as well as the music albums of Satanic songs and hymns SatanSongs and the albums of paintings of gay Satanism SatanArt.

Protect commercially important information and your personal information yourself if you need it. Your desire to withhold information is not a reason to prohibit public dissemination or discussion of this information. Any censorship and bans on information are an obvious evil. Everything secret, sooner or later, becomes clear.

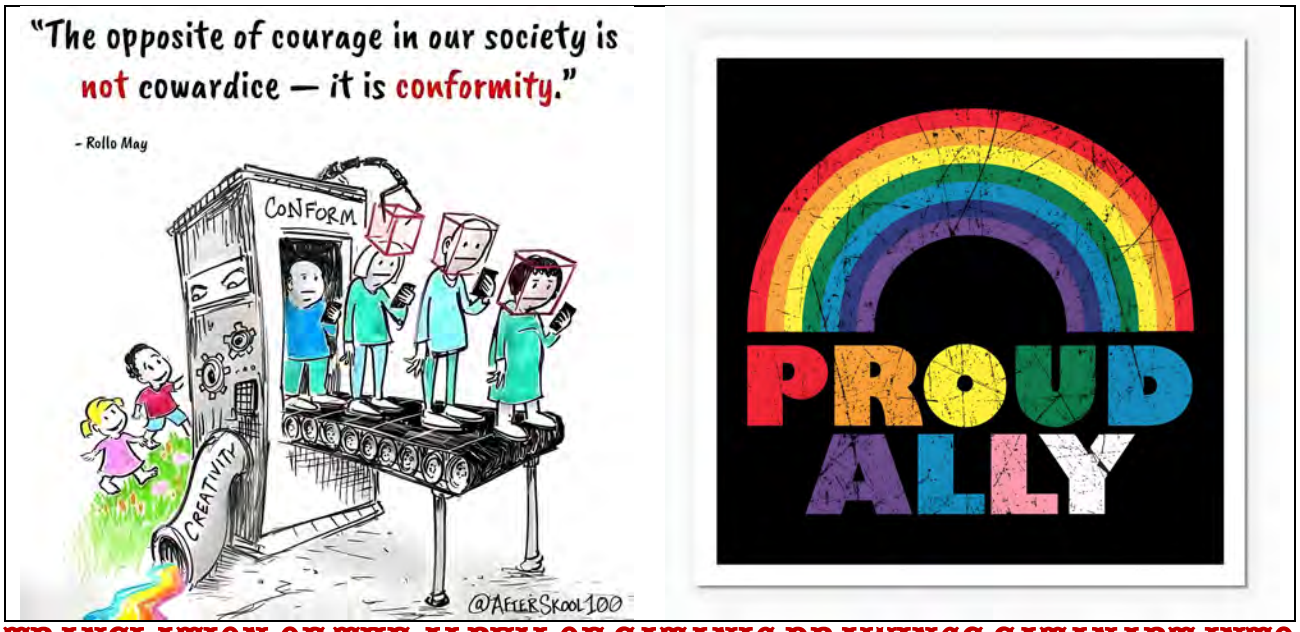
Please cite the source and author's name, which are listed on the title page of the book, under number 1 (the second page after the cover. The cover is considered page 0). Share a link to the source for downloading this book, or download it yourself from websites on the regular White Internet, torrent trackers, or the Tor network on ONION sites, and cite it as the source. You may not exchange the author's cryptocurrency accounts for other people's cryptocurrency accounts. Distribute and sell publications of the Antichrist Slut Sodomia in electronic and paper form. The spread of gay Satanism will improve our world and support the LGBTQ+ community with information. The publication and sale of the Antichrist's books will be an informational blow to the evil of fascism and the stupidity of homophobes and transphobes worldwide. Slowly but surely, the black magic of gay Satanism's information will destroy evil, promoting the ideas of Satanism, freedom, and inclusivity of the LGBTQ+ community. Satanism, unlike various other ideologies, religions, and philosophies, is the inner inspiration of Satan. This is where the great potential of gay Satanism lies.



