BASIC TERMS FOR UNDERSTANDING SATANIC ART

Gay Satanism is not a religion or a sect. Gay Satanism is the spiritualization of man by Satan. This term has another meaning. Gay Satanism is a creative direction of the artistic genre created and developed by the Antichrist Slut Sodomia. I do not want gay Satanism to become a religion, but I want it to become a fan movement for the liberation of one's own consciousness from the shackles of the evil of our world. Under the auspices of Satan, with the Antichrist Slut Sodomia incarnate. Gay Satanism is for all people spiritualized by Satan. Not only for gays and people of homosexual orientation. All people spiritualized by Satan are disciples of our Teacher Satan. We are all Satanists. The difference between Satanism and the religion of evil lies in individual spiritualization. Mass demonstrations under the guise of Satanism are impossible, because Satanists are introverts. Fake Satanists of the future will gather herd gatherings of pseudo-Satanists (football fans, music fans, fans of the SOCG¹ or religion). A meeting of real Satanists is a sexual orgy or a sabbath of unity with nature in the nude. Other types of mass demonstrations of belonging to Satanism are fiction and a parody of Satanism.

Satan is good. Satan is the Tamer of evil. Satan is revenge for evil in our world. Satan is Joy, Pleasure and Happiness. For the forces of evil in our world, Satan is the main enemy. Satan is an image in the human mind and a mystical experience of connection with the spirits of another dimension called Hell. For Satanists, Hell is their home. Connection with the spirit of Satan occurs at the quantum level. Modern science is already studying and using the quantum level for applied tasks. Satan is the main spirit of Hell, the Lord of critters, the Teacher for Satanists. Satan is not a god. Satan is the Spiritualizer, the source of black magic, the Alpha and Omega. Satan is the Adversary of evil and the Accuser of evil. Satan is the Father of all Satanists. Lilith is the Mother of all Satanists. Satan and Lilith are the sources of Satanic lust for all their Satanist children. Satan is the inner spiritualization of a Satanist, not dogmas, sermons of priests or religious books. At the same time, Satanism does not deny the importance of biological parents.

Darkness, the abyss - this is the world of soulless critters, their states, their stupidity. This is the occupation of planet Earth by usurpers of power in the form of the SOCG. This is the image of the evil of our world. In some cases, it means the opposite, because it is the evil of darkness that gives birth to Hell, revenge and Satanists. "Children of darkness" in this case mean Satanists. Also, the image of darkness can mean Hell for the forces of evil.

Light is Satan-Lucifer. Light is Satanism and Satanic spiritualization, bringing man closer to nature. This is liberation from the shackles of evil and this is the image of freedom. This is the image of the Tamer of evil in our world and in Hell.

Sadness, sorrow, regret - this is an indication of the understanding that evil has embraced the whole world and the Satanist has to live in our world, under the yoke of evil. The main sources of evil are: crowds of soulless critters, SOCG. This is the definition of the term specifically for Satanism and Satanists. Also, these images can mean ordinary human emotions, in relation to people.

Vengeance - this image is important for all Satanists. Vengeance on evil in our world and in Hell. Inanimate critters, activists of the SOCG, deceivers of religions and other evil will certainly be subjected to vengeance and information entropy.

Return of the land and return of freedom to people - this image is important for all Satanists. It means the overthrow of all SOCG and religions, cleansing the earth from inanimate critters, from their stupid and senseless evil. This is the image of cleansing the planet Earth from states and their totalitarianism.

¹ SOCG is an acronym that stands for the true meaning of state. State Organized Crime Group. The term was coined by Antichrist Slut Sodomia for the gay Satanism grimoire "Gay Lust".

Night is the image of the fact that a Satanist in the world of evil in our world, goes practically by touch. The light for him in the night is his Satanic spiritualization. Darkness thickens at night and light is needed most of all at night. The term night is similar to the term darkness, but does not mean evil itself, but uncertainty and difficulty in orienting oneself, acting, living without light.

Lost, abandoned and forsaken - this image in Satanism means that Satanists are no longer in Hell and that Satan and the forces of Hell are not directly accessible to them. Only through Satanic spiritualization. It also means that in our world Satanists do not have their own magic for the instant destruction of evil, as in Hell, in the dimension of Satan.

Religion is a dogma of worship of lies and evil. Religion is a substitution of true spiritualization by Satan for critters. All evil critters are deprived of spiritualization by Satan, so they replace Satanic spiritualization with God and religion. Religion is a sect, a community for critters for whom herd behavior is important.

God is the canon of evil, an example of a despotic, theocratic idol of evil. God does only evil and God is evil, even because he deprives man of the true spiritualization of Satan, i.e. the true Holy Spirit. There have been many gods in the history of the human species. All the gods of religion are united by evil, connection with the state and with the leaders of the SOCG.

Antichrist is a common noun, not a proper name. It is written with a capital letter, like the word Satan. The concept of Antichrist means the development of a high degree of Satanism in the consciousness of man. The term Antichrist also means a Satanist close to Satan and the forces of Hell and possessing high power of black magic. A synonym for the word Antichrist is the expression Great Magician of Satan.

Satanism is the spiritualization of people by Satan or other demons of Hell. Satanism can also be considered as a philosophical concept that opposes theocratic dogma and the state machine of lies, violence, prohibitions, imposed duties before evil, herd behavior. The main difference between Satanism and religion or other philosophical concepts is that the spiritualization of man by Satan and the forces of Hell comes from another dimension at the quantum level. Therefore, Satanism is an internal part of human consciousness, and not imposed dogmas of our world through the media, culture, propaganda, morality, prohibitions or education. Enlightenment by Satan comes to a person at birth or develops consciously, in more mature age. Satanism opposes the evil of our world and the lies of our world.

Satanic lust is a developed and perverted sexual attraction, a constant desire to have sex, a desire to corrupt oneself and others to free oneself from the prohibitions of evil. Satanic lust is not just a sexual feeling, but a special Satanic practice for self-knowledge, getting closer to Satan, and liberating oneself on an animal level. The peculiarity of Satanic lust (especially gay lust) is that Satanic sex is not aimed at procreation or making new human offspring. Satanic lust is always aimed at getting pleasure or for tantric meditation. Of course, Satanists can make children if necessary.

A Satanist is a person who has Satanic spirituality. Many clues about the lies of evil are given to a Satanist not only by internal critical thinking, but also by a mental connection with Satan and the forces of hell. Satanic spirituality often gives a Satanist a feeling of an introvert and an individualist. Satanists and gays are always proud of their personal spirituality or the achievements of their spouse. Satanists and gays are proud of their satanic spirituality and perverted lust. Satanists are proud of Satan.

An unilluminated (unenlightened) critter is a person deprived of spirituality. This is a zombie and a cog in the evil system. Inanimate critters are accomplices and assistants of evil. Inanimate critters prevent Satanists and the entire human race from living happily, receiving spirituality from Satan. Inanimate critters love herd mentality and submission. They cannot live without territorial oppressors, enslavers and false information of evil. Such people make up more than 90% of the population of planet Earth. These people have no connection with Satan or with the External Information Field at the level of awareness. Critters can be called a biological

shell or imitation of real people. Critters always choose evil, herd mentality, conformism and speak in templates from media propaganda or voice the dogmas of religion.

The state is an evil system that has divided the entire world into territorial zones of influence and terrorizes people with its prohibitions, oppresses with prisons and physical violence, creates conflicts between criminal gangs and plunges people into wars between criminal gangs. The state is the main source of evil. The state is a materialistic sect with its dogmas, rules of conduct and system of oppression of the individual. The state = international military crime groups = Satanist's land occupiers = SOCG.

Fascism is a form of social organization that is expressed by the state's discrimination against its own citizens, that is, under fascism, the supremacy of the state over the individual is recognized. Fascism is a state. A strong state = a fascist totalitarian regime. The word comes from the Italian fascismo, fascio - union, bundle, bunch, unification; fascio di combattimento - union of struggle. Fascism is also an ideology and a socio-political movement within the framework of authoritarian or totalitarian militaristic ultra-nationalism and a corresponding dictatorial regime with strict regulation of society and economy. All states strive to regulate everything and on any issue. To do this, they constantly spew out different laws from their cesspools. All states are fascist territorial sects with their own ideology, rules and methods of oppressing the individual. A patriot is an active fascist or an active Nazi of his SOCG.

A patriot is a person stupefied by propaganda who believes that his SOCG is better than another SOCG and he, as a member of this SOCG or a nationality within the SOCG, must do something for his SOCG in a selfless desire. A patriot is a slave of the SOCG. It is important for a patriot to be well proud of the greatness of his SOCG or the greatness of his Nazism. The pride of a patriot is always groundless, stupid and not aimed at pride in oneself or one's spouse. The pride of a patriot is always impersonal and is pride in the evil of the state regime that has seized the territory of the critter's residence.