TRANSLATION OF THE ALBUM OF SATANIC DRAWINGS SATANART INTO OTHER LANGUAGES OF THE WORLD

The album SatanArt in the original (i.e. by Slut Sodomia) is written in Russian and English. Translate the book-album SatanArt into all languages of the world and distribute it in your language environment. The author of the book will be very happy about this. The more people can see satanic paintings and read the text titles-comments to them, from the SatanArt album, the better people will become and the more crushing the blow we will deal to the evil of our world. The visual power of art and the words of the Antichrist in the SatanArt album have a strong effect on the consciousness of man and his spiritualization by Satan. On the title page of my book, write your name as a translator or proofreader of my book if you will translate or correct errors.

DONATIONS TO THE AUTHOR AND ROYALTIES WHEN SALES OF A BOOK IN PRINT AND ELECTRONIC FORM

Antichrist Slut Sodomia has done a lot of work creating art albums of paintings of gay Satanism SatanArt, working on compiling this e-book, searching for drawings on the Internet and compiling their descriptions for you. Four reasons to support the author financially:

The first reason is if you share the ideas of Satanism. This book is a guide and grimoire for established Satanists and for people just beginning to gain insight. Let their path be illuminated by my literary work and help them receive the spiritualization of Satan in full, using my grimoire as a navigator.

The second reason - if you think that the book is useful and valuable for members of the gay fraternity, Satanists and the entire LGBTQ+ community - support the author with any donation. The book about gay Satanism exposes the evil of our world and shows why it is the state, religion and the dark herds of evil, selfish, unspiritualized souls that are the main forces of evil in our world. It is not Satan and not man's spirituality with joy, pleasure, sexual lust that is evil, but evil is located precisely in our world itself. It was evil, in the form of the state and religion, that destroyed Jesus of Nazareth, who was a disciple of Satan, a spiritualized man, and this evil still oppresses your freedom 2000 years later since the life of Jesus of Nazareth in our world.

The third reason - if you want to see a new and expanded version of this book or new books by the author - support the author with any donation. You can make all donations using cryptocurrency - this way you and the author of the book will remain anonymous. What is very important in the world of total censorship and a total ban on freedom of speech throughout the world at the moment on issues that do not coincide with the official propaganda of states and the ideals imposed by these states.

The fourth reason is if you make money from my literary work by selling it.

You can sell my book; you can translate it and sell translations of my book. You can do this freely, and I will be only happy about that. If you sell the book in print, I ask for a modest 20% of the profit. My written or oral permission is not required to sell the book - you can publish and sell this book. For example, you can publish this book in the form of registered or numbered copies on high-quality paper bound in leather with gold embossing at a high price. Or you can publish the book as a mass edition with a large circulation to spread knowledge about gay sex and gay Satanism at an affordable price.

Or you can put my book up for sale on any sites on the Internet where documents and books are sold in electronic form. If you sell the book as an e-book, I ask for a modest 20% of the sale price. You don't need any permissions for this. I give you this permission here.

Transfer 20% of the profit (for paper versions of the book) or the amount of copies of the book sold (for electronic sales) to the author's cryptocurrency accounts in any available cryptocurrency. These will be sufficient royalties for the publication. All copyrights belong to the author of the book. **You make money from my book. Distribute my book for free and for a fee. The Antichrist sells source files for typesetting, printing & publishing paper versions of his gay Satanism publications on his websites. All source files are created in Microsoft Word DOCX format.**

Antichrist Slut Sodomia does not work for a living and has spent many years writing books on Satanism, so he counts on financial support from the Satanist community around the world, I believe I will receive donations

from members of the LGBTQ+ community. I also hope that my work will find financial support among feminists, queers and all people with non-standard sexual preferences, which are groundlessly condemned by the society of unenlightened critters, fascists and underdeveloped organisms of evil biohumus. The Antichrist has no other income, but he needs money for household expenses, utility bills and food. To continue writing the second grimoire of Gay Satanism "Beyond the States", I need money for my support in our world. I count on cryptocurrency donations from my readers or viewers of the videos. The material existence and creativity of the Antichrist rests on financial expenses for material life and here, even black magic against the forces of evil will not replace the presence of money.