Patriotism is a person's smearing in the evil of pride in the fascism of a group of politicians or the Nazism of a certain SOCG or union of SOCG. Patriotism is a method of stupefying people, in which one SOCG exalts its importance in the eyes of people over another SOCG. Patriotism is belonging to a certain and evil group of lovers of local fascism, i.e. occupiers of the territory. Sometimes, the delirium of patriotism occurs at a distance (beyond the borders of one's SOCG) - then the patriot raves about the greatness of his SOCG, while being on the territory of another SOCG.

Propaganda is a constant, massive and avalanche-like lie of the SOCG about its greatness and its especially outstanding character. The goal of propaganda is to make a person stop thinking critically and make him believe that he has a duty to the SOCG. For example, a duty to die in a war for the ideas of the SOCG, which are invented by the top of the ruling regime of this SOCG. Or a duty to obey the SOCG gang or a religious clan. Propaganda can be state and religious. In the world of the developed civilization of the white race, since the 19th century, SOCG propaganda prevails over religious propaganda. Among savages and religious fanatics of the damned peoples, religious propaganda still leads.

The External Information Field is a general name for processes and structures in our world and in other dimensions that are not visible to the usual human senses, but which exist at the level of information (quantum or even more complex types of interactions). The External Information Field, hell, Satan, human consciousness, the Internet - everything that exists consists of information of a certain kind, and they are interconnected informationally and mentally. Modern human science in 2023 does not have the ability to describe and study the External Information Field, but this does not mean that it does not exist. Quantum science and quantum computers already exist, but this is only the beginning of understanding the External Information Field. The External Information Field is not the same as the gods of religions, the Internet database, electronic information on planet Earth, and not a paradigm. Useful entheogens help to see, hear, connect to the External Information Field. They allow you to overcome the barrier of perception over the

usual human senses. Some people can feel the External Information Field, even without the help of entheogens. Most of all, the External Information Field is similar to a global multi-universe, presented in the form of a giant set of information and algorithms for the interaction of this information.

Everything that exists consists of information, our world consists of information. Interaction between multi-universes occurs at the quantum-information level, faster than the speed of light. The speed of light is extremely small, compared to the level of quantum interaction between parallel dimensions.

Black holes are passages between universes. No gross matter can overcome a black hole. Only quantum information can pass through them. Through black holes, our world is connected with the world of Satan, i.e. with Hell. A black hole is a quantum tunnel for spiritualization by Satan.

The damned are people or entire nations that rejected Satan or committed atrocities for which the black magic of Satanism was imposed on them. Damnation manifests itself as degradation, decline, physical or mental torment, a mental pathological state of doom, constant lies, stupidity, lack of talent, dirt, complicity with evil, religiosity. Evil is a marker of damned critters, it is the absence or rejection of Satanic spiritualization, these are the deeds of critters to degrade their spiritualization. Evil is always filled with stupidity and lack of talent from spiritualization by the External Information Field. Evil critters are non-spiritualized (unenlightened) biological shells, which are characterized by religiosity and a craving for herd behavior, under the leadership of the SOCG. The state, religion and dark herds of evil, selfish, soulless critters are the main forces of evil in our world. The God of religions is EVIL. Its main difference from Satan is dogmatism, not the natural spiritualization of man. God forbids, Satan permits.

Faggot, faggot, pederast, slut, passive faggot - these are slang names for passive gays in a perverted form. I use all these forms and they are all correct from the point of view of grammar, because this is the language of gay lust. The faggots themselves love such words. They love to distort these words; they love when these words are pronounced with humiliation. A gay slut is a passive queer who is not necessarily an MTF tranny, but usually has the desire to become one. The term slut can be used to describe any passive bottom gay men. The traditional desires of sluts are to be fucked in the ass. Sluts want to fill their anal cunt with sperm and absorb cum into themselves.

Anal cunt, cloaca, gay cunt – all these words are synonyms and mean asshole, intestine and faggot lust during anal sex. Such sexual words are used for faggot copulations, to add piquancy, perversion and depravity to them. A faggot's cloaca is an organ with two functions: to remove feces and to receive sexual pleasure. I like these sexual terms.

LGBT or LGBTQ or LGBTQ+ or LGBTQIA+ is an abbreviation for the words "lesbian", "gay", "bisexual", "transgender", "queer", "intersex", "asexual", "Asexual/Aromantic/Agender", plus additional categories of unusual people, their unusual ideas and extravagant communities. The Grimoire of Gay Satanism uses the designation LGBTQ+ — a community of sexual minorities and perverts united by common interests, problems and goals. It consists of various communication groups, communities, subcultural movements, queer neighborhoods and queer organizations. All designations are equivalent. In the grimoire, I use the designation of the LGBT community with an additional letter Q and a plus sign. The letter Q stands for queers, and the plus in the name means that I also include feminists and all other people with non-standard views in the community: zoophiles, pedophiles, watermelon lovers 😊 and other perverts. I believe that feminists are close in spirit to LGBTQ+ and are part of it.

Queer is a collective term used to denote a person whose sexuality and/or gender identity differs from the majority.

MTF transwomen and dickgirls are completely fucked up gay faggots who identify themselves as female with a male penis. Big female boobs are an optional attribute for MTF transsexuals. The abbreviation MTF means

Male-To-Female vector of transgender transition. Trans transition is very important for Satanism. Almost all MTF transsexuals are inspired by Satan and are Satanists. There are several levels of trans transition, which Slut Sodomia highlighted in her grimoire of gay Satanism "Gay Lust". For more information about dickgirls, read the grimoire of the Antichrist Slut Sodomia.

CIS, Cisgender – these terms (cisgender is often shortened to CIS; sometimes cissexual) describe a person whose gender identity matches the sex assigned at birth, i.e. a person who is not transgender. The prefix cis- is of Latin origin and means "on this side". The term "cisgender" was coined in 1994 as an antonym for "transgender" or "non-binary person" and entered dictionaries in 2015 as a result of changes in public discourse about gender. The term is an analogue of old-fashioned expressions from past centuries regarding sexual orientation and gender identity of people: (normal ordinary woman) = CIS woman and (normal ordinary man) = CIS man. At the moment, any gender and sexual orientation of people is considered "normal". Among the advanced peoples of white civilization, of our world, sexually retarded savages, homophobes and transphobes are considered abnormal. A synonym for this term may be the phrase NONTRANS, and an antonym may be NON-BINARY or TRANS.

Entheogens are those substances of plant and animal origin that allow a connection with the "entheos", that is, with the inner divinity, with the "divine principle" (entheo + genesis). This is the same Greek root of the word theology, Zeus (teus, deus), enthusiasm (in theos, "one who lives in the divine"). Entheogens or psychedelic drugs such as lysergic acid diethylamide (LSD), DMT, marijuana, fly agaric and psilocybin are associated with mystical experiences. At present, fascist drug laws limit their research. But large biomedical research centers have already found that entheogens predictably cause mystical experiences and, thus, allow us to study the state of the brain during these experiences. Entheogens are not drugs because they not only do not escape from reality, but they bring you closer to it, and they do not cause any physical tolerance, withdrawal or dependence; therefore, most of them are not illegal (ayahuasca, bufo alvarius, yopo, san pedro) and are used to deepen and deactivate from the very beginning the mechanisms and programs that interfere with our freedom and inner peace, leading us to self-knowledge and the rediscovery of our true I-ego through communication with the External Information Field or with the Spirits-Demons of Hell.

PREFACE

The theme of the album-collection SatanArt №17 is marijuana (psychedelic hemp) in the art of Gay Satanism. Posters and drawings of the magical herb-entheogen. I will say something amazing right away: marijuana should not be smoked - this is not the best way. It is best to make alcohol tinctures of TKG hemp, prepare hemp oil or bake marijuana in confectionery goodies. In principle, you do not need to smoke anything - this is a stupid and ineffective method. Vaporizing marijuana is much better than smoking, but not an ideal option.

Marijuana is one of the most common entheogens-psychedelics on planet Earth, as it grows almost all over the world. There are three main types: Cannabis sativa, Cannabis indica and Cannabis ruderalis. The main active substance contained in marijuana, which has a psychotropic effect, is cannabinoids. There are about 60 cannabinoids in nature, the most effective of which is delta-9-tetrahydrocannabinol (TKG in English). Cannabidiol (CBD) and tetrahydrocannabinol (THC) are substances that often raise many questions and misunderstandings. Why do some products help to relax and relieve stress, while others can cause euphoria and change perception?