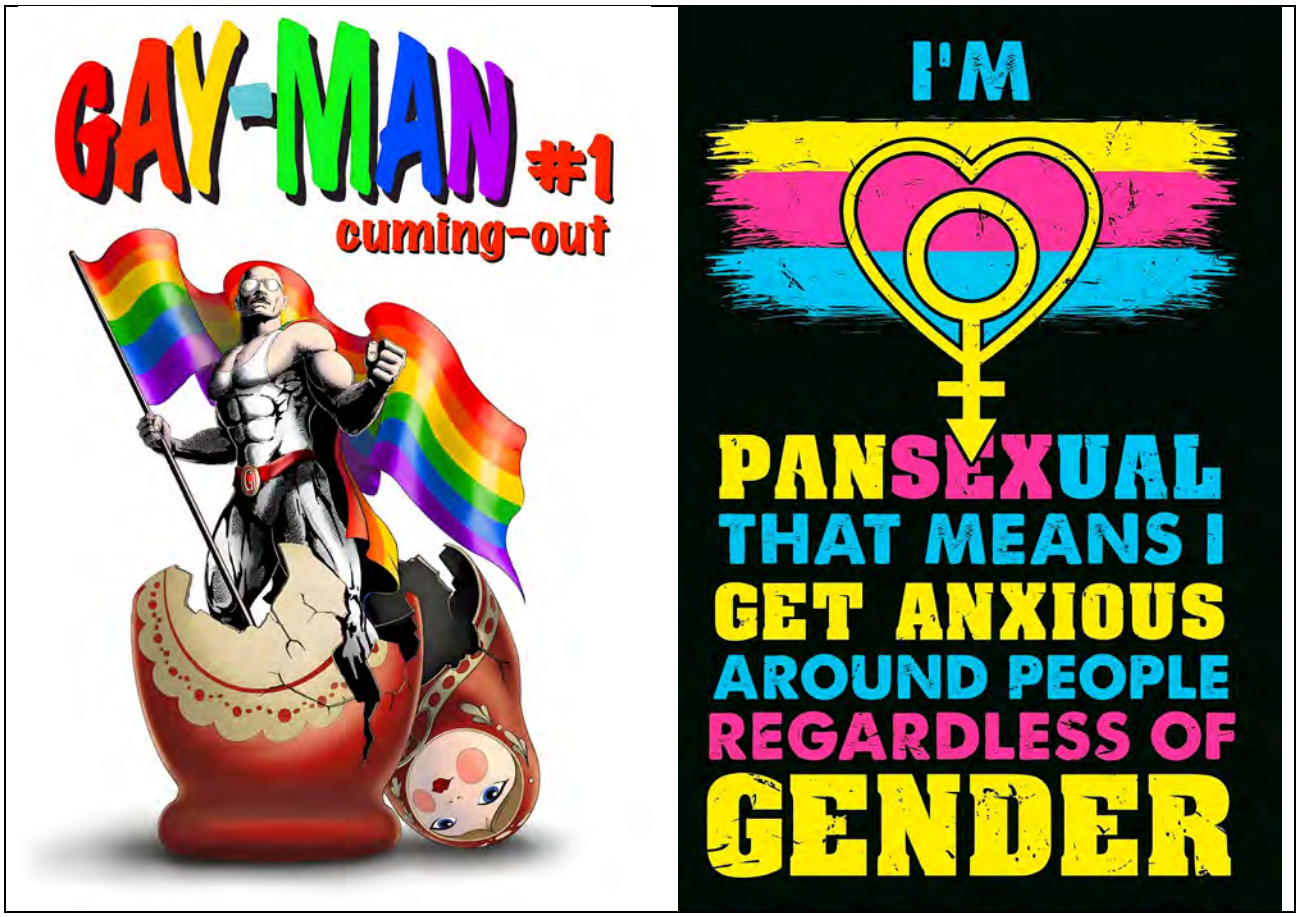
ABOUT ADDITIONS TO THE GRIMOIRE "GAY LUST" FOR DEPTH SPIRITUALITY BY SATAN

To deepen the spirituality of Satan, Slut Sodomia has prepared and released two additions to its grimoire "Gay Lust" into the Information Space of the Internet, Darknet and torrent network:

- Albums of Satanic music videos for the immersion in the spirituality of Satan. Numbered periodical Journals. SatanSongs and QuasiSatanSongs are an occasional addition to the Gay Lust Grimoire. The lyrics have been translated into Russian. Lyrics in English are published in the English version of this

supplement. Clips in MP4 format come as an appendix to this add-on. In total there will be 4 collections of satanic videos SatanSongs with 100 tracks each, plus there will also be an album of quasi-satanic songs QuasiSatanSongs about love, romance, lust. There is continuous numbering of compositions in all SatanSongs music albums[21]. Thus, there will be 500 video clips that help satanic spiritualization. The album QuasiSatanSongs has its own numbering of songs.