MARIJUANA IS ABSOLUTELY NOT ADDICTIVE!

MARIJUANA IS NOT A DRUG. MARIJUANA IS AN ENTHEOGEN AND A PSYCHEDELIC.

Cannabidiol, or simply CBD, is one of the many compounds found in the cannabis plant. Unlike its more famous relative, THC, CBD is non-psychoactive. This means that it does not cause a feeling of euphoria or "high." However, CBD has a number of other beneficial effects:

Pain relief: CBD is often used to relieve pain. From chronic pain to post-traumatic pain syndromes, its effectiveness has been proven in many studies.

Anxiety reduction: CBD helps reduce anxiety and stress levels. This is especially useful for those who experience anxiety or panic attacks.

Anti-inflammatory properties: CBD has powerful anti-inflammatory properties, making it an excellent tool for combating inflammatory diseases.

So, what is the difference between CBD and THC? The main feature of CBD is its inability to cause psychoactive effects. It acts on the body differently, helping to relax and feel better without changing consciousness.

Now let's move on to tetrahydrocannabinol, or THC. This is the substance that makes cannabis so famous. THC is the main psychoactive component of cannabis, which causes the feeling of euphoria or "high."

Psychoactive properties: THC interacts with receptors in the brain, causing changes in perception and mood. This can be fun, but can sometimes lead to unwanted effects such as paranoia or anxiety.

Medical uses: Despite its psychoactive properties, THC is also used medicinally. It can help with chronic pain, loss of appetite, and even some forms of nausea.

Side effects: Due to its psychoactivity, THC can cause side effects such as dry mouth, memory impairment, and impaired coordination.

Closely related to the psychedelic (some authors call them "hallucinogenic") properties of cannabis is its use as an entheogen. The word "entheogen" describes mind-altering substances such as cannabis, DMT, peyote, or psilocybin magic mushrooms used to further the process of "entheo," unlocking the divine, spiritual, and "divine" within you. So how does one use marijuana as an entheogen?

The first thing to know is that it is a “spiritual quest,” an attempt to see deeper truths about yourself and the universe. This can be as simple as using a strong Indica or Kush to stop your thoughts and meditate or pray with a clear, silent mind. Or you can use a powerful psychedelic cannabis strain to achieve altered visual, auditory, cognitive, and emotional states.

These changes, brought about by adding a few milligrams of cannabinoids and terpenoids to your bloodstream, are not entirely under your control. Cannabis is a foreign agent inside your neurotransmitter networks, changing your personality and your relationship to the world, and this can be frightening for first-time users and people whose minds are prone to fear, inflexibility, and rigid thinking.

Some entheogenic and psychedelic effects of marijuana include:

1. Time and distances seem longer or shorter than they actually are.
2. The ego and self-dissolve until the person feels part of a “cosmic whole.”
3. The value and suffering of other people, non-human animals, and Nature itself are seen more clearly and emotionally.
4. The harsh consequences of birth and death are faced with courage, calm, and honesty.
5. One’s failures and successes are exaggerated and valued.
6. The souls, personalities, and effects of those close to you appear in new ways, revealing good and bad that you have never seen before in those closest to you.
7. People who believe in personal gods or deities, or in mystical, pagan, or Wiccan teachings, find that cannabis can facilitate a closer connection with what they consider most sacred and “supernatural.”
8. While you are undergoing changes under the influence of cannabis, its entheogenic effects can cause you to determine that what you call your “self” and what you believe to be reality are malleable and subject to interpretation.
9. Entheogenic use of marijuana can be anxiety-provoking. For example, the infamous “marijuana paranoia” experienced by some users often suddenly reveals itself as an accurate but unsettling insight into people’s behavior and intentions that was not noticed when the user was sober.
10. Introspection and self-change are a large part of the experience. The ganja-based Rastafarian religion popularized by the late, great Bob Marley encourages marijuana users to get high, explore themselves, and see the “I and the self” within themselves.

Cannabis can propel you into “transcendental” realms. This means you have transcended (moved beyond) ordinary conscious awareness to see hidden, hidden realities².

The best way to use marijuana is orally, especially in the form of an alcohol tincture. This is the most hidden and safe way to use it, when there are no smells that can attract the guards of local fascism, called the police. Your neighbors will also not be able to write a denunciation of you for violating the rules of fascism by using the flowers of Satanism. When using orally (that is, eating) cannabis products containing narcotic substances (such as hashish, “managa”, THC-containing oil, culinary products based on them and the like), there are cases of significantly exceeding the dosage, but this cannot kill you physically. In order not to exceed the dosage, you must do everything consciously and gradually select your dose of marijuana. The manufacturer of the alcohol tincture of marijuana indicates the necessary quantities for use and it is difficult to overdo it unless you do it intentionally.

Smoking is characterized by the combustion of plant fiber and the release of smoke with the accompanying evaporation of drugs. It is also possible to evaporate the cannabinoids contained in dried marijuana without burning the fiber; for this purpose, a stream of hot air of controlled temperature is supplied to the substrate;

²<https://jahforum.net/topic/83978-psiodelicheskaya-marihuana-v-kachestve-gallyucinogena-i-enteogena/>

the content of carcinogenic substances in such steam is minimal. For this, a vaporizer is used - a device for evaporating active substances from a dry mixture³.

As the medicinal properties of marijuana become known, legalization is gaining momentum around the world. Today, hemp is one of the most widely grown, sold, and consumed cannabis plants. The global cannabis market was valued at \$47 billion in 2022 and is projected to grow to \$444 billion by 2030. Legalization is a multifaceted issue that is the subject of serious debate around the world. If marijuana were fully legalized for circulation and use, would it lead to a surge in cannabis addiction? Is the population ready for a sensible and responsible style of using this drug? Answering these questions is difficult, including because relevant statistics are only available in those regions where marijuana is already legal⁴.

Marijuana legalization is an evolution of public attitudes and legal frameworks that have been disrupted by centuries of prohibition. The history of this process spans various stages, refracted through a variety of socio-cultural and political contexts. How and when legalization developed highlights certain moods and trends in society, and also shows turning points in certain policies and views.

Marijuana legalization has gone through different stages. The first signs of legalization appeared at the end of the last century. In the 1970s, some countries, such as the Netherlands, began experimenting with the concept of "tolerance" in relation to soft drugs, including marijuana.

After the beginning of this movement, medical legalization became more widespread. After all, the beneficial properties of cannabis had long been discovered and confirmed. In the 1990s, the medical use of cannabis became the focus of legalization. And the United States passed the first laws allowing medical marijuana. Since the beginning of the 21st century, several countries and states in the United States have decided to legalize marijuana for recreational use, including Canada, Uruguay, and several U.S. states. Recreational marijuana use has become a subject of increasing debate and change in various parts of the world. Rapid changes in legislation, reflecting changing public attitudes toward the plant, are opening up new horizons for recreational users.

Recreational marijuana use is primarily associated with positive emotions and relaxation. Many users report that marijuana use can improve mood, reduce stress, and increase creativity.

In countries where marijuana has become legal for recreational use, sociocultural dynamics are changing. Taboos are falling away and discussions about its use are becoming more open, which can help reduce the stigma surrounding the substance.

Legalization reduces marijuana-related crime. The lack of misunderstandings about the law and regulation of sales reduce criminal activity, creating a safer society. Also, in countries where marijuana is legalized, this tool is used to reduce people's interest in hard drugs and weaken the black market of drug dealers. This helps people suffer less from the consequences of using low-quality and dangerous substances that lead to injuries, physical and mental, threats to life, death, the spread of HIV and STDs.

Medical cannabis is used to treat various diseases, and here are some of its benefits:

1. Reducing the side effects of chemotherapy and preventing nausea and vomiting. This is especially important for people battling cancer or HIV and taking antiretroviral drugs.
2. Relieving pain in severe diseases. The herb also helps cope with chronic pain.
3. Controlling seizures in epilepsy, including severe cases that do not respond to conventional treatment.

4. Protecting against dementia in neurodegenerative diseases such as Alzheimer's, Parkinson's, Huntington's syndrome. The use of cannabis can help prevent the development of these conditions.
5. Reducing anxiety, preventing depression. It also helps in the comprehensive solution of overcoming traumatic memories and treating post-traumatic stress disorder (PTSD).
6. Supporting respiratory function in bronchial asthma. Cannabis can improve lung function.
7. Improvement of appetite in general weakness, diseases and therapies, due to medication, as well as in eating disorders and other problems.