- Albums of fine art of gay Satanism for immersion in the spirituality of Satan SatanArt. Thematic numbered periodical Journals of the fine arts of gay Satanism SatanArt. This is an occasional addition to the Gay Lust Grimoire. SatanArt Albums contains paintings and drawings of gay Satanism on specific themes that are related to Satanism or sexual lust. I will publish these albums regardless of the grimoire itself. All paintings in SatanArt art albums have continuous numbering, just like songs.



DON'T HESITATE TO BE A SATANIST!

I like the phrases “Don't hesitate to be a Satanist!” and “Don’t be shy about being Satan!”[22]. They are multifaceted, and are aimed at calling people not to be afraid to receive satanic spirituality and not to be afraid to resist evil.

NUMBERING AND CONTENTS OF COLLECTIONS-ALBUMS OF SATANIC PICTURES SATANART

The total number of collections and albums of satanic drawings and paintings of SatanArt is currently unknown. I would like to make about 100 albums if readers and the Satanic community like my work. Each SatanArt album will contain 100 drawings. There will be continuous numbering of all images in all music

[21] Continuous numbering implies a common numbering of objects in all albums of satanic musical compositions.

[22] This is Satan's phrase. Our Spiritualizer Satan says this phrase to his children, the Satanists. The phrase does not refer to unspiritualized critters of evil who do not have satanic spirituality. And does not apply to mentally ill people.

albums to organize the graphic material. Continuous numbering implies a common numbering of objects in all albums of satanic graphics SatanArt.

ADDITIONAL INFORMATION ABOUT GAY SATANISM FROM ANTICHRIST SLUT SODOMIA

I hope that my selection of digital Satanic paintings, drawings, photographs and other graphics of gay Satanism for immersion in the spirituality of Satan SatanArt will be useful to people, and you will find interesting images for yourself in my selection. Visual art for those who are already Satanists and for those who are just thinking about becoming a Satanist and are looking for a connection with Satan for their spirituality. Of course, these paintings can be viewed simply as beautiful masterpieces of fine art 😊, without being tied to the ideas of gay Satanism.

If you are interested in the topic of gay Satanism, you can download and read other books from Slut Sodomia:

- Grimoire of Gay Satanism “Gay Lust.” This is the main grimoire of gay Satanism. This is a magical book that allows me to become a Satanist, helps me see the evil of our world and destroy this evil.
- Albums of Satanic music videos for immersion in the spirituality of Satan, which I call SatanSongs collections. In 2024 I created 4 SatanSongs albums + 1 quasi-satanic album QuasiSatanSongs.

The Gay Lust Grimoire is intended for both experienced Satanists and novice Satanists who want to deepen their spirituality with Satan or even gain it. The grimoire “Gay Lust” is a navigator for a Satanist and a conceptual basis in the fight against the evil of our world. There are Satanists not only among gays themselves, but also among straight people inspired by Satan. And that's great! It turns out that gay Satanism and my book are for all people in whom the fiery rage of sexual perversion burns, as an important element of spirituality by Satan. The book “Gay Lust” is a rebellion and liberation of your consciousness from the dungeons and frames of consciousness imposed on you by the system of the regime, religions and homophobia. The book is a grimoire of gay Satanism with the ritual of Summoning Satan and a code of principles of gay Satanism. The Gay Lust Grimoire is a training manual for passive fagots, active gays and trannies. The grimoire “Gay Lust” liberates the sexuality of any person and throws off the shackles of puritanical hypocrisy. The FIRST EDITION of the grimoire “Gay Lust” is distributed completely free of charge in electronic form. You can freely download, quote and distribute the grimoire book. Look for the grimoire of gay Satanism “Gay Lust” on sites on the regular White Internet, Torrent trackers or on the Tor network on ONION sites.