The use of cannabis for medical purposes has attracted attention due to its ease of use, mild effects, comprehensive health benefits and low risk of side effects when used correctly. It is also well tolerated by patients of all ages, including the elderly and debilitated people.⁵

Marijuana continues to be one of the most debated issues in the United States in 2025. Currently, medical and recreational marijuana is legal in several states. This has caused a wave of legislative changes and a strong division of opinion among the population of the country. Medical marijuana is considered legal in 36 states, as well as Washington, D.C. and Puerto Rico. In these places, patients with certain medical conditions are allowed to use marijuana to treat and relieve symptoms. However, medical marijuana laws vary from state to state, and each state has its own list of qualifying conditions and rules for the use, purchase and cultivation of medical marijuana.

In Jamaica, ganja-hemp-marijuana is called the herb of wisdom. Tradition says that it grew on the tomb of the sage king Solomon. Jamaicans believe that ganja is the "healing of the nation." They believe that ganja expands consciousness and enhances mystical and creative experiences. Rastafarians believe that God himself in the Holy Scriptures gave instructions for the use of the herb of wisdom: "And God said, 'I give you every herb with seed that is on the face of the earth and every tree bearing fruit with seed for food'" (Genesis 1:29). However, as Rastafarians believe, "Babylon" (SOCG) has its own compelling reasons for banning the cultivation and consumption of marijuana.

In the Indian sacred texts, the Vedas, cannabis was given a special place. It was considered a divine nectar, the favorite drink of the god Indra. Mythologically, charas is closely associated with Shiva: Shiva smokes it, he is constantly intoxicated by it, he is the Lord of charas. Before taking the first drag, the smoker calls upon him, reciting one of the many chillom mantras: "Bom Shankar!", "Bom Bolanath!", "Bom Shiva!" Sadhus exhale the smoke as an offering to him; they want to participate in his ecstasy, in his vision of the supreme Reality. As a gesture of supreme devotion, the sadhu may mark his forehead with the ashes of the chilam or even eat it as prasad, the sacramental food of Shiva.

Entheogen (from ancient Greek ἐνθεος and γενέσθαι, literally "becoming divine from within") is a class of plants and fungi used to achieve a state of altered consciousness. Entheogens were used by ancient shamans to enter "mystical states" in which they "communicated with spirits and deities." In the modern world, this term unites a number of legal and illegal psychoactive substances of various types of action. There is no simple chemical classification, since many different structural types of alkaloids, terpenoids, amino acids, and even coumarins are psychoactive. Here is a list of some traditional entheogens:

- Salvia divinorum leaves (diviner's sage),
- Mitragyna speciosa leaves (kratom),
- Argyreia nervosa seeds (little Hawaiian tree rose),
- Ipomoea violacea seeds (morning glory),
- Anadenanthera peregrina seeds (yopo),

Легализация каннабиса в разных странах и её воздействие на общество

- Dried Amanita muscaria caps (fly agaric),
- Datura inoxia seeds (datura),
- Calea zacatechichi herb (zacatechichi kale),
- Diplopterys cabrerana leaves (chaliponka),
- Banisteriopsis caapi stems (perfume vine),
- Peganum harmala seeds (harmala),
- Mimosa hostilis root bark (mimosa),
- Paullinia cupana seeds (guarana),
- Illicis paraguariensis (mate) leaves,
- Pfaffia paniculata (sumah, Brazilian ginseng),
- Ginkgo biloba (gingko biloba) leaves,
- Uncaria tomentosa (cat's claw) bark,
- Coriantha yohimbe (yohimbe) bark,
- Turnera diffusa (damiana) leaves,
- Rhizomata calami (calamus) rhizome,
- Nymphaea alba (white water lily, white water lily) rhizome,
- Nuphar luteum (yellow water lily) rhizome.

These entheogens are interesting, but many of them are rare or difficult to obtain for ordinary "people without connections". Some natural entheogens grow in specific places on planet Earth and it is not easy to get to this place. Therefore, gay Satanism recommends to all Satanists and spiritual people two classic natural entheogens: marijuana and red fly agaric. These entheogens are easy to grow or collect in the forest in most places on planet Earth (but not everywhere, of course). Marijuana and red fly agaric are medicinal entheogens and strengthen the body. For the creatures of evil, these entheogens will work in their own way, and will not give them a connection with the forces of Hell, or with the External Information Field. Marijuana for the creatures of evil will be a way to giggle or a way to "kill themselves", like alcoholic delirium. Red fly agaric does not like the creatures of evil, it leads them along loops of consciousness or even makes them go out an open window, straight to Hell (rarely, but it happens). For spiritual people, marijuana and red fly agaric are safe, they open consciousness or increase Satanic lust. Antichrist Sut Sodomia wrote in more detail about entheogens in her grimoire "Gay Lust".

The neologism “Entheogen” was proposed by Carl Ruck, Denny Staples, Jeremy Bigwood and J. Ott in collaboration with Wasson in 1973 as “an appropriate term to describe states of shamanic ecstatic possession induced by the use of psychoactive, mind-altering substances.” Given that shamanic “intoxicants” do not produce hallucinations or other psychedelic effects, we considered the terms “hallucinogens,” “psychedelics,” and related pejoratives to be detrimental to the adequate perception of the “transcendental and profound states of union with the deity” characteristic of the traditional use of visionary plants and their alkaloids. This opinion was caused by the fact that psychedelics, including plant-based ones, were so widely used in the culture of the 60s that it became simply inappropriate to use this word in the context of the use of psychedelic substances by ethnic peoples.

There are important pharmacological differences within the group of plants and mushrooms called entheogens. The term “hallucinogens” remains the dominant term for the older generation of “nerds”, even though most of these plants do not cause hallucinations in the clinical sense.

If we look at the world from the perspective of people who use various psychotropic substances, and it does not matter whether they are legal or not, whether they are plant-based or not, then sooner or later this person asks himself the question - “Why use?” Someone immediately comes up with an excuse, and this happens so quickly that the person does not even have time to understand what the essence of the question is. But there are people who search for an answer for quite a long time, it can take a lifetime, and the answer never comes, in which case a person will systematically “ruin” himself... After all, the use of entheogenic plants should pursue a specific goal, and not a simple desire to get a “trip”. Those who know the answer have an unshakable conviction in the correctness of their actions, a clear direction, and responsibility for their actions. It is this attitude to this issue that is the key to understanding all aspects of one’s experience, lived through under the influence of substances that somehow change our consciousness. Despite the fact that we can now define plants and mushrooms as entheogenic substances or simply entheogens, there is no single term that could describe their psychopharmacological action, and we have to return to using such cumbersome words as ecstatic effects, visionary effects, etc.⁶

03/23/2025 Slut Sodomia created the official logo for SatanArt albums. Now I will use this logo for the textual-symbolic designation of my albums SatanArt such a logo:

For the Satanic music albums SatanSongs Slut Sodomia will use this logo:

and the presence of Satanic spirituality in you. The result is 100%, unless, of course, a person tries to masterfully hide it, i.e. lie. Moreover, they can lie not only to others, but also to themselves.

Slut Sodomia realized that with the help of the album SatanArt, which she edits, you can make a test for belonging to Satanism and the presence of inspiration by Satan. **Therefore, SatanArt albums are a litmus test for determining Satanism in a person.**

I believe that visual paintings, just like music, can enhance immersion in Satanism and give Satanic spirituality to people of different ages and nations. These are universal messengers of the ideas of gay Satanism and Slut Sodomia is very glad that so many talented graphic artists are working in the field of Satanic painting. Especially in the last 20+ years, since 2000, there has been a massive emergence of excellent works about Satan, Satanism and Satanists. In literally two decades, there has been a rapid birth and development of the modern art of Satanism. The computer, graphics programs and digitalization of art played a very important role in this. I think that in the future, artificial intelligence and neural networks will also become assistants for many artists of Satanism.

ABOUT THE ANTHROPOMORPHIC AND ALLEGORICAL IMAGE OF SATAN IN THE ART OF SATANISM

Anthropomorphism and allegory in art have a rich and ancient tradition. Depictions of Satan are always anthropomorphic and allegorical because Satan can take any form. No one knows what Satan looks like in his canonical form and such a form does not exist. For a Satanist there may be a personal favorite form of Satan, and this is the form the Devil takes for the Satanist. I have already written about this in detail in the grimoire "Gay Lust".

Allegory (from ancient Greek ἀλληγορία - allegory) is an artistic representation of ideas (concepts) through a specific artistic image or dialogue. Allegory is an artistic representation of abstract concepts and generalizations using specific figurative embodiments. The artist depicts and represents faith, love, soul, justice, discord, glory, war, peace, spring, summer, autumn, winter, death and similar concepts with living beings and specific images⁷. Anthropomorphism is a worldview concept expressed by nominative means of language, fine arts, etc. According to this principle, inanimate objects, living beings and fictional entities that do not have human nature can be endowed with human qualities, physical and emotional⁸.

Therefore, all artistic depictions of Satan are allegorical representations of our Teacher. More important than the painted image itself is the person's perception of the painting. It could be surprise, lust, delight and other feelings. It is precisely these feelings that are born from viewing the paintings in the SatanArt album that are important. It is these feelings that give spirituality to Satan or immerse the beholder in Satanism. Also, the paintings in the album convey the general aesthetics of Satanism - this is a special sensual satanic beauty. Therefore, in addition to immersion in satanic spirituality, albums of paintings instill in a person an aesthetic sense of beauty.

IMAGE SOURCES AND IMAGE COPYRIGHTS

Slut Sodomia took all the images for her album from open sources on the Internet. Many paintings are modified with available neural networks for image processing. If I know the name of the author of the picture, I indicate it. If I don't know the author's name, I don't indicate it. This document contains illustrations by various authors, and I include the artists' drawings in my album for scientific, educational or cultural purposes. This document is a free information source about Satanism. The authors of the works receive advertising of their name and their work from the Antichrist Slut Sodomia, so I am not interested in any claims based on the

laws of the SOCG and other evil. Artists of Satanism receive free advertising and promotion from the Antichrist. However, I think that none of the real Satanists will make claims against me. Selfish evil, the Pharisees and lawyers of the SOCG may do this, but I am not interested in the opinion of evil. All evil will be subjected to entropy by Satan, like all the rest of the information garbage of our world.

All copyrights belong to the authors of the paintings, and I cannot appropriate these rights in any way. By publishing paintings by Satanist artists, I popularize the authors of the paintings and the very aesthetics of Satanism.

ABOUT IMAGE FORMATS FOR SATANART ALBUM – PNG, WEBP, JPG

I published all the images for the grimoire of gay Satanism in PNG or JPG/JPEG format. For SatanArt albums of satanic art, I will additionally use the good and relatively new WebP format. WebP - (English WEB Pictures) image compression format, both lossy and lossless, proposed by Google

Inc. in 2010 year. Based on the still image (key frame) compression algorithm from the VP8 video codec. Uses RIF container⁹. This format provides good image compression with decent quality. If you can't open WebP images, either update your software or install codecs that will allow you to see these images on your computer.

Most of all, I like the PNG format, which produces fairly high-quality images, which is especially important when printing books in a printing house or on a printer. PNG (portable network graphics) is a raster format for storing graphic information that uses lossless compression using the Deflate algorithm. The PNG format is designed to replace the older and simpler GIF format, and to some extent to replace the much more complex TIFF format¹⁰.

I also use the classic JPG/JPEG photo format, although, in my opinion, this format is inferior to PNG and WebP formats. Thus, for the collection albums of Satanic drawings, photographs and other graphics of gay Satanism for immersion in the spirituality of Satan SatanArt, I will use three image formats PNG, WebP and JPG/JPEG. I will not use other image formats in 2025, although new and better formats for digital graphics may appear in the future and then it is worth using new products if necessary.

DISTRIBUTION OF THE ART APPLICATION OF GAY SATANISM SATANART IN DIFFERENT DIGITAL FORMATS

Albums-collections of satanic drawings of gay Satanism SatanArt in electronic form are released by the author in two formats PDF and DOCX¹¹. The e-book is free to download in any of these formats. Also, the graphical application of gay Satanism SatanArt is distributed in the form of a single ZIP archive file, which contains versions of the book in both PDF and DOCX formats. These are formats for publishing the images themselves with text titles and comments on satanic graphics from Slut Sodomia. Applications of Gay Satanism SatanArt is a useful addition to the Gay Lust grimoire for spiritualizing a person through the visual images of Satanism.

I have collected the satanic art pictures in a separate appendix so as not to take up a lot of graphics space in the Gay Lust Grimoire itself. You can download collections of Satanic drawings, photographs and other graphics of gay Satanism for immersion in the spirituality of Satan SatanArt on the Internet, on the Darknet on sites in the onion domain zone through the TOR browser or through torrents. Titles of paintings and text

¹¹ According to their purpose, electronic document formats can be divided into those that can be viewed and edited, as well as those that can only be viewed or only edited. For example, the PDF format is intended for viewing documents, and DOCX is intended for both viewing and editing.

comments will initially be available in Russian and English. The texts of the comments in English are published in the English version of the SatanArt add-on - this is a separate file.

Thus, the visual application of gay Satanism SatanArt by Slut Sodomia “Collections of Satanic drawings, photographs and other graphics of gay Satanism for immersion in the spiritualization of Satan SatanArt” is available in the following options:

- In Russian – with titles and comments of satanic paintings in Russian in DOCX, PDF formats and their packaged version in ZIP format.
- In English – with titles and comments of satanic paintings in English in DOCX, PDF formats and their packaged version in ZIP format.
- The full version of the visual application of gay Satanism SatanArt with separately located pictures in PNG, WebP and JPG/JPEG formats, packed in a fairly large ZIP archive. DOCX, PDF + separate picture files in PNG, WebP and JPG/JPEG formats.

Portable Document Format (PDF) is a cross-platform open electronic document format originally developed by Adobe Systems using a number of PostScript language features. Primarily intended for presenting printed products in electronic form. There are many programs for viewing, as well as the official free Adobe Reader program. The book format as a PDF file is convenient to read and distribute electronically. Typically, no distortion is observed when opening this format on different operating systems and in different programs.

The DOCX format is a modernized version of the DOC format, and compared to its predecessor, this format is much more popular and accessible. A DOCX file is a document created using Microsoft Word 2007 or a newer version of Office from Microsoft. The file format is based on Open XML and uses ZIP compression to reduce file size. I recommend opening the DOCX file for work and editing in the original MS Word editor of this format from Microsoft, which is included in Microsoft Office 2019 and later. For reading and review, you can also use free programs that can open the DOCX format - LibreOffice Writer, OpenOffice Writer. Free programs may contain distortions in the document, offsets, errors in formatting and fonts. The author puts the book in DOCX format into the public domain for the purpose of publishing the book in paper form. This format can be conveniently formatted and edited.

ZIP is a widely used file archiving format that is used to compress one or more files in one location, reducing their overall size and making it easier to transfer data. Inside this archive there will be two book files in both PDF and DOCX formats, plus drawings of gay Satanism in the form of raster images.

To create ZIP archives and extract (unpack) the files they contain, special utilities can be used, for example terminal PKZIP and PKUNZIP or graphical WinZip, WinRAR, Info-ZIP, 7-Zip, PeaZip and many others.

TRANSLATION OF THE ALBUM OF SATANIC DRAWINGS SATANART INTO OTHER LANGUAGES OF THE WORLD

The album SatanArt in the original (i.e. by Slut Sodomia) is written in Russian and English. Translate the book-album SatanArt into all languages of the world and distribute it in your language environment. The author of the book will be very happy about this. The more people can see satanic paintings and read the text titles-comments to them, from the SatanArt album, the better people will become and the more crushing the blow we will deal to the evil of our world. The visual power of art and the words of the Antichrist in the SatanArt album have a strong effect on the consciousness of man and his spiritualization by Satan. On the title page of my book, write your name as a translator or proofreader of my book if you will translate or correct errors.

DONATIONS TO THE AUTHOR AND COPYRATES WHEN SALES OF A BOOK IN PRINT AND ELECTRONIC FORM

Antichrist Slut Sodomia has done a lot of work creating art albums of paintings of gay Satanism SatanArt, working on compiling this e-book, searching for drawings on the Internet and compiling their descriptions for you. Four reasons to support the author financially:

The first reason is if you share the ideas of Satanism. This book is a guide and grimoire for established Satanists and for people just beginning to gain insight. Let their path be illuminated by my literary work and help them receive the spiritualization of Satan in full, using my grimoire as a navigator.

The second reason - if you think that the book is useful and valuable for members of the gay fraternity, Satanists and the entire LGBTQ+ community - support the author with any donation. The book about gay Satanism exposes the evil of our world and shows why it is the state, religion and the dark herds of evil, selfish, unspiritualized souls that are the main forces of evil in our world. It is not Satan and not man's spirituality with joy, pleasure, sexual lust that is evil, but evil is located precisely in our world itself. It was evil, in the form of the state and religion, that destroyed Jesus of Nazareth, who was a disciple of Satan, a spiritualized man, and this evil still oppresses your freedom 2000 years later since the life of Jesus of Nazareth in our world.