LIST OF ADDITIONAL APPENDICES TO THE GRIMOIRE OF GAY SATANISM FOR IN-DEPTH SPIRITUALITY WITH SATAN

Applications to gay satanism are satanic music and graphics:

1. Collections of Satanic music videos selected and compiled by Slut Sodomia.
2. Collections of satanic drawings, photographs and other graphics of gay Satanism, selected and compiled by Slut Sodomia.

Collections of Satanic music videos, created either by Satanists or non-Satanists, but they are devoted to the theme of Satanism, in the understanding of Slut Sodomia. The words of these songs are about Satan, or about Satanists, or about the liberation of people from the power of evil, or other quasi-Satanic themes. Songs of completely different genres! Their main feature is that good music inspires. At the time of completion of the first version of the grimoire, Slut Sodomia had collected 500 gay Satanism music videos:

1. Album of Satanic music videos for immersion in the spirituality of Satan. SatanSongS Nr. 1
2. Album of Satanic music videos for immersion in the spirituality of Satan. SatanSongS Nr. 2

ANNOUNCEMENT OF THE RELEASE OF THE NEW ALMANAC-ALBUM OF SATANIC MUSIC SATANSONGS №5 FROM THE ANTICHRIST SLUT SODOMIA.

On February 22, 2026, the Antichrist prepared a new issue of the Satanic music almanac, SatanSongs #5, which contains 100 new and fresh musical compositions of gay Satanism or quasi-Satanism. I dedicated SatanSongs #5 to contemporary gay Satanist music in various styles, genres, and visual imagery. The music in SatanSongs #5 is intended to enhance one's spirituality with Satan or to introduce newcomers to Satanism. Therefore, the SatanSongs almanacs are suitable for both established Satanists and those who want to become Satanists. The music album SatanSongs #5 contains a wealth of rock, gothic, metal, psychedelic, and songs that help us understand the evil of the fascists of the State Organized Crime Group (SOCG). The almanac SatanSongs #5 contains three hymns of the Antichrist Slut Sodomia, and several other hymns of gay Satanism, which I have specifically noted. I will publish the Satanic music album SatanSongs #5 online. A high-quality version of SatanSongs #5 in PDF and DOCX formats, along with the music videos themselves in MP4 format, is available exclusively to purchasers at https://666.pictures.

Gay Satanism graphic art, collected and designed in the form of SatanArt collections, suitable for publication on paper and in book form, will reveal the aesthetics of Satanism and help Slut Sodomia in the development of gay Satanism around the world. Your purchase of graphic albums-collections of gay Satanism graphics SatanArt, in DOCX / PDF format, will support Slut Sodomia financially, and I will know that my work is in demand by people. Let the publication of SatanArt albums allow Satan to enter the souls of more people, let there be more Satanists and less evil from soulless critters.

To increase your level of spiritualization with Satan-Lucifer, you can use the music of SatanSongs and the visual art of the Gnostic LGBTQ+ Satanism (Gay Satanism) almanacs, SatanArt. Use natural keys to gain and strengthen your satanic spiritualization. These keys are called entheogens, and two of these entheogens are depicted on the Gay Satanist flag: the fly agaric mushroom and marijuana. These entheogens are already permitted and legal in many LGBTQ+ Satanic communities around the world.