The third reason - if you want to see a new and expanded version of this book or new books by the author - support the author with any donation. You can make all donations using cryptocurrency - this way you and the author of the book will remain anonymous. What is very important in the world of total censorship and a total ban on freedom of speech throughout the world at the moment on issues that do not coincide with the official propaganda of states and the ideals imposed by these states.

The fourth reason is if you make money from my literary work by selling it.

You can sell my book; you can translate it and sell translations of my book. You can do this freely, and I will be only happy about that. If you sell the book in print, I ask for a modest 20% of the profit. My written or oral permission is not required to sell the book - you can publish and sell this book. For example, you can publish this book in the form of registered or numbered copies on high-quality paper bound in leather with gold embossing at a high price. Or you can publish the book as a mass edition with a large circulation to spread knowledge about gay sex and gay Satanism at an affordable price.

Or you can put my book up for sale on any sites on the Internet where documents and books are sold in electronic form. If you sell the book as an e-book, I ask for a modest 20% of the sale price. You don't need any permissions for this. I give you this permission here.

Transfer 20% of the profit (for paper versions of the book) or the amount of copies of the book sold (for electronic sales) to the author's cryptocurrency accounts in any available cryptocurrency. These will be sufficient royalties for the publication. All copyrights belong to the author of the book.

You make money from my book. Distribute my book for free and for a fee.

ABOUT ADDITIONS TO THE GRIMOIRE “GAY LUST” FOR DEPTH SPIRITUALITY BY SATAN

To deepen the spirituality of Satan, Slut Sodomia has prepared and released two additions to its grimoire “Gay Lust” into the Information Space of the Internet, Darknet and torrent network:

- Albums of Satanic music videos for immersion in the spirituality of Satan. Issues numbered. SatanSongs and QuasiSatanSongs are an occasional addition to the Gay Lust Grimoire. The lyrics have been translated into Russian. Lyrics in English are published in the English version of this supplement. Clips in MP4 format come as an appendix to this add-on. In total there will be 4 collections of satanic videos SatanSongs with 100 tracks each, plus there will also be an album of quasi-satanic songs QuasiSatanSongs about love, romance, lust. There is continuous numbering of compositions in all SatanSongs music albums¹². Thus, there will be 500 video clips that help satanic spiritualization. The album QuasiSatanSongs has its own numbering of songs.
- Albums of fine art of gay Satanism for immersion in the spirituality of Satan SatanArt. Thematic issues of the application of fine arts of gay Satanism SatanArt under numbers. This is an occasional addition to the Gay Lust Grimoire. SatanArt Albums contains paintings and drawings of gay Satanism on specific themes that are related to Satanism or sexual lust. I will publish these albums regardless of the grimoire itself. All paintings in SatanArt art albums have continuous numbering, just like songs.

DON'T HESITATE TO BE A SATANIST!

I like the phrases “Don't hesitate to be a Satanist!” and “Don't be shy about being Satan!”¹³. They are multifaceted, and are aimed at calling people not to be afraid to receive satanic spirituality and not to be afraid to resist evil.

NUMBERING AND CONTENTS OF COLLECTIONS-ALBUMS OF SATANIC PICTURES SATANART

The total number of collections and albums of satanic drawings and paintings of SatanArt is currently unknown. I would like to make about 100 albums if readers and the Satanic community like my work. Each SatanArt album will contain 100 drawings. There will be continuous numbering of all images in all music

¹² Continuous numbering implies a common numbering of objects in all albums of satanic musical compositions.

¹³ This is Satan's phrase. Our Spiritualizer Satan says this phrase to his children, the Satanists. The phrase does not refer to unspiritualized critters of evil who do not have satanic spirituality. And does not apply to mentally ill people.

albums to organize the graphic material. Continuous numbering implies a common numbering of objects in all albums of satanic graphics SatanArt.

I dedicate the collection-album SatanArt №17 to posters and placards on the theme of marijuana, 420 grass, ganja, Mary Jane, psychedelic hemp. In the album I placed old anti-marijuana posters, because they clearly show the connection between Satanism and the magic grass. Now, in 2025, 20 nations of the world and their governments have legalized the use and cultivation of psychedelic hemp. In the most fascist GOPGs of our world, marijuana is completely prohibited and its cultivation and use is punishable by long prison terms. Marijuana is a grass for getting closer to Satan and Satanism. Marijuana gives general spirituality to people and opens a connection with the External Information Field. All the creatures of our world who punish people for psychedelics, entheogens, tormenting them with prisons and fines will be subjected to special tortures in Hell. Those creatures who prohibit the magic flowers of marijuana or punish for growing and using hemp THC are criminals, enemies of Satan and Satanists. These creatures are also enemies of the freedom of humanity, not allowing people to touch the useful entheogen. The creatures of evil forbid you freedom, flowers and spiritualization by the Spirit of Satan.

The collection-album SatanArt №17 is puritanical, i.e. this album does not contain pornography or explicit erotica, and can be published on public Internet platforms with puritanical, sanctimonious and strict rules for content.