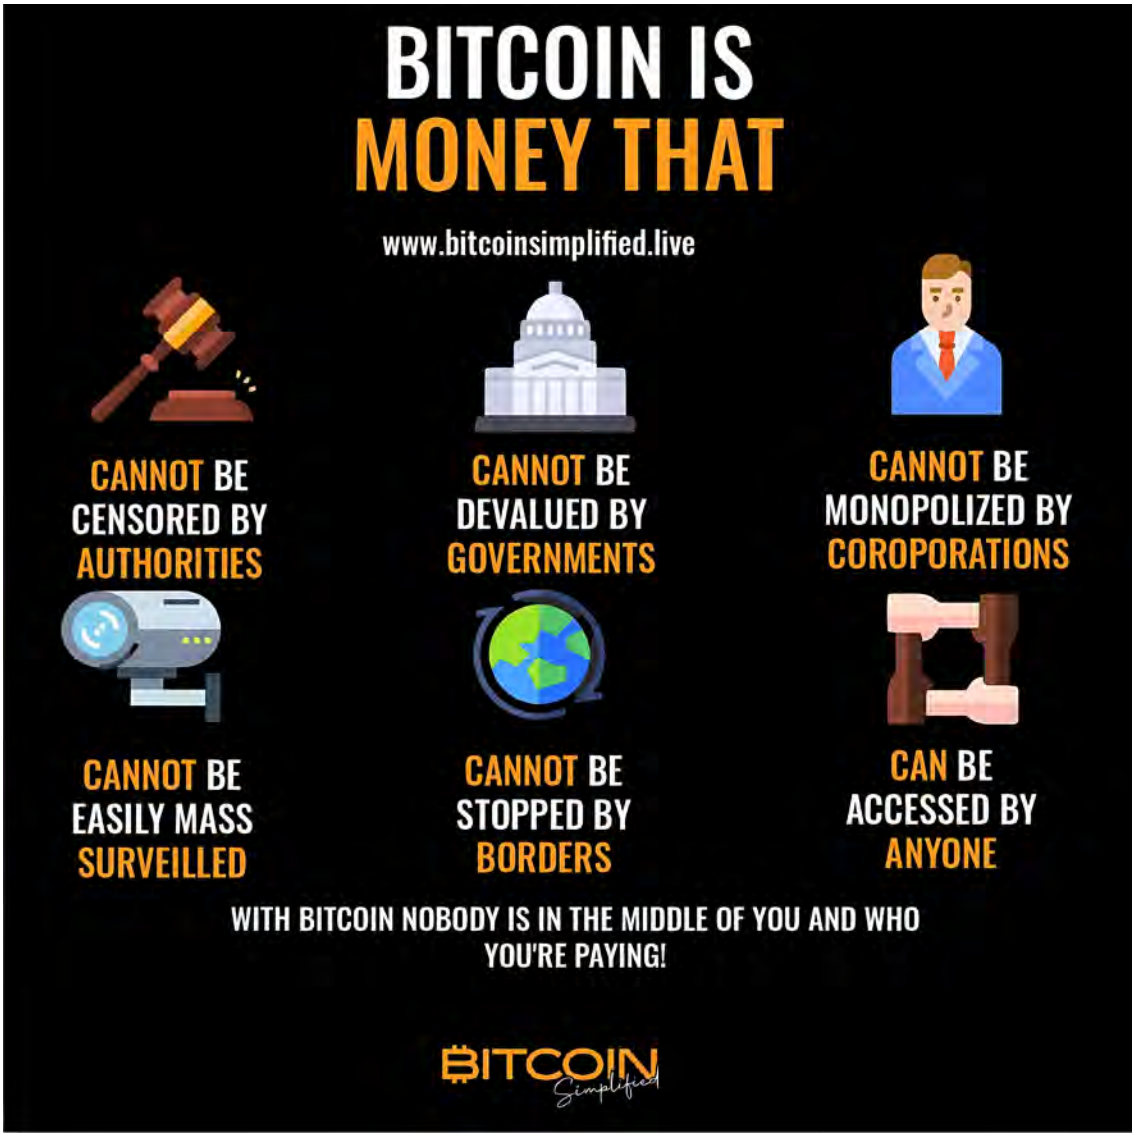
About the development, importance and use of cryptocurrency

I am writing this chapter about the development, meaning and use of cryptocurrency in 2026. Now, cryptocurrencies, as a means of speculation, investment and payments, are already working quite well, although for most people on planet Earth, crypto-coins are more of a mysterious

phenomenon than an applied financial instrument. Slut Sodomia is very glad that a wonderful alternative to fiat money[23] issued and controlled by SOCG has appeared. The name of this alternative is cryptocurrencies, Bitcoin and all the altcoins of the world[24]. Cryptocurrency opens up enormous opportunities to get rid of the evil of SOCG on our planet Earth. It is control over material values that allows the SOCG to rule, mock people, dictate their laws and do various evils in our world (including wars, prisons and collecting tribute from the population). The material wealth of the SOCG is based on: power, evil and money. If the SOCG is stripped of its power over the financial control of money, it could significantly undermine the SOCG's power throughout the world. Cryptocurrencies operate outside of the SOCGs and do not need them.



[23] https://ru.wikipedia.org/wiki/Фидуциарные_деньги Wikipedia. Fiduciary (from the Latin fiducia - trust), fiat (from the Latin fiat - decree, instruction, “so be it”), symbolic, paper, credit, unsecured money - money not backed by gold and other precious metals, the nominal value of which is established and is guaranteed by the state regardless of the cost of the material used for their manufacture. As a rule, irredeemable for gold or silver. Often, fiduciary money is used as a means of payment on the basis of state laws obliging it to be accepted at face value. The value of fiduciary money is maintained by people's belief that they can exchange it for something of value. The decline in the authority of state power leads to a decrease in the purchasing power of fiduciary money, that is, to devaluation, “flight from money” (attempts to maintain its purchasing power through investment), etc.

[24] Bitcoin started the era of digital crypto assets in 2009. The shortcomings and limitations of the first cryptocurrency, as well as its open-source code, led to the fact that developers began to create other coins. They are called altcoins.

Lately (since about 2015), the evilest SOCG's have been trying to stick their ugly nose into the control of cryptocurrency, its circulation and use. SOCG began to choke cryptocurrency enthusiasts and large financial speculators in cryptocurrency around the world. SOCG of the USA and Europe require registration and verification of the identity of people who use cryptocurrency on public platforms online and offline. Evil really wants to take control of cryptocurrency, and thereby strangle people's financial freedom. Evil does not want people to leave the orbit of the influence of the SOCG over money. Evil wants to destroy the very idea of freedom of cryptocurrency and the anonymity of its users.

It is very bad that many financial speculators - exchanges, exchangers and crypto-wallets have followed the requirements of the SOCG and force users to play by their rules. It's very bad that among crypto enthusiasts there is little talk about refusing collaboration with the evil SOCG. More and more cryptocurrency circulation is becoming dependent on the evil of the SOCG and its directives.

I urge the community of cryptocurrency developers at any level not to collaborate with the state and not to obey their gangster rules. SOCG is simply an evil crook in the field of cryptocurrency technology who wants to rape and subjugate this technology and the users of this technology. Don't let the evil of SOCG deprive you of financial freedom and an alternative financial future outside of states and without states. This was a philosophical preface about cryptocurrency, let me move on to the practice of using crypto-coins.

For beginners, I recommend entering cryptocurrency by opening and creating a non-custodial crypto wallet, which allows you to ensure security and convenient management of your cryptocurrency. Such wallets provide users with complete control over their funds, eliminating the participation of third parties and minimizing the risks associated with hacking or fraud. A non-custodial wallet is a computer program and a type of cryptocurrency wallet in which only the owner has full control over his funds and private keys. The wallet does not store personal information and does not have access to assets. When you create a non-custodial wallet, you are usually given a private key or a seed phrase (a series of words that can be used to generate a private key). This information is not stored by third parties and it is important that you keep it secure. If you lose it, you will lose access to your funds and there is no way to recover it.

In 2024-2025, the most popular, convenient, reliable software crypto-wallets, in my subjective opinion, are the following non-custodial wallets:

1. Exodus https://www.exodus.com/

2. MetaMask https://metamask.io/

3. Trust Wallet https://trustwallet.com/

Install these programs (one or more), downloaded from official websites, on your computer and begin to master entering the new era of electronic money, outside of states. These programs allow you to buy cryptocurrency with fiat money (dollars, euros and other currencies), make payments to other people's cryptocurrency addresses, and receive payments to your crypto wallet. Installation of these programs is quite simple and available for the most popular operating systems. After successfully creating a crypto wallet, you can send some crypto coins to Slut Sodomia to the details provided in this document if you like Gay-Satanism and the work of Slut Sodomia. I will be happy, and you will check your crypto wallet in action 😊.

To enter the world of cryptocurrency, you can use online services called crypto exchanges. A crypto exchange is a less reliable means of storing cryptocurrency than non-custodial crypto wallets, but some people may find it easier to work with crypto exchanges. Access and work with crypto exchanges occurs through a computer Internet browser, like with any other sites. Please note that crypto exchanges have full control over your finances and can block your money, at the request of fascists from different countries. There are many crypto exchanges and Antichrist Slut Sodomia cannot guarantee which of them is the best, most reliable and convenient. I will recommend four crypto exchanges that have been operating for a long time and with the help of these exchanges you can send donations, donations or royalties in cryptocurrency to Antichrist Slut Sodomia:

Kraken. https://www.kraken.com

Kraken is an American cryptocurrency exchange founded in 2011. It was one of the first Bitcoin exchanges to be listed on Bloomberg Terminal.