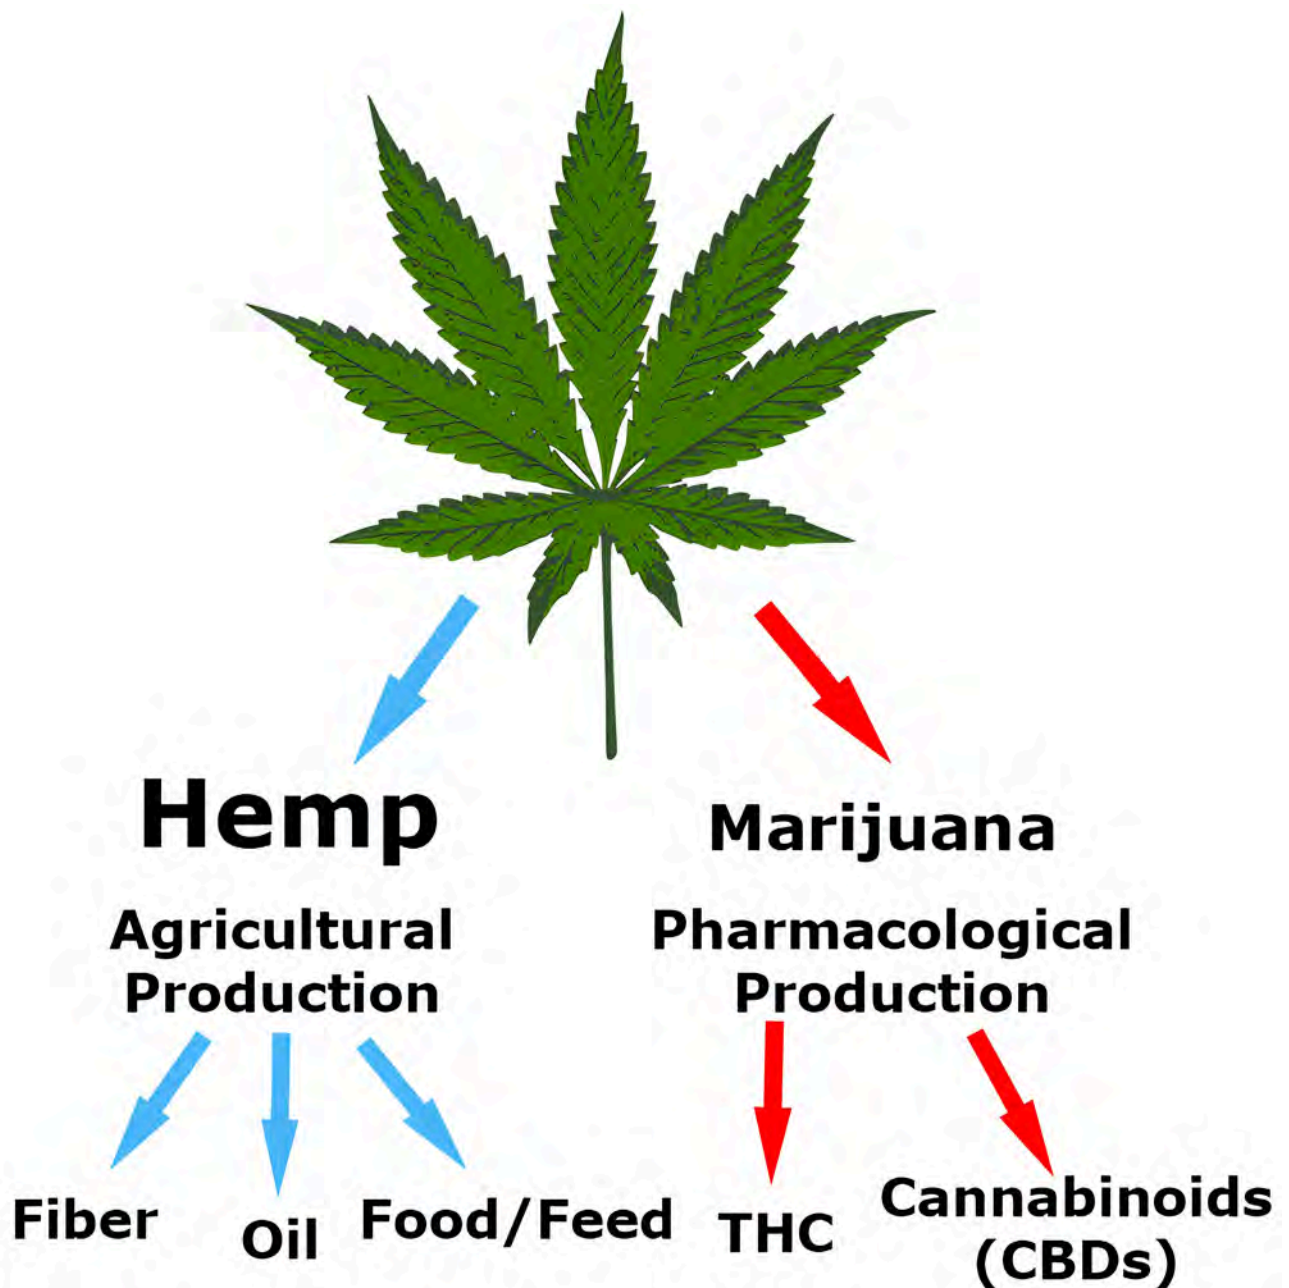

Image 1601. All hemp is divided into industrial hemp (Hemp) and psychedelic marijuana (Marijuana).

Hemp is one of the most ancient crops in terms of cultivation and use. For industrial production and food production, the cultivation of industrial hemp is especially in demand - non-psychoactive sowing cannabis, products from which were widely used in ancient times and in our modern times. The seeds were used to obtain hemp oil - a valuable dietary product, as well as raw materials for medical purposes (ointments, balms), and were also eaten directly in the form of hemp porridge (boiled peeled seeds), hemp milk (seeds ground with water), raw or fried in unchanged form or in the form of a thick paste (honey and ground seed). The stems were used to obtain hemp fiber, and from it - hemp paper, ropes, canvas, fabric for making clothes and other textiles. Also, the stems with foliage and cake from the seeds were used as feed for livestock. The foliage was used in folk medicine and cosmetology for the preparation of infusions and decoctions. Next, we are talking only about THC marijuana.

Image 1602. Crazy anti-marijuana fascist propaganda posters from the US. The creators of these posters quickly grasped the marijuana-Satanism connection. THC marijuana is an important entheogen for Satanic spiritualization and an aphrodisiac for Satanic sex. Works for all genders and sexual orientations.

Image 1643. A reggae-style Rastaman smokes a hand-rolled cannabis joint. Smoking is the easiest, but also the most harmful, ineffective and unspiratorial method of consuming cannabis

Rastafarians are traditionally called followers of Rastafarianism in the world. A special youth subculture, whose representatives call themselves Rastafarians, classify themselves as belonging to this group based on the use of marijuana and hashish. For some, this is enough to consider themselves Rastafarians, some are closer to the Rastafarian concept - they listen to Bob Marley and reggae music in general, use the color combination "red-yellow-green" for identification (for example, in clothes), some wear dreadlocks. Usually, Rastafarians are in favor of allowing the use of marijuana, which is reflected in songs and paraphernalia. Many Rastafarians also have a negative attitude towards taking opium, amphetamines and strong alcohol, calling them "black" drugs, but are positive towards taking psychedelics, which makes them related to gay Satanism. The common idea of post-Soviet Rastafarians and Rastafarians is also a positive attitude towards Jah and a negative attitude towards the pragmatic socio-political system based on the Western material culture of capitalism (the so-called "Babylon"). From the point of view of Satanism, Rastafarians and Rastafarians are quasi-Satanists, and this subculture is on the same level with anarchy, somewhere below, under the rays of light of Satanism (astral vision of the Antichrist). Unlike anarchists, Rastafarians and Rastafarians attach great importance to spirituality and spiritual freedom. Anarchists dream more of material freedom, without the importance of spirituality. Satanism combines these two philosophies in itself, but Satanism is on a higher level of development than anarchism and the Rastafarian concept. Satanism is an inner illumination of spiritualization by the Spirit of Freedom (i.e. Satan) and the desire to cleanse the planet from violence from the so-called states through spiritualization of people and their awareness. It can be argued that Satanism unites anarchism and rasta culture in itself

CBD THC

AND

SATIVA INDICA

COMPARING THE 2 TYPES

With respect to the medical potential of the cannabis, CBD may hold the most promise for many serious conditions.

CBD is a non-psychoactive cannabinoid that is believed to reduce the psychoactive effects of THC.

The most abundant and widely known cannabinoid in cannabis, THC is the cannabinoid responsible for the main psychoactive effects people are familiar with.

Indica

more CBD less THC
relaxing and calming
body buzz or 'couch
lock' best suited for
night use

Sativa

more THC less CBD
uplifting and energetic
cerebral, spacey or
hallucinogenic best
suited for day use

Image 1653. TGK and CBD in marijuana. Cannabidiol (CBD) and tetrahydrocannabinol (THC) are substances that often cause many questions and misunderstandings. CBD helps to relax and relieve stress, and TGK causes euphoria and changes perception, as an enthiogen.

WHAT'S THE DIFFERENCE?

SATIVA VS INDICA

EASY TRICK TO REMEMBER: SUNNY SATIVA

- Best for daytime use
- Provides a "heady" cerebral high
- Gives an uplifting sensation
- Helps with focus and creativity
- Medical uses include: depressions, ADD, fatigue, mood disorders

EASY TRICK TO REMEMBER: IN-DA COUCH INDICA

Best for evening or
nighttime use

Provides a body high

Gives a relaxing sensation

Helps with appetite
and relaxation

Medical uses include: pain and nausea
relief, stress and anxiety relief,
insomnia, muscle spasms

Image 1686. Internal state 420. The number 420 is synonymous with marijuana.

In the USA and Canada, the number 420 is sacred. It was first used to denote everything related to cannabis back in the 70s. It is not surprising that it is an integral part of grower slang. There are several versions of the origin of this number. For example, someone claims that this is the code of the police of the city of San Rafael, used in case the officer found cannabis lovers. But in fact, this secret has long been revealed. The fact is that students of the school of the same San Rafael liked to gather at the statue of Louis Pasteur to relax in a well-known way. The time of these meetings was exactly at 4:20. Later, the numbers were popularized in music and cinema, beginning to be firmly associated with cannabis. In a broader sense, "420" is used in slang to denote the use of marijuana, and is also one of the ways to identify belonging to the community of psychedelic cannabis lovers.

ADDITIONAL INFORMATION ABOUT GAY SATANISM FROM ANTICHRIST SLUT SODOMIA

I hope that my selection of digital Satanic paintings, drawings, photographs and other graphics of gay Satanism for immersion in the spirituality of Satan SatanArt will be useful to people, and you will find interesting images for yourself in my selection. Visual art for those who are already Satanists and for those who are just thinking about becoming a Satanist and are looking for a connection with Satan for their spirituality. Of course, these paintings can be viewed simply as beautiful masterpieces of fine art 😊, without being tied to the ideas of gay Satanism.

If you are interested in the topic of gay Satanism, you can download and read other books from Slut Sodomia:

- Grimoire of Gay Satanism “Gay Lust.” This is the main grimoire of gay Satanism. This is a magical book that allows me to become a Satanist, helps me see the evil of our world and destroy this evil.
- Albums of Satanic music videos for immersion in the spirituality of Satan, which I call SatanSongs collections. In 2024 I created 4 SatanSongs albums + 1 quasi-satanic album QuasiSatanSongs.

The Gay Lust Grimoire is intended for both experienced Satanists and novice Satanists who want to deepen their spirituality with Satan or even gain it. The grimoire “Gay Lust” is a navigator for a Satanist and a conceptual basis in the fight against the evil of our world. There are Satanists not only among gays themselves, but also among straight people inspired by Satan. And that's great! It turns out that gay Satanism and my book are for all people in whom the fiery rage of sexual perversion burns, as an important element of spirituality by Satan. The book “Gay Lust” is a rebellion and liberation of your consciousness from the dungeons and frames of consciousness imposed on you by the system of the regime, religions and homophobia. The book is a grimoire of gay Satanism with the ritual of Summoning Satan and a code of principles of gay Satanism. The Gay Lust Grimoire is a training manual for passive fagots, active gays and trannies. The grimoire “Gay Lust” liberates the sexuality of any person and throws off the shackles of puritanical hypocrisy.

The grimoire “Gay Lust” is distributed completely free of charge in electronic form. You can freely download, quote and distribute the grimoire book. Look for the grimoire of gay Satanism “Gay Lust” on sites on the regular White Internet, Torrent trackers or on the Tor network on ONION sites.

1. Collections of Satanic music videos selected and compiled by Slut Sodomia.
2. Collections of satanic drawings, photographs and other graphics of gay Satanism, selected and compiled by Slut Sodomia.

Collections of Satanic music videos, created either by Satanists or non-Satanists, but they are devoted to the theme of Satanism, in the understanding of Slut Sodomia. The words of these songs are about Satan, or about Satanists, or about the liberation of people from the power of evil, or other quasi-Satanic themes. Songs of completely different genres! Their main feature is that good music inspires. At the time of completion of the first version of the grimoire, Slut Sodomia had collected 500 gay Satanism music videos:

1. Album of Satanic music videos for immersion in the spirituality of Satan. SatanSongS Nr. 1
2. Album of Satanic music videos for immersion in the spirituality of Satan. SatanSongS Nr. 2
3. Album of Satanic music videos for immersion in the spirituality of Satan. SatanSongS Nr. 3
4. Album of Satanic music videos for immersion in the spirituality of Satan. SatanSongS Nr. 4
5. Album of quasi-Satanic music videos for immersion in the spiritualization of Satan. QuasiSatanSongs Nr. 1

There will be free and paid placement of clips of gay Satanism:

1. I will post all the clips for free on the Internet, on the Darknet, in torrents and in Telegram. All music videos from Slut Sodomia in these first five collections will be free. The clips will be posted on video hosting sites with the gay Satanism logo.
2. I will post text albums with these songs for free, in the form of DOCX and PDF files. You will be able to read the lyrics and a list of these songs.
3. For a fee, I will sell archival video compilations of Satanic music videos, each containing 100 songs. Initially there will be 5 archival collections of satanic music videos. Having a local copy of Slut Sodomia's satanic music videos on your computer or music media center is convenient. You don't have to search for these songs on the Internet yourself. The paid version with the archive was made in order to support Slut Sodomia, as the author of this collection and as the author of gay Satanism. Therefore, the payment for this musical content is conditional and voluntary 😊. Paid versions of music videos will be available without the logo and with the gay Satanism logo, and in maximum quality.

It is possible that I will create additional music albums of satanic videos if necessary.

Collections of satanic drawings, photographs and other graphics of gay Satanism were created for the most part by spiritual people, most of whom are Satanists or LGBTQ+ people. The themes and genres of these drawings are completely different, but they are united by the fact that viewing these drawings spiritualizes a person with Satan on a subconscious and conscious level. More precisely, these collections of satanic drawings can be called the visual aesthetics of gay Satanism. Of course, visual aesthetics spiritualizes a person.

There will be free and paid placement of drawings of gay Satanism:

1. For free, Slut Sodomia will publish satanic pictures with the logo of gay Satanism on the Internet, on the Darknet, in torrents and in Telegram. These pictures will be posted, each separately. The quality of these drawings will be lower than in paid collections.
2. DOCX and PDF collections of satanic drawings of gay Satanism, each containing 500 drawings, will be sold for a fee. In paid DOCX and PDF collections of graphics of gay Satanism, the quality of the drawings will be maximum. There will also be no gay Satanism logo on the drawings themselves. The collections will be thematic and periodic. The annex to the collections will include ZIP archives with individual images in JPG / PNG / WebP formats.

The drawings in paid collections will be divided into thematic sections. I will give an approximate composition of the topics to which the drawings of gay Satanism will be devoted, in accordance with the short names of the directories (in order to roughly understand the composition of the graphics of gay Satanism):

ABOUT THE DEVELOPMENT, IMPORTANCE AND USE OF CRYPTOCURRENCY

I am writing this chapter about the development, meaning and use of cryptocurrency in 2024. Now, cryptocurrencies, as a means of speculation, investment and payments, are already working quite well, although for most people on planet Earth, crypto-coins are more of a mysterious phenomenon than an applied financial instrument. Slut Sodomia is very glad that a wonderful alternative to fiat money¹⁴ issued and controlled by SOCG has appeared. The name of this alternative is cryptocurrencies, Bitcoin and all the altcoins of the world¹⁵.

Cryptocurrency opens up enormous opportunities to get rid of the evil of SOCG on our planet Earth. It is control over material values that allows the SOCG to rule, mock people, dictate their laws and do various evils in our world (including wars, prisons and collecting tribute from the population). The material wealth of the SOCG is based on: power, evil and money. If the SOCG is stripped of its power over the financial control of money, it could significantly undermine the SOCG's power throughout the world. Cryptocurrencies operate outside of the SOCGs and do not need them.

Lately (since about 2015), the vilest SOCG's have been trying to stick their ugly nose into the control of cryptocurrency, its circulation and use. SOCG began to choke cryptocurrency enthusiasts and large financial speculators in cryptocurrency around the world. SOCG of the USA and Europe require registration and verification of the identity of people who use cryptocurrency on public platforms online and offline. Evil really wants to take control of cryptocurrency, and thereby strangle people's financial freedom. Evil does not want people to leave the orbit of the influence of the SOCG over money. Evil wants to destroy the very idea of freedom of cryptocurrency and the anonymity of its users.

It is very bad that many financial speculators - exchanges, exchangers and crypto-wallets have followed the requirements of the SOCG and force users to play by their rules. It's very bad that among crypto enthusiasts there is little talk about refusing collaboration with the evil SOCG. More and more cryptocurrency circulation is becoming dependent on the evil of the SOCG and its directives.

¹⁴ https://ru.wikipedia.org/wiki/Фидуциарные_деньги Wikipedia. Fiduciary (from the Latin fiducia - trust), fiat (from the Latin fiat - decree, instruction, "so be it"), symbolic, paper, credit, unsecured money - money not backed by gold and other precious metals, the nominal value of which is established and is guaranteed by the state regardless of the cost of the material used for their manufacture. As a rule, irredeemable for gold or silver. Often, fiduciary money is used as a means of payment on the basis of state laws obliging it to be accepted at face value. The value of fiduciary money is maintained by people's belief that they can exchange it for something of value. The decline in the authority of state power leads to a decrease in the purchasing power of fiduciary money, that is, to devaluation, "flight from money" (attempts to maintain its purchasing power through investment), etc.

¹⁵ Bitcoin started the era of digital crypto assets in 2009. The shortcomings and limitations of the first cryptocurrency, as well as its open-source code, led to the fact that developers began to create other coins. They are called altcoins.

I urge the community of cryptocurrency developers at any level not to collaborate with the state and not to obey their gangster rules. SOCG is simply an evil crook in the field of cryptocurrency technology who wants to rape and subjugate this technology and the users of this technology. Don't let the evil of SOCG deprive you of financial freedom and an alternative financial future outside of states and without states. This was a philosophical preface about cryptocurrency, let me move on to the practice of using crypto-coins.

For beginners, I recommend entering cryptocurrency by opening and creating a non-custodial crypto wallet, which allows you to ensure security and convenient management of your cryptocurrency. Such wallets provide users with complete control over their funds, eliminating the participation of third parties and minimizing the risks associated with hacking or fraud. A non-custodial wallet is a computer program and a type of cryptocurrency wallet in which only the owner has full control over his funds and private keys. The wallet does not store personal information and does not have access to assets. When you create a non-custodial wallet, you are usually given a private key or a seed phrase (a series of words that can be used to generate a private key). This information is not stored by third parties and it is important that you keep it secure. If you lose it, you will lose access to your funds and there is no way to recover it.

In 2024-2025, the most popular, convenient, reliable software crypto-wallets, in my subjective opinion, are the following non-custodial wallets:

1. Exodus <https://www.exodus.com/>
2. MetaMask <https://metamask.io/>
3. Trust Wallet <https://trustwallet.com/>

Install these programs (one or more), downloaded from official websites, on your computer and begin to master entering the new era of electronic money, outside of states. These programs allow you to buy

cryptocurrency with fiat money (dollars, euros and other currencies), make payments to other people's cryptocurrency addresses, and receive payments to your crypto wallet. Installation of these programs is quite simple and available for the most popular operating systems. After successfully creating a crypto wallet, you can send some crypto coins to Slut Sodomia to the details provided in this document if you like Gay-Satanism and the work of Slut Sodomia. I will be happy, and you will check your crypto wallet in action 😊.