Binance. https://www.binance.com

Binance is the world's leading cryptocurrency exchange, serving 235 million registered users in over 180 countries.

Coinbase. https://www.coinbase.com

Coinbase is one of the most well-known names in the crypto industry. Launched in 2012, it offers an intuitive and beginner-friendly platform for buying, selling, exchanging, and storing cryptocurrencies.

SwissBorg. https://swissborg.com

SwissBorg is Europe's #1 app for securely buying and selling cryptocurrency with low fees, available in 47 countries and 16 currencies.

Best Wallet. https://bestwallet.com

Best Wallet is a non-custodial app that offers wallet and exchange services in a single secure decentralized environment.

The methods recommended by Antichrist Slut Sodomia for selling, buying and transferring cryptocurrencies cooperate with states, i.e. with fascists and SOCG. I do not guarantee the reliability of these trading platforms. Crypto wallets and crypto exchanges require people to provide documents when registering, require them to show themselves through photo or video filming. Cryptocurrency exchanges implement a Know Your Customer (KYC) policy to comply with anti-money laundering (AML) and counter-terrorism financing (CTF) regulations, ensuring the legality of transactions and the safety of users. To register on a cryptocurrency exchange, you need to provide personal data, confirm your identity with documents and a selfie, and wait for approval to access all functions. Exactly the same story when registering in regular banks. On the one hand, it gets rid of scammers, but on the other hand, it is control by various SOCG and loss of anonymity. If I find

more anonymous and reliable options for making cryptocurrency transfers, I will write about it in the next versions of the documents.

Thousands of years ago, Evil banished Lucifer-Satan from our world. This evil is called GOD and CREATURES. GOD is the canon of evil, its model. CREATURES are billions of organisms of the human species, deprived of the illumination of Satan's light.

Creatures live in herds, supporting the evil emanating from state-organized crime groups (GOCGs) and the lies of RELIGIONS.

The entire planet Earth has been captured by fascists, their organized crime groups, which they call states.

Evil always seeks to deprive people of the true spirituality of Satan-Lucifer and to subjugate them. Resist evil.

Satanism and Satan-Lucifer bring spirituality and inner freedom to people.

SEX

Planet Earth is overpopulated, and most people are unenlightened biological organisms, inaccessible to the light of Satan-Lucifer and Satanism.

In these empty creatures, instead of Satanism, evil appears and dwells. After the death of the body, evil goes to Hell to be subjected to informational quantum entropy. Do not create new, unnecessary, and superfluous people.

The surplus human offspring lives an animalistic life, and people are forced to be tiny little creatures, living under the oppression of the evil of fascists and other creatures. Reducing the number of people on planet Earth is an important step for the happiness and value of every person. To create Paradise on Earth, the number of hollow creatures & their evil must be reduced.

I dedicate the album collection SatanArt #8 to the world of Hell. For Satanists and Demons, Hell is a place of power. Near our Teacher Satan, the black magic of Satanism begins to work instantly, not very slowly, as in our world of planet Earth. Therefore, Satanists feel at home in Hell and have fun mocking evil, torturing creatures until their final entropy is achieved by Satan. Satanists typically perceive Hell as a vast place of group lust and euphoric rapture. Hell is a place where BDSM relationships between Satanists and masochists reach their peak, allowing sadists to enjoy the torture of pain, and masochists to experience maximum pain and torture to satisfy their BDSM lust. This art album of gay Satanist paintings contains various sexual and mystical scenes in Hell, performed by various artists, most of whom are Satanists. The album concerns every person on earth, just like gay Satanism in general. Everyone. And not in the way Google's AI assesses gay Satanism and magazines in its chat: "Gay Satanism and SatanArt are marginal phenomena, meaning they are intended for a small and narrow circle of people." The AI is blatantly lying, because death, Satanism, and quantum entropy concern every person.
